SETUP

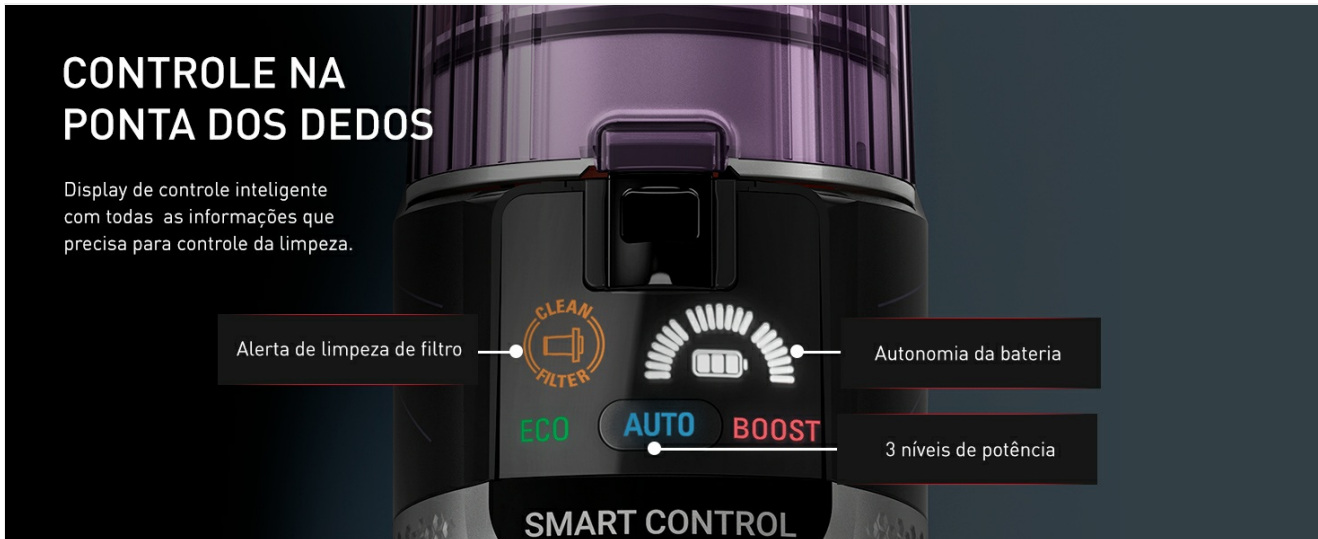

Before first use, ensure all components are present and undamaged. The vacuum cleaner is designed for easy assembly.

1. **Unpack:** Carefully remove all parts from the packaging.
2. **Assemble the Main Unit:** Connect the main motor unit to the extension tube. Ensure it clicks securely into place.
3. **Attach the Cleaning Head:** Connect the desired cleaning head (e.g., hard floor brush) to the end of the extension tube. Press firmly until it locks.
4. **Install Battery:** Insert the removable Lithium-ion battery into the designated slot on the main unit.
5. **Charge Battery:** For optimal performance, fully charge the battery before the first use. Connect the charging base to a power outlet and place the vacuum cleaner on it. The charging indicator will show the charging status.

OPERATING INSTRUCTIONS

The Arno X-FORCE FLEX 9.60 offers intuitive controls and multiple cleaning modes.

1. **Power On/Off:** Press the power button located on the handle to turn the vacuum cleaner on or off.
2. **Select Suction Mode:** The vacuum features 3 suction levels: Eco, Auto, and Boost. Use the control display to select the appropriate mode for your cleaning task.
 - **Eco Mode:** For light cleaning and extended battery life.
 - **Auto Mode:** Automatically adjusts suction power based on the floor type for optimized cleaning.
 - **Boost Mode:** Provides maximum suction for stubborn dirt and deep cleaning.
3. **Using Accessories:** Detach the extension tube and main cleaning head to use the vacuum in handheld mode with specialized accessories like the crevice tool, sofa brush, or animal turbo brush.
4. **Flexible Tube:** To activate the flexible tube, press the release button on the tube joint and bend it to reach under low furniture.

The smart control display provides real-time information on battery level, filter status, and allows selection of power modes.

MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your vacuum cleaner.

1. **Emptying the Dustbin:** The 450ml dustbin should be emptied regularly, especially when the 'Clean Filter' alert appears on the display. Press the release button to detach the dustbin and empty its contents into a trash bin.
2. **Cleaning Filters:** The vacuum includes a washable HEPA filter and an extra filter. Remove the filters from the dustbin and tap them to remove loose dust. If heavily soiled, wash them under running water. Ensure filters are completely dry before reinserting them.
3. **Cleaning the Hard Floor Brush:** Periodically check the hard floor brush for tangled hair or debris. Follow the steps in the video below to remove and clean the brush roll.
4. **Cleaning Accessories:** Wipe down all accessories with a damp cloth as needed.

TROUBLESHOOTING

If you encounter any issues with your Arno X-FORCE FLEX 9.60, please refer to the following common problems and solutions:

- **Vacuum not turning on:** Ensure the battery is fully charged and correctly inserted. Check if the power button is pressed firmly.
- **Reduced suction power:** Check if the dustbin is full and needs emptying. Inspect filters for blockages and clean them if necessary. Ensure there are no obstructions in the cleaning head or extension tube.
- **Brush roll not spinning:** Check for tangled hair or debris around the brush roll and clean it as shown in the maintenance section. Ensure the brush head is properly attached.
- **Short battery life:** Ensure the battery is fully charged. Operating in Boost mode will consume battery faster than Eco or Auto modes. Battery performance may decrease over time with prolonged use.

If the problem persists after following these steps, please contact Arno customer support.
