2. IMPORTANT SAFETY INSTRUCTIONS

When using electrical appliances, basic safety precautions should always be followed to reduce the risk of fire, electric shock, and/or injury to persons, including the following:

1. Read all instructions carefully before operating the appliance.
2. Do not touch hot surfaces. Use handles or knobs.
3. To protect against electrical shock, do not immerse the cord, plugs, or the main unit in water or other liquid.
4. Close supervision is necessary when any appliance is used by or near children.
5. Unplug from outlet when not in use and before cleaning. Allow to cool before putting on or taking off parts.
6. Do not operate any appliance with a damaged cord or plug, or after the appliance malfunctions or has been damaged in any manner. Contact customer service for examination, repair, or adjustment.
7. The use of accessory attachments not recommended by the appliance manufacturer may cause injuries.
8. Do not use outdoors.
9. Do not let the cord hang over the edge of a table or counter, or touch hot surfaces.
10. Do not place on or near a hot gas or electric burner, or in a heated oven.
11. Always attach the plug to the appliance first, then plug the cord into the wall outlet. To disconnect, turn any control to "off," then remove the plug from the wall outlet.
12. Do not use the appliance for other than intended use.
13. Exercise extreme caution when moving an appliance containing hot oil or other hot liquids.

3. PRODUCT OVERVIEW AND FEATURES

The Synix Swallow Maker Pro is designed for convenience and efficiency in preparing various swallow meals. Key features include:

- **One-Touch Operation:** Simplifies cooking with a single button.
- **Fast & Efficient Cooking:** Advanced heating technology cooks and stirs simultaneously.
- **Large Capacity:** Features a 2.2L non-stick bowl, ideal for family-sized portions (serves 4-5 people).
- **Non-Stick & Easy to Clean:** Detachable inner pot prevents sticking and allows for quick cleanup.
- **Versatile Meal Preparation:** Perfectly prepares Fufu, Eba, Amala, Pounded Yam, Semovita, Banku, Kenkey, Kokonte, Ugali, Posho, Nsima, Sadza, Pap, Mealie Meal, Nshima, Mashed Potatoes, Tuwo Shinkafa, Garri, Cassava Dough, and more.
- **Smart Temperature Control:** Built-in sensors ensure even cooking, preventing overcooking or burning.

Serve 4 to 5 people

Figure 2: The Synix Swallow Maker Pro is designed to serve 4 to 5 people, making it suitable for family meals.

4. SETUP

1. **Unpack:** Carefully remove all components from the packaging. Retain packaging for storage or future shipping.
2. **Initial Cleaning:** Before first use, wash the detachable inner pot and stirring paddle with warm, soapy water. Rinse thoroughly and dry completely. Wipe the main unit with a damp cloth.
3. **Placement:** Place the appliance on a stable, flat, heat-resistant surface, away from water sources and direct heat. Ensure adequate ventilation around the unit.
4. **Assemble:** Insert the clean, dry inner pot into the main unit. Place the stirring paddle inside the inner pot. Ensure the lid is properly aligned and secured.

5. OPERATING INSTRUCTIONS

Follow these steps to prepare your favorite swallow meals:

1. **Prepare Ingredients:** Measure your desired ingredients (e.g., yam flour, cassava flour, water) according to your recipe.
2. **Add Ingredients:** Open the lid and carefully add the measured water and swallow flour into the non-stick inner pot. Ensure the stirring paddle is correctly positioned.

3. **Secure Lid:** Close the lid firmly. Ensure it is properly locked to prevent steam from escaping during operation.
4. **Plug In:** Connect the power cord to a suitable 120V electrical outlet.
5. **Select Program/Set Time:** Use the control panel to select the desired cooking program or set the cooking time according to your recipe and desired consistency. The appliance features one-touch operation for ease of use.
6. **Start Cooking:** Press the Start button. The appliance will begin heating and stirring automatically. The smart temperature control system will maintain optimal cooking conditions.
7. **Monitor Progress:** Some models may have a transparent lid or indicator lights to monitor the cooking process. Avoid opening the lid frequently to maintain consistent temperature.
8. **Finish:** Once the cooking cycle is complete, the appliance will typically beep or switch to a 'Keep Warm' mode.
9. **Serve:** Carefully open the lid, using oven mitts if necessary, as steam will be hot. Remove the prepared swallow using a serving spoon.

Automate intricate food process

1

Add water and ingredients in proportion

2

Set the time

3

Wait for the food to come out

Figure 3: Step-by-step visual guide for using the Syinix Swallow Maker Pro: 1. Add water and ingredients, 2. Set the time, 3. Wait for the food to be prepared.

6. CLEANING AND MAINTENANCE

Regular cleaning and maintenance will ensure the longevity and optimal performance of your Synix Swallow Maker Pro.

1. **Unplug and Cool:** Always unplug the appliance from the power outlet and allow it to cool completely before cleaning.
2. **Detachable Parts:** The non-stick inner pot and stirring paddle are detachable and dishwasher safe. Alternatively, wash them with warm, soapy water using a soft sponge. Rinse thoroughly and dry completely before reassembling or storing.
3. **Main Unit:** Wipe the exterior of the main unit with a soft, damp cloth. Do not immerse the main unit in water or any other liquid.
4. **Avoid Abrasives:** Do not use abrasive cleaners, scouring pads, or harsh chemicals, as these can damage the non-stick coating and exterior finish.
5. **Storage:** Store the appliance in a clean, dry place when not in use.

7. TROUBLESHOOTING

If you encounter any issues with your Syenix Swallow Maker Pro, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Appliance does not turn on.	Not plugged in; power outlet malfunction; damaged cord.	Ensure the power cord is securely plugged into a working 120V outlet. Check the circuit breaker. If the cord is damaged, contact customer service.
Lid does not close properly.	Obstruction; lid misalignment.	Check for any food debris or foreign objects preventing the lid from closing. Ensure the lid is correctly aligned with the main unit and press down firmly until it locks.
Food is lumpy or inconsistent.	Incorrect ingredient ratio; insufficient cooking time; stirring paddle not installed correctly.	Verify ingredient measurements according to your recipe. Ensure the stirring paddle is properly seated. Increase cooking time if necessary.
Food overheats or burns.	Incorrect cooking time/setting; insufficient liquid.	Adjust cooking time or setting. Ensure adequate liquid is added as per recipe. The smart temperature control should prevent this under normal operation.

If the problem persists after trying these solutions, please contact Syenix Customer Service for further assistance.
