HoneyGuaridan S25

HoneyGuaridan S25 Automatic Cat Feeder User Manual

Model: S25

Introduction

The HoneyGuaridan S25 Automatic Cat Feeder is designed to provide a convenient and reliable feeding solution for your pet. Featuring 2.4GHz/5GHz Wi-Fi connectivity and app control, this feeder allows you to manage your pet's meal schedule from anywhere. It includes both a stainless steel bowl and a slow feeder bowl to cater to different eating habits.

What's Included

Please check the package contents to ensure all items are present:

- Automatic Cat Feeder Unit
- Stainless Steel Bowl
- Slow Feed Bowl Insert
- Desiccant Bag
- DC 5V Power Adapter

Setup

1. **Unpack and Assemble:** Carefully remove all components from the packaging. Attach the food container to the base unit. Place your preferred feeding bowl (stainless steel or slow feeder) into the designated slot.

2. **Power Supply:** Connect the DC 5V power adapter to the feeder and a wall outlet. For continuous operation during power outages, install 4 AA-size batteries (not included) in the battery compartment located at the bottom of the unit. Dual power supply is recommended.
3. **Fill with Food:** Open the lid of the food container and pour dry pet food into the reservoir. Ensure the kibble size is between 2-15mm for optimal dispensing. Close the lid securely.
4. **Download the App:** Download the "HGsmart" app from the Apple App Store or Google Play Store.
5. **Connect to Wi-Fi:** Follow the in-app instructions to connect your feeder to your home's 2.4GHz or 5GHz Wi-Fi network.

Operating Instructions

App Control and Scheduling

Use the "HGsmart" app to remotely manage your pet's feeding schedule. You can set up to 6 meals per day, with each meal consisting of 1 to 24 portions. The app also allows you to view feeding records.

