› HOSTACK 47"W x 72"H Kitchen Pantry Storage Cabinet with LED and Charging Station (White) - Instruction Manual

## HOSTACK B0G4TV4LDX

# HOSTACK Kitchen Pantry Storage Cabinet

Model: B0G4TV4LDX (White) - Instruction Manual

## 1. IMPORTANT SAFETY INFORMATION

Please read all instructions carefully before assembly and use. Keep this manual for future reference.

- This item ships in two separate packages. All parts and accessories are included across both packages. Packages may arrive 1-3 business days apart due to logistics sorting and transit. Ensure both packages are received before beginning assembly.
- Assembly is recommended with a partner for ease and safety, especially when lifting the upper section onto the base.
- The top part of the cabinet sits on the base with wooden pegs. For added stability and safety, it is highly recommended to secure the upper cabinets to the wall using the provided anti-tipping device.
- Do not overload shelves or drawers. Refer to specifications for weight limits if available.
- Keep small parts away from children during assembly.

Figure 1: Product dimensions and notice regarding two-box shipping. The cabinet measures approximately 15.75"D x 47.24"W x 71.65"H. Assembly requires parts from both boxes.

## Reliable Support

### Tip: Easiest to assemble with a partner

Q: No instructions in the package?

A: We'll send the PDF manual immediately

Q: Missing/damaged parts?

A: Apologies for the hassle. Identify via manual part numbers/letters for exact replacements

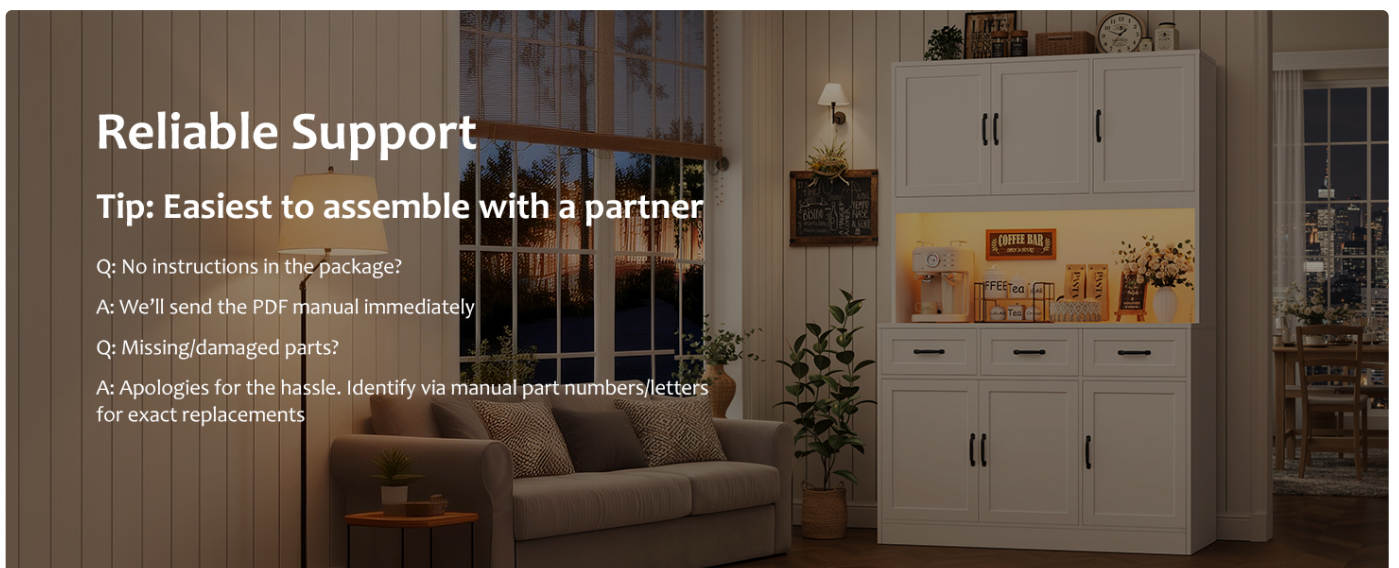

Figure 2: Key features including metal hinges for doors, a wire management hole for electronics, and the anti-tipping device for wall attachment.

