# LAXAS FIT GT1 Smartwatch User Manual

Model: GT1

## 1. INTRODUCTION

---

Thank you for choosing the LAXAS FIT GT1 Smartwatch. This manual provides essential information for setting up, operating, and maintaining your device. Please read it carefully to ensure optimal performance and longevity of your smartwatch.

The LAXAS FIT GT1 features a 1.32-inch Full Round HD IPS Display, Bluetooth calling capabilities, and a durable metal body, designed to enhance your daily activities and connectivity.

## 2. PACKAGE CONTENTS

---

Please verify that all items are present in your package:

- LAXAS FIT GT1 Smartwatch
- Magnetic Charging Cable
- User Manual (this document)

## 3. PRODUCT OVERVIEW

---

Familiarize yourself with the main components of your LAXAS FIT GT1 Smartwatch:

- **1.32-inch Full Round HD IPS Display:** High-resolution touchscreen for clear visuals and interaction.
- **Rotating Crown:** A physical button on the side for navigation and menu scrolling.
- **Microphone:** For Bluetooth calling functionality.
- **Speaker:** For audio output during calls and notifications.
- **Sensors:** Located on the back for health monitoring (e.g., heart rate).
- **Charging Contacts:** On the back, for connecting the magnetic charging cable.

## 4. SETUP

---

### 4.1. Charging the Smartwatch

1. Connect the USB end of the magnetic charging cable to a standard USB power adapter (5V/1A recommended) or a computer's USB port.
2. Align the magnetic end of the cable with the charging contacts on the back of the smartwatch. The magnets will snap into place.
3. Ensure the charging icon appears on the smartwatch screen. Charge the device fully before first use, which typically takes 2-3 hours.

### 4.2. Pairing with Your Smartphone

1. **Download the Companion App:** Search for the official companion app (e.g., 'LAXAS FIT' or similar, refer to packaging for exact name) on your smartphone's app store (Google Play Store for Android, Apple App Store for iOS). Install the app.
2. **Enable Bluetooth:** Ensure Bluetooth is enabled on your smartphone.
3. **Open the App:** Launch the companion app and follow the on-screen instructions to create an account or log in.
4. **Add Device:** Within the app, navigate to the 'Device' or 'Add Device' section. The app will search for nearby smartwatches.
5. **Select GT1:** Select 'GT1' from the list of discovered devices. Confirm the pairing request on both your smartphone and the smartwatch if prompted.
6. **Enable Permissions:** Grant necessary permissions (e.g., notifications, location, contacts) to the app for full functionality.

Once paired, the smartwatch will synchronize data with your phone, and you can customize settings through the app.

## 5. OPERATING INSTRUCTIONS

---

### 5.1. Basic Navigation

- **Touchscreen:** Swipe left/right, up/down to navigate through menus and screens. Tap to select an item.
- **Rotating Crown:** Rotate the crown to scroll through lists or adjust settings. Press the crown to return to the home screen or confirm a selection.
- **Wake Screen:** Raise your wrist or press the rotating crown to wake the screen.

### 5.2. Bluetooth Calling

The GT1 Smartwatch supports direct Bluetooth calling:

- **Making Calls:** Access the 'Dial Pad' on your smartwatch, enter the number, and tap the call icon. Alternatively, access your synchronized 'Contacts' or 'Call Logs' to initiate a call.
- **Receiving Calls:** When a call comes in, the smartwatch will display the caller ID. Tap the green icon to answer or the red icon to reject.
- **Volume Adjustment:** During a call, use the on-screen controls or the rotating crown to adjust the call

volume.

### 5.3. Sports Modes

The smartwatch offers over 100 sports modes to track your activities:

1. From the home screen, swipe to find the 'Sports' or 'Workout' icon and tap it.
2. Select your desired activity (e.g., Running, Cricket, Swimming, Cycling, Yoga).
3. Tap 'Start' to begin tracking. The smartwatch will record data such as duration, heart rate, and calories burned.
4. To pause or end a workout, swipe right or press the crown, then select the appropriate option.

### 5.4. Always-On Display

The GT1 Smartwatch supports an always-on display option:

- Navigate to 'Settings' on your smartwatch.
- Find 'Display' or 'Always-On Display' options.
- Enable or disable this feature as per your preference. Note that enabling always-on display may consume more battery power.

## 6. FEATURES

---

- **Display:** 1.32-inch Full Round HD IPS Display (360×360 pixels) with an always-on display option for clear and vibrant visuals.
- **Bluetooth Calling:** Integrated speaker and microphone, dial pad, contact saving, and call logs for convenient communication directly from your wrist.
- **Premium Metal Body:** Full zinc-alloy case construction for a durable and elegant design.
- **Rotating Crown:** Functional crown for intuitive menu navigation and interaction.
- **100+ Sports Modes:** Comprehensive tracking for various activities including running, cricket, swimming, cycling, yoga, and more.
- **Health Monitoring:** Includes features like heart rate tracking (specific features may vary, refer to app for full details).
- **Notifications:** Receive alerts for calls, messages, and app notifications from your paired smartphone.

## 7. MAINTENANCE

---

### 7.1. Cleaning

- Wipe the smartwatch screen and body with a soft, lint-free cloth.
- For stubborn marks, slightly dampen the cloth with water. Avoid using harsh chemicals or abrasive materials.
- Ensure the charging contacts are clean and dry before charging to prevent corrosion.

### 7.2. Battery Care

- Avoid fully discharging the battery frequently. Charge the device when the battery level is low.
- Do not expose the smartwatch to extreme temperatures, as this can affect battery life.
- Use only the provided magnetic charging cable.

## 7.3. Water Resistance

The smartwatch may have a certain level of water resistance (e.g., splash-proof). Refer to the product packaging or official specifications for exact water resistance ratings. Avoid submerging the device in water unless explicitly stated as waterproof for swimming.

## 8. TROUBLESHOOTING

---

Problem	Possible Solution
Smartwatch does not turn on.	Ensure the device is fully charged. Connect it to the charger for at least 30 minutes.
Cannot pair with smartphone.	<ul style="list-style-type: none"><li>• Ensure Bluetooth is enabled on your phone.</li><li>• Make sure the smartwatch is within range of your phone.</li><li>• Restart both the smartwatch and your phone.</li><li>• Clear Bluetooth cache on your phone (Android) or forget the device and try pairing again.</li></ul>
Display is unresponsive.	Restart the smartwatch. If the issue persists, ensure the screen is clean and dry.
Bluetooth calling not working.	<ul style="list-style-type: none"><li>• Ensure the smartwatch is properly connected for both data and call audio (check Bluetooth settings on your phone).</li><li>• Grant all necessary permissions to the companion app.</li></ul>
