Baseus E00310

Baseus 45W Ultra Slim 10000mAh Power Bank User Manual

Model: E00310

PRODUCT OVERVIEW

The Baseus 45W Ultra Slim 10000mAh Power Bank (Model E00310) is a portable charging solution designed for various electronic devices. It features built-in USB-C cables for convenience and supports 45W fast charging. This power bank is CCC certified and suitable for travel due to its compact size and airline-approved capacity.

The Baseus 45W Ultra Slim 10000mAh Power Bank, showcasing its sleek black design and integrated USB-C cables.

KEY FEATURES

- **Ultra-Slim & Portable Design:** Measures 4.3 × 2.6 × 0.7 inches and weighs 7 oz, making it easy to carry.
- **10,000mAh High Capacity:** Provides multiple charges for smartphones and other devices.
- **45W High-Speed Charging:** Delivers fast charging for compatible devices, boosting an iPhone 17 Pro to 67% and a Samsung S25 Ultra to 60% in approximately 30 minutes.
- **Dual Built-in USB-C Cables:** Eliminates the need for external cables, offering convenience and tangle-free use. Cables are tested for durability.
- **Four-in-One Charging:** Features two built-in USB-C cables, one USB-C port, and one USB-A port, allowing simultaneous charging of up to four devices.

- **30W Rapid Input:** Enables quick recharging of the power bank itself.
- **NTC Temperature Control:** Built-in sensors monitor temperature for safe operation during high-speed charging.
- **Multiple Safety Protections:** Guards against overcurrent, overvoltage, overheating, over-discharge, and short circuits.
- **Airline-Approved:** Suitable for air travel due to its capacity and compact build.

Compact Power, Ready for Anything

Baseus EnerFill FC11 Digital Display
Power Bank 10000mAh

This image highlights the compact size of the power bank, its digital display, and the convenience of its dual built-in USB-C cables.

SETUP GUIDE

Initial Charging of the Power Bank

1. Connect one of the built-in USB-C cables or an external USB-C cable to the power bank's USB-C input port.
2. Plug the other end of the cable into a compatible USB wall charger (30W or higher recommended for rapid charging).
3. The digital display on the power bank will show the charging status and current battery percentage.
4. Charge the power bank until it reaches 100% for optimal initial use.

10,000mAh Compact & Portable

The power bank recharging itself using its built-in USB-C cable and a wall adapter.

OPERATING INSTRUCTIONS

Charging Your Devices

1. Using Built-in USB-C Cables:

- Pull out one of the built-in USB-C cables from the power bank.
- Connect the USB-C end to your compatible device (e.g., smartphone, tablet).
- The power bank will automatically begin charging your device. The digital display will show the remaining battery level and output wattage.

2. Using USB-C or USB-A Ports:

- Connect your device's charging cable to either the USB-C output port or the USB-A output port on the power bank.
- Connect the other end of your cable to your device.
- Charging will commence automatically.

3. **Simultaneous Charging:** The power bank supports charging up to four devices concurrently using its two built-in USB-C cables, one USB-C port, and one USB-A port.

This image demonstrates the power bank's ability to charge four devices simultaneously using its various output options.

Digital Display Information

The integrated digital display provides real-time information:

- **Battery Percentage:** Shows the remaining charge level of the power bank.
- **Output/Input Wattage:** Displays the current power output when charging devices or input wattage when recharging the power bank.

MAINTENANCE AND CARE

- **Cleaning:** Use a soft, dry cloth to clean the surface of the power bank. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store the power bank in a cool, dry place away from direct sunlight, extreme temperatures, and humidity.
- **Battery Health:** For optimal battery longevity, fully charge the power bank at least once every three months if not in regular use.
- **Cable Care:** Avoid excessive bending or pulling of the built-in cables to prevent damage.

TROUBLESHOOTING

Power bank is not charging devices:

- Ensure the power bank itself has sufficient charge. Check the digital display.
- Verify that the charging cables are securely connected to both the power bank and your device.
- Try using a different cable or port on the power bank.
- Confirm your device is compatible with the power bank's output specifications.

Power bank is not recharging:

- Ensure the wall charger is functioning correctly and provides adequate power (30W recommended).
- Check the connection of the charging cable to both the power bank and the wall charger.
- Try a different wall charger or cable.

Power bank becomes warm during use:

- It is normal for the power bank to generate some heat during charging or discharging, especially during high-speed operations.
- If the power bank becomes excessively hot, disconnect it immediately and allow it to cool down. Ensure it is used in a well-ventilated area.
- The built-in NTC temperature control system is designed to prevent overheating. If persistent excessive heat occurs, contact customer support.

The NTC temperature control system helps maintain safe operating temperatures.

PRODUCT SPECIFICATIONS

Brand	Baseus
Model Number	E00310
Battery Capacity	10000 Milliamp Hours (mAh)
Connector Type	USB Type A, USB Type C
Power Source	Battery
Voltage	5 Volts
Number of Ports	4 (2x Built-in USB-C, 1x USB-C, 1x USB-A)
Item Weight	7.16 Ounces
Item Dimensions (L x W x Th)	4.33" x 2.67" x 0.7"
Special Features	Portable, Lightweight, Ultra Slim, 45W Fast Charging, Built-in Two USB-C Cables, CCC Certified, Pocket Size, Smart Display, Low Current Mode
Manufacturer	Shenzhen Baseus Technology Co., Ltd.

SAFETY INFORMATION

- Do not expose the power bank to extreme temperatures (hot or cold), direct sunlight, or high humidity.
- Avoid dropping, impacting, or disassembling the device.
- Keep away from water and flammable liquids.
- Do not use if the power bank is damaged, swollen, or leaking.
- Keep out of reach of children.
- Dispose of the product responsibly according to local regulations.