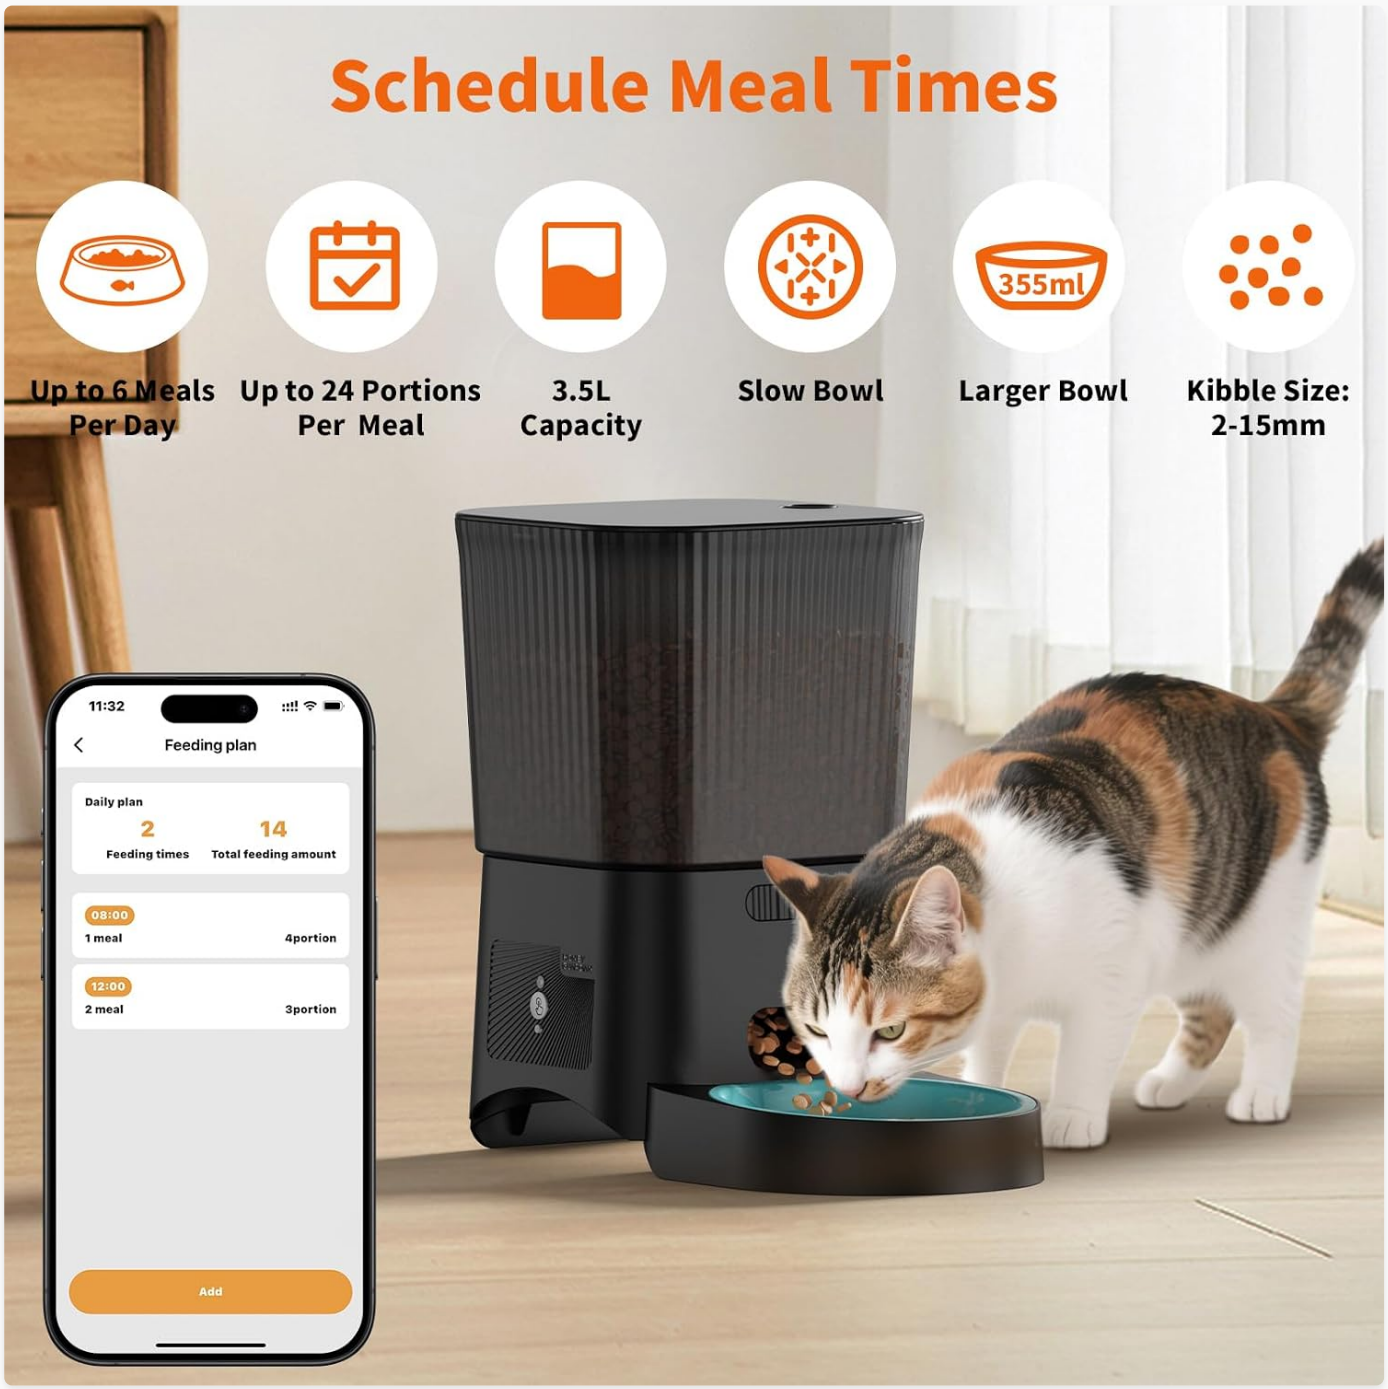

Image: The HGsmart app interface demonstrating how to schedule meal times and set portion sizes.

Personalized Voice Recording

Record a custom voice message (up to 10 seconds) through the app. This message will play automatically at each scheduled feeding time to call your pet to eat.

Dual Bowl System

The feeder comes with two interchangeable bowls: a standard stainless steel bowl and a slow feeder bowl. The slow feeder bowl is designed with ridges to encourage slower eating, aiding digestion and reducing the risk of bloat.

Maintenance

Cleaning

- The stainless steel bowl and slow feeder bowl can be removed and washed with soap and water.
- Wipe the main feeder unit with a damp cloth. Do not submerge the main unit in water.
- Ensure all parts are completely dry before reassembly and refilling.

Food Freshness and Desiccant Bag

The feeder features a multi-seal design, including a silicone seal strip and a sealed revolving door, to keep food fresh and prevent pests. The desiccant bag helps absorb moisture. Replace the desiccant bag every 1-2 months for optimal

freshness.

Troubleshooting

- **Feeder not dispensing food:**
  - Check if the food container is empty.
  - Ensure the kibble size is within the recommended 2-15mm range to prevent blockages.
  - Verify that the feeder is powered on and connected to Wi-Fi.
  - Check the app for any error messages or to manually dispense a meal.

- **Wi-Fi connection issues:**
  - Ensure your router is broadcasting a 2.4GHz or 5GHz network.
  - Move the feeder closer to your Wi-Fi router.
  - Restart your router and the feeder.
  - Follow the in-app instructions for re-pairing the device.
- **Voice recording not playing:**
  - Ensure the volume in the app is not muted.
  - Re-record the voice message to ensure it was saved correctly.
- **Feeder losing power:**
  - Verify the DC power adapter is securely plugged into both the feeder and the wall outlet.
  - Check if the 4 AA-size backup batteries are installed and have sufficient charge.

Specifications

Feature	Detail
Product Dimensions	6.69 x 6.69 x 8.66 inches
Item Weight	2.84 pounds
Model Number	S25
