## sweeek IJULBUFFETOAK

# sweeek Juliana Vintage Oak Effect Buffet

Model: IJULBUFFETOAK

## 1. INTRODUCTION

Thank you for choosing the sweeek Juliana Vintage Oak Effect Buffet. This manual provides important instructions for the safe assembly, operation, and maintenance of your new furniture. Please read this guide thoroughly before beginning assembly and retain it for future reference.

## 2. SAFETY INFORMATION

---

- Always assemble the product on a soft, clean surface to prevent scratches.
- Ensure all components are securely fastened before use. Periodically check and tighten all fittings.
- Do not overload shelves or the top surface. Refer to the 'Specifications' section for weight limits.
- Keep small parts and packaging materials away from children during assembly.
- This product is intended for domestic indoor use only.
- If wall mounting is recommended or desired, use appropriate hardware for your wall type (not included).

## 3. PACKAGE CONTENTS

---

Before assembly, verify that all parts are present and undamaged. If any parts are missing or damaged, do not proceed

with assembly and contact customer support.

- Buffet panels (top, bottom, sides, back)
- 4 Doors
- 2 Adjustable shelves
- Hevea wood legs and 1 adjustable central support leg
- Handles
- Assembly hardware (screws, dowels, hinges, etc.)

## 4. SETUP AND ASSEMBLY INSTRUCTIONS

---

Assembly typically requires two people. Follow the step-by-step diagrams provided in the separate assembly guide (if included) or the general instructions below:

1. **Prepare the Area:** Clear a spacious, clean, and level area for assembly. Lay down a blanket or cardboard to protect the furniture components and your floor.
2. **Identify Components:** Unpack all parts and identify them using the provided parts list.
3. **Assemble the Frame:** Begin by attaching the side panels to the base and top panels using the designated hardware. Ensure all connections are firm.
4. **Install Back Panel:** Secure the back panel to the assembled frame. This adds stability to the structure.
5. **Attach Legs:** Fasten the Hevea wood legs and the adjustable central support leg to the base of the buffet. Adjust the central leg to ensure even support and stability.
6. **Insert Shelves:** Place the adjustable shelves into the desired positions. Ensure they are level and securely seated on their supports.
7. **Mount Doors and Handles:** Attach the hinges to the doors and then mount the doors to the buffet frame. Install the handles on the doors.
8. **Adjust Hinges:** Precise adjustment of the hinges is essential to ensure the doors align correctly and close smoothly. Refer to the 'Troubleshooting' section for hinge adjustment tips.

## 5. OPERATING INSTRUCTIONS

- **Opening and Closing Doors:** Gently pull the rounded handles to open the doors. Push the doors firmly to close them. Avoid slamming the doors to prevent damage to hinges and the frame.
- **Adjusting Shelves:** The interior shelves are adjustable. To change their height, carefully remove any items, lift the shelf, reposition the shelf supports to the desired slots, and then place the shelf back onto the supports. Ensure the shelf is level and stable before placing items on it.
- **Loading Items:** Distribute weight evenly across the shelves and the top surface. Do not exceed the maximum weight limits specified in Section 7.

## 6. MAINTENANCE

---

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners, harsh chemicals, or excessive moisture, which can damage the finish. Dry immediately with a clean cloth.
- **Dusting:** Regularly dust with a dry, soft cloth.
- **Spills:** Clean spills immediately to prevent staining or damage to the wood effect finish.
- **Environmental Conditions:** Avoid placing the buffet in direct sunlight or near heat sources, as this can cause fading, warping, or cracking. Maintain a stable room temperature and humidity.
- **Hardware Check:** Periodically check all screws and fittings to ensure they remain tight. Tighten as necessary to maintain structural integrity.

## 7. TROUBLESHOOTING

---

- **Doors are Misaligned or Don't Close Properly:**

- Check that the buffet is on a level surface. Adjust the central support leg or place shims under the main legs if needed.
- Adjust the door hinges. Most hinges have screws that allow for vertical, horizontal, and depth adjustments. Make small adjustments and test the door closure until alignment is satisfactory.
- Ensure all hinge screws are tightened.

- **Buffet Feels Unstable:**

- Verify that all assembly screws are fully tightened.
- Ensure the buffet is on a flat, level surface. Adjust the central support leg to make firm contact with the floor.
- Distribute items inside the buffet evenly to avoid imbalance.

- **Scratches or Minor Damage:**

- For minor scratches, a furniture repair pen or wax stick matching the oak effect finish can be used.

## 8. SPECIFICATIONS

<b>Type</b>	Buffet
