

Dexnor DK012

Dexnor Keyboard Case User Manual

Model: DK012 for iPad Mini 7 (A17 Pro) / Mini 6

1. INTRODUCTION

This manual provides instructions for the Dexnor Magnetic Floating Cantilever Stand Keyboard Case, Model DK012. This keyboard case is designed to enhance the functionality and protection of your compatible iPad device.

1.1 Compatibility

This keyboard case is exclusively designed for the 8.3-inch iPad Mini 7th Generation 2024 (A17 Pro) and iPad Mini 6th Generation 2021. Compatible models include A2996, A2567, A2568, and A2569. It is not compatible with iPad Mini 4/5 or other iPad models.

2. WHAT'S IN THE BOX

Please check the package contents upon unboxing:

- 1 x Floating Keyboard Case

- 1 x User Manual
- 1 x USB-C Cable

3. SETUP

3.1 Initial Charging

Before first use, fully charge the keyboard using the provided USB-C cable. Connect the USB-C cable to the keyboard's charging port and a compatible USB power adapter. A full charge takes approximately 3.5 hours.

3.2 Attaching Your iPad

The keyboard case features a magnetic design for easy attachment. Align your iPad with the magnetic back panel of the case. The iPad will securely snap into place, transforming your device into a laptop-like setup.

Figure 2: Magnetic attachment of the iPad to the keyboard case, showcasing the adjustable viewing angle.

3.3 Bluetooth Pairing

1. Ensure your keyboard is charged.
2. Turn on the keyboard using the power switch. The Bluetooth indicator light will begin to flash.
3. On your iPad, go to **Settings** > **Bluetooth** and turn Bluetooth on.
4. Your iPad will search for available devices. Select "Dexnor Keyboard" from the list.
5. Confirm the pairing request on your iPad. The indicator light on the keyboard will stop flashing once successfully paired.

4. OPERATING INSTRUCTIONS

4.1 Magnetic Floating Cantilever Stand

The durable aluminum alloy hinge provides a sturdy magnetic connection, allowing you to adjust your iPad to various angles for typing, reading, or viewing. The floating design elevates your iPad for an ergonomic experience.

4.2 High-Precision Multi-touch Trackpad

The integrated trackpad supports multi-finger gestures, enabling precise navigation. Use gestures such as tap, pinch, scroll, and swipe for efficient interaction with your iPad.

Figure 3: Close-up view of the multi-touch trackpad, illustrating its functionality for precise navigation.

4.3 Backlit Keyboard

The keyboard features a single white color backlight with 3 adjustable brightness levels. Press the backlight key (often a sun icon or similar) to cycle through brightness settings or turn the backlight off.

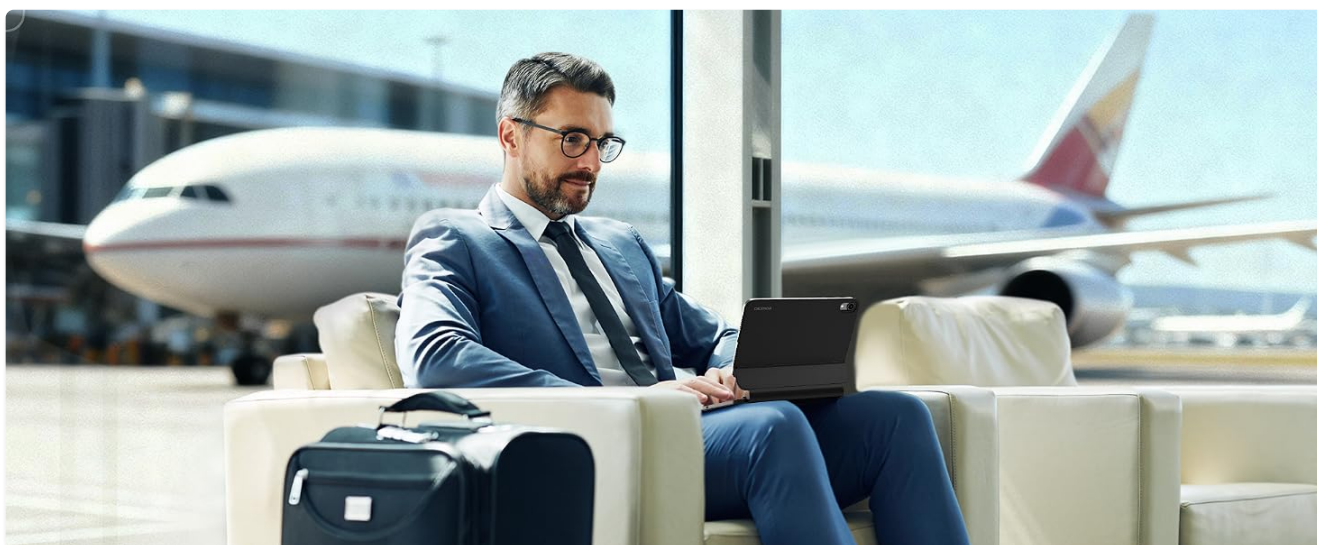

Figure 4: The keyboard with its backlight illuminated, demonstrating the three adjustable brightness levels.

4.4 Shortcut Keys

A dedicated row of shortcut keys provides instant control over media playback, volume, screen brightness, and other common functions, streamlining your workflow.

4.5 Magnetic Pencil Holder & Auto Sleep/Wake

A built-in magnetic holder keeps your Apple Pencil secure and easily accessible. The keyboard case also supports auto sleep/wake functionality, conserving battery power by putting the iPad to sleep when closed and waking it when opened.

Figure 5: The magnetic stylus holder, designed for secure storage and easy access to your Apple Pencil.

5. MAINTENANCE

5.1 Cleaning

To clean the keyboard case, use a soft, damp cloth. Avoid using harsh chemicals or abrasive materials that could damage the surface. Ensure the charging port is dry before charging.

5.2 Storage

When not in use for extended periods, store the keyboard case in a cool, dry place. It is recommended to fully charge the keyboard before long-term storage to maintain battery health.

6. TROUBLESHOOTING

6.1 Keyboard Not Connecting via Bluetooth

- Ensure the keyboard is powered on and fully charged.
- Verify Bluetooth is enabled on your iPad.
- Forget the device in your iPad's Bluetooth settings and attempt to re-pair.
- Restart both your iPad and the keyboard.

6.2 Trackpad Not Responding

- Ensure the keyboard is properly connected via Bluetooth.
- Check iPad settings for trackpad functionality (Settings > General > Trackpad).
- Restart the keyboard and iPad.

6.3 Backlight Not Working

- Ensure the keyboard is sufficiently charged.
- Press the backlight key multiple times to cycle through brightness levels.
