

WAYXIN T2

WAYXIN T2 Motorcycle Bluetooth Intercom Headset

User Manual

INTRODUCTION

This manual provides comprehensive instructions for the installation, operation, and maintenance of your WAYXIN T2 Motorcycle Bluetooth Intercom Headset. Please read this manual thoroughly before using the device to ensure proper function and safety. The T2 is designed to provide stable wireless communication between two riders, offering clear voice transmission and hands-free functionality for an enhanced riding experience.

SAFETY INFORMATION

Always prioritize safety while riding. Do not operate the device in a manner that distracts you from the road. Ensure the device is securely mounted and does not obstruct your vision or movement. Adhere to all local laws and regulations regarding the use of communication devices while operating a motorcycle.

PACKAGE CONTENTS

Verify that all components are present in your package:

- WAYXIN T2 Intercom Unit
- Boom Microphone (for half helmets)
- Speakers
- Mounting Bracket
- USB Charging Cable
- User Manual (this document)
- Other installation accessories (e.g., adhesive pads, clips)

PRODUCT OVERVIEW

Figure 1: The WAYXIN T2 intercom unit, shown with a battery charge indicator. This image highlights the main unit with its control buttons and the WAYXIN T2 branding.

The WAYXIN T2 features a compact, waterproof design with intuitive controls for easy access while riding. It includes a main control button, volume controls, and a charging port. The unit is designed to be mounted on the side of a motorcycle helmet.

SETUP

1. Charging the Device

1. Connect the provided USB charging cable to the charging port on the T2 unit.
2. Connect the other end of the cable to a USB power adapter (not included) or a computer USB port.
3. The indicator light will show charging status (e.g., red for charging, blue for fully charged).
4. Allow approximately 2-3 hours for a full charge before first use.

2. Helmet Installation

1. Choose a suitable location on the left side of your helmet for the intercom unit.
2. Attach the mounting bracket using either the clamp or adhesive method, ensuring it is secure.
3. Insert the T2 unit into the mounting bracket until it clicks into place.
4. Position the speakers inside the helmet's ear pockets, ensuring they are aligned with your ears for optimal sound.
5. Attach the boom microphone to the helmet, positioning it approximately 1-2 cm from your mouth.

6. Route all cables neatly under the helmet padding to avoid interference and ensure comfort.

3. Bluetooth Pairing

Pairing with a Mobile Device:

1. With the T2 unit powered off, press and hold the main control button until the indicator light flashes red and blue alternately, indicating pairing mode.
2. On your mobile device, enable Bluetooth and search for new devices.
3. Select "WAYXIN T2" from the list of available devices.
4. Once paired, the indicator light will flash blue slowly.

Pairing with Another T2 Intercom (Intercom Mode):

1. Ensure both T2 units are powered off.
2. On both units, press and hold the main control button until the indicator lights flash red and blue alternately.
3. Briefly press the main control button on one of the units. The units will search for each other.
4. Once connected, the indicator lights on both units will flash blue slowly.

OPERATING INSTRUCTIONS

Power On/Off:

- **Power On:** Press and hold the main control button for approximately 3 seconds until the blue indicator light flashes.
- **Power Off:** Press and hold the main control button for approximately 5 seconds until the red indicator light flashes and then turns off.

Phone Functions:

- **Answer Call:** Briefly press the main control button.
- **End Call:** Briefly press the main control button during a call.
- **Reject Call:** Press and hold the main control button for 2 seconds when a call comes in.
- **Redial Last Number:** Double-press the main control button.

Music Playback:

- **Play/Pause:** Briefly press the main control button.
- **Next Track:** Press the Volume Up button.
- **Previous Track:** Press the Volume Down button.
- **Volume Adjustment:** Rotate the volume knob or use the dedicated volume buttons (if present) to increase or decrease volume.

Intercom Functions:

- **Start Intercom:** After pairing two T2 units, briefly press the main control button on either unit to initiate intercom communication.
- **End Intercom:** Briefly press the main control button again to end the intercom conversation.

MAINTENANCE

- **Cleaning:** Wipe the unit with a soft, damp cloth. Do not use harsh chemicals or abrasive cleaners.

- **Storage:** Store the device in a cool, dry place when not in use. Avoid extreme temperatures.
- **Battery Care:** To prolong battery life, charge the device regularly, even if not used frequently. Avoid fully discharging the battery for extended periods.
- **Water Resistance:** While waterproof, avoid submerging the device in water. Ensure the charging port cover is securely closed.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Device does not power on.	Low battery.	Charge the device for at least 30 minutes.
Cannot pair with mobile phone.	Device not in pairing mode; Bluetooth off on phone.	Ensure T2 is in pairing mode (flashing red/blue). Enable Bluetooth on phone and search again.
Intercom connection unstable.	Out of range; environmental interference.	Ensure riders are within 300m range in open areas. Re-pair units if necessary.
No sound from speakers.	Volume too low; speakers disconnected.	Increase volume. Check speaker connections to the main unit.
