Sitodier Purple & Black Roses Botanical Building Set

Model: ST-KB7221 - Instruction Manual

1. PRODUCT OVERVIEW

The Sitodier Purple & Black Roses Botanical Building Set allows you to construct a lifelike bouquet of artificial roses and complementary botanical elements. This set features purple, black, pink, and magenta roses, along with leaves and blueberries, designed to create a lasting display. The unique design ensures that each detail appears natural and vibrant, offering a permanent floral arrangement that requires no watering or maintenance.

This building set is suitable for individuals aged 6 years and up.

2. SETUP AND ASSEMBLY

Follow these step-by-step instructions to assemble your botanical bouquet:

- 1. Unpack Components:** Carefully remove all building blocks and components from the packaging. Organize pieces by color or type to facilitate assembly.
- 2. Consult Instructions:** Refer to the clear, step-by-step instruction booklet included with your set. Each flower and foliage element has specific assembly steps.
- 3. Assemble Individual Flowers:** Begin by assembling each rose and other botanical elements according to the provided diagrams. Pay close attention to how petals and leaves connect to the stems.
- 4. Attach Petals and Leaves:** Detach petals and leaves from their sprues (if necessary) and attach them to the designated points on the stems. Ensure a secure fit for all components.
- 5. Form the Bouquet:** Once all individual flowers and elements are assembled, you can begin arranging them into a bouquet.

3. OPERATING AND ARRANGEMENT

The Sitodier Botanical Building Set offers flexibility in its display. You can customize the appearance of your bouquet:

- **Adjust Petals:** The petals of the roses can be adjusted to create either a budding or fully bloomed appearance. Gently manipulate the petal pieces to achieve your desired look.
- **Adjust Leaves:** The green leaf elements are also adjustable. Position them along the stems to enhance the natural aesthetic of your bouquet.
- **Adjust Stem Height:** The stem height of each flower is adjustable. This allows you to arrange the bouquet according to your personal aesthetic preferences and the height of your chosen vase (vase not included).

Once arranged, place your completed bouquet in a suitable vase to display it in your desired location, such as an office, dining table, desk, or bedroom.

4. MAINTENANCE

This botanical building set is designed for minimal maintenance. As an artificial floral arrangement, it does not require watering or sunlight. To keep your bouquet looking its best:

- **Dusting:** Periodically dust the flowers and leaves with a soft cloth or a gentle brush to remove any accumulated dust.
- **Cleaning:** For more thorough cleaning, wipe the pieces with a slightly damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** If disassembling for storage, keep all pieces in a secure container to prevent loss.

5. TROUBLESHOOTING

If you encounter any issues during assembly or display, consider the following:

- **Pieces Not Staying in Place:** If certain pieces do not connect securely, ensure they are aligned correctly according to the instruction manual. Apply firm, even pressure when connecting. If a piece consistently detaches, a small amount of model adhesive can be used as a permanent solution, though this will prevent future disassembly of that specific connection.
- **Missing Pieces:** Carefully check all packaging and surrounding areas for any small pieces that may have been overlooked. If pieces are genuinely missing, contact the manufacturer for assistance.
- **Difficulty with Assembly:** Review the instruction manual again, paying close attention to the diagrams. Building sets can sometimes require patience and precise alignment.
