MOCHAR MO-MCS

MOCHAR Closet System with Drawer

Model: MO-MCS | **Brand:** MOCHAR

1. Introduction

Thank you for choosing the MOCHAR Closet System. This manual provides essential information for the safe assembly, operation, and maintenance of your new closet organizer. Please read all instructions carefully before beginning installation and retain this manual for future reference.

Safety Information

- Always follow assembly instructions precisely.
- Ensure all hardware is securely fastened before use.
- Do not overload the system; refer to the specifications for weight capacity.
- Keep small parts away from children during assembly.
- Two-person assembly is recommended for safety and ease.

2. Components and Tools Required

Included Components:

- Drawer units
- Shelving plates
- Adjustable hanging rods (5 total)
- Mounting hardware
- Vertical support frames

Tools Required (Not Included):

- Drill (for wall mounting)
- Screwdriver (Phillips head recommended)
- Measuring tape
- Level

- Pencil

3. Setup and Installation

This closet system is designed for wall-mounted installation. Ensure your wall can support the weight of the system and its contents.

Step-by-Step Installation Guide:

1. **Plan Your Layout:** Determine the desired width (5 to 8 feet) and configuration of your closet system. Consider the placement of the central drawer unit and the hanging rods.
2. **Assemble the Central Unit:** Follow the included diagrams to assemble the main drawer and shelving unit. Secure all screws firmly.
3. **Mark Wall Mounting Points:** Position the assembled central unit against the wall. Using a level and pencil, mark the locations for the wall-mounting brackets. Ensure these marks are accurate and level.
4. **Drill Pilot Holes:** Using an appropriate drill bit for your wall type, drill pilot holes at the marked locations.
5. **Mount the Central Unit:** Secure the central unit to the wall using the provided mounting hardware. Ensure it is stable and level.
6. **Install Vertical Supports:** Attach the vertical support frames to the central unit and extend them outwards to your desired width. Secure them to the wall as per the instructions.
7. **Attach Hanging Rods:** Insert the adjustable hanging rods into the designated slots on the vertical supports. Adjust their length (22.4" to 40") to fit your chosen configuration and secure them.
8. **Install Shelves:** Place any additional shelves into the adjustable slots as desired.

Image: Various possible configurations of the MOCHAR Closet System, demonstrating adjustable widths from 8.5 feet down to 3 feet. This illustrates the system's flexibility to fit different closet sizes.

4. Operating and Usage

The MOCHAR Closet System offers versatile storage solutions designed for customization and ease of use.

Adjustable Features:

- **Hanging Rods:** The 5 stainless steel garment rods are extendable, allowing you to adjust their length to suit your clothing items and space. They can be repositioned vertically to accommodate long garments.
- **Shelves:** The shelves within the central unit are removable and can be adjusted to different heights to optimize storage for folded clothes, accessories, or shoes.
- **Drawers:** Two smooth-gliding wooden drawers provide concealed storage for smaller items, keeping your closet tidy.

Image: Detailed view of the MOCHAR Closet System's features, including extendable hanging rods, an adjustable shelf with multiple peg holes for height customization, and a drawer with concealed storage for organized items.

Weight Capacity:

The MOCHAR Closet System is designed for heavy-duty use, with a total capacity exceeding 1000 lbs when properly installed. Distribute weight evenly across rods and shelves to ensure stability and longevity.

5. Maintenance

Proper care will ensure the longevity and appearance of your MOCHAR Closet System.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage

the wood finish or stainless steel.

- **Hardware Check:** Periodically check all screws and fasteners to ensure they remain tight. Tighten if necessary.
- **Weight Distribution:** Avoid concentrating heavy items in one area. Distribute weight evenly across shelves and hanging rods.

6. Troubleshooting

Common Issues and Solutions:

- **System feels wobbly:** Ensure all wall mounts are securely fastened and all internal connections are tight. Verify that the wall material is suitable for mounting.
- **Drawers do not slide smoothly:** Check for any obstructions in the drawer glides. Ensure the drawer unit is level and properly assembled.
- **Hanging rods sag:** Ensure rods are fully extended and locked into place. Do not exceed the recommended weight capacity per rod.

7. Specifications

Feature	Detail
Brand	MOCHAR
Model Number	MO-MCS
Color	White
Material	Wood, Stainless Steel
Overall Dimensions (L x W x H)	Adjustable Width 60-96 inches (5-8 ft) x 16 inches (Depth) x 76 inches (Height)