## 2. SETUP AND ASSEMBLY

This cabinet requires assembly. Detailed instructions and all necessary parts are included. Numbered parts and a tested assembly process are designed for a straightforward setup.

### 2.1 Unpacking and Part Identification

1. Carefully unpack all components from both boxes.
2. Verify all parts against the included parts list in the manual. If any parts are missing or damaged, refer to the 'Troubleshooting' section for assistance.
3. Identify each part by its number or letter as indicated in the assembly instructions.

### 2.2 Assembly Steps

Follow the step-by-step instructions provided in the physical manual included with your product. Ensure all screws and fasteners are tightened securely.

### 2.3 Door Adjustment

If doors do not align perfectly after assembly, they can be adjusted. Loosen the screws on the hinges slightly, reposition the door as needed, and then re-tighten the screws to secure the door in place.

Video 1: This video demonstrates how to adjust the door gaps on the cabinet hinges to ensure proper alignment.

### 2.4 Anti-Tipping Device Installation

For safety, attach the anti-tipping device to the top rear of the cabinet and secure it to a wall stud using appropriate hardware. This prevents accidental tipping, especially in households with children or pets.

## 3. OPERATING INSTRUCTIONS

### 3.1 RGB LED Lighting System

The cabinet features premium RGB LED strips for customizable lighting. Control options include a dedicated app remote and a physical switch.

- **App Control:** Download the specified app (refer to the LED light manual for details) to access over 60,000 vivid colors, adjustable brightness, and music synchronization features.
- **Physical Switch:** Use the integrated physical switch to cycle through basic color modes and turn the lights on/off.
- **Note on Color:** The LED system provides RGB colors. It does not offer a warm white light option; available white tones are cool white.

Figure 3: The RGB LED lighting system offers dynamic colors, adjustable brightness, and music sync, controllable via an app or physical switch.

Video 2: This video showcases the various lighting options and features of the HOSTACK LED Kitchen Pantry Cabinet.

### 3.2 Built-in Charging Station

The cabinet includes a built-in charging station for convenience.

- **AC Outlets:** Two 120V/12A AC outlets are provided for powering small appliances.
- **USB Ports:** Two 5V/2A USB ports are available for charging mobile devices.
- The power cord for the charging station is 1.5 meters (approximately 4.9 feet) long.

Figure 4: The integrated charging station features two AC outlets and two USB ports for convenient power access.

## 4. MAINTENANCE

Proper maintenance ensures the longevity and appearance of your cabinet.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Hardware:** Periodically check all screws and fasteners to ensure they remain tight. Re-tighten if necessary.
- **LED Lights:** If the LED strip malfunctions, consult the LED light manual for troubleshooting or contact customer support.
- **Charging Station:** Ensure the charging station is kept dry and free from spills. Do not attempt to repair the electrical components yourself.

## 5. TROUBLESHOOTING

Refer to the following common issues and solutions.

### 5.1 Assembly Issues

- **Missing Instructions:** If the instruction manual is not in the package, contact customer support immediately for a PDF version.
- **Missing or Damaged Parts:** If any parts are missing or damaged, identify them using the part numbers/letters from the manual and contact customer support for replacements.
- **Difficulty Identifying Parts:** If stickers with part numbers are missing, carefully compare the physical parts to the diagrams in the manual.

### 5.2 Door Alignment Problems

If cabinet doors are not level or do not close properly:

- Adjust the hinges as described in Section 2.3. Loosen the hinge screws, adjust the door position, and re-tighten.

### 5.3 LED Light Issues

- **Lights not turning on:** Check power connections to the LED strip and the charging station. Ensure the physical switch is in the 'on' position.
- **App control not working:** Ensure your device's Bluetooth is enabled and the app is correctly paired with the LED strip. Refer to the LED light manual for pairing instructions.
