1. INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your iPormis Twin Upholstered Platform Bed Frame. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

The iPormis Twin Upholstered Platform Bed Frame features a vertical linen headboard, wide bed legs, and strong wood slat support, designed for stability and comfort without the need for a box spring.

2. SAFETY INFORMATION

Caution: Low bed height. Be careful to avoid falls when getting in and out of bed.

- Ensure all parts are securely fastened before use.
- Do not exceed the maximum weight capacity of 800 pounds.
- Keep small parts away from children during assembly to prevent choking hazards.
- Assemble on a soft, clean surface to prevent damage to the product or floor.

3. SETUP AND ASSEMBLY

The iPormis Twin Upholstered Platform Bed Frame is designed for easy assembly. All necessary parts and tools are included in one box. Two people can typically assemble the bed in approximately 30 minutes.

3.1 Unpacking and Parts Identification

Carefully unpack all components and lay them out on a clean, soft surface. Verify that all parts listed in the included installation manual are present. Refer to the parts diagram for identification.

1. **Attach Headboard Legs:** Secure the headboard support legs to the headboard using the provided hardware.
2. **Assemble Side Rails:** Connect the side rails to the headboard and footboard. Ensure all bolts are tightened.
3. **Install Center Support Bar:** Attach the center support bar with its adjustable legs to the frame for added stability.
4. **Place Wood Slats:** Unroll and position the wood slats across the frame. The slats are secured with Velcro fasteners for quick and easy installation.
5. **Final Tightening:** Double-check all connections and tighten any loose hardware.

4. USAGE GUIDELINES

4.1 Mattress Compatibility

This platform bed frame is designed to be used without a box spring. It is optimized for an 8-12 inch mattress (sold separately).

4.2 Weight Capacity

The bed frame is constructed from reinforced wood and metal slats, providing robust support. It has a maximum weight recommendation of 800 pounds.

5. CARE AND MAINTENANCE

5.1 Cleaning

The upholstered headboard and frame are made with durable linen fabric that is easy to clean. For general cleaning, gently wipe with a damp cloth. For spills, blot immediately with a clean, dry cloth. Avoid harsh chemicals or abrasive cleaners.

5.2 Under-Bed Clearance

The bed frame features a low, 6-inch profile with ample clearance, making it convenient for robot vacuums to clean underneath, enhancing overall hygiene.

6. TROUBLESHOOTING

If you encounter any issues during assembly or use, please review the assembly video and instructions carefully. Ensure all connections are secure and that the correct hardware has been used for each step.

- **Squeaking Noises:** Check all bolts and screws to ensure they are tightly fastened. Loose connections can cause noise.
- **Instability:** Verify that all legs are evenly placed on the floor and that the center support bar is correctly installed and adjusted.
- **Missing Parts:** If any parts are missing or damaged upon arrival, please contact customer support immediately.
