Key Features:

- **Active Noise Cancellation:** Effectively blocks ambient sounds for focused listening.
- **Extended Battery Life:** Up to 50 hours of total playback with the charging case.
- **Fast Charging:** Quick charge capability for several hours of playback in minutes.
- **Intuitive Touch Controls:** Manage music, calls, and voice assistants with simple taps.
- **Wireless Charging Case:** Convenient charging for the portable case.
- **Bluetooth 5.3:** Ensures stable and fast connections.
- **IPX5 Waterproof:** Resistant to sweat and splashes, suitable for workouts.

2. SETUP

2.1 Initial Charging

Before first use, fully charge the earbuds and the charging case.

1. Place the earbuds into the charging case.
2. Connect the charging case to a 5V power adapter using the provided Type-C cable.
3. The LED display on the case will show the charging progress. A full charge is indicated by '100' on the case display and full battery icons for the earbuds.

Please use a 5V adapter to charge the charging case to avoid battery damage.

2.2 Pairing with Your Device

The earbuds feature one-step auto-pairing for convenience.

1. Open the charging case. The earbuds will automatically enter pairing mode.
2. On your device (smartphone, tablet, laptop), enable Bluetooth.
3. Search for "A1" in the list of available Bluetooth devices and select it to connect.
4. Once connected, the earbuds are ready for use.

2.3 Wearing the Earbuds

For optimal sound quality and comfort, ensure the earbuds are worn correctly.

1. Select the correct size ear caps (S, M, L) for your ears.
2. Insert the earbuds into your ears.
3. Twist the earbuds slightly to adjust the ear wings so they fit firmly and comfortably in your ear slot.

* How to wear it correctly?

1. Replace the ear caps with the right size
2. Insert the earbuds into your ears
3. Twist the earbuds to adjust the ear wings so that they fit firmly in the ear slot.

4. MAINTENANCE

4.1 Cleaning the Earbuds

Regular cleaning helps maintain sound quality and charging efficiency.

1. Gently clean the charging contacts on both the earbuds and inside the charging case.
2. Clean the mesh of the ear tips with an alcohol pad to remove any dust or earwax.

* How to solve the problem of volume and charging?

1. Clean the charging contacts, and mesh of ear tips with an alcohol pad to remove dust or earwax that might be affecting charging or sound volume.

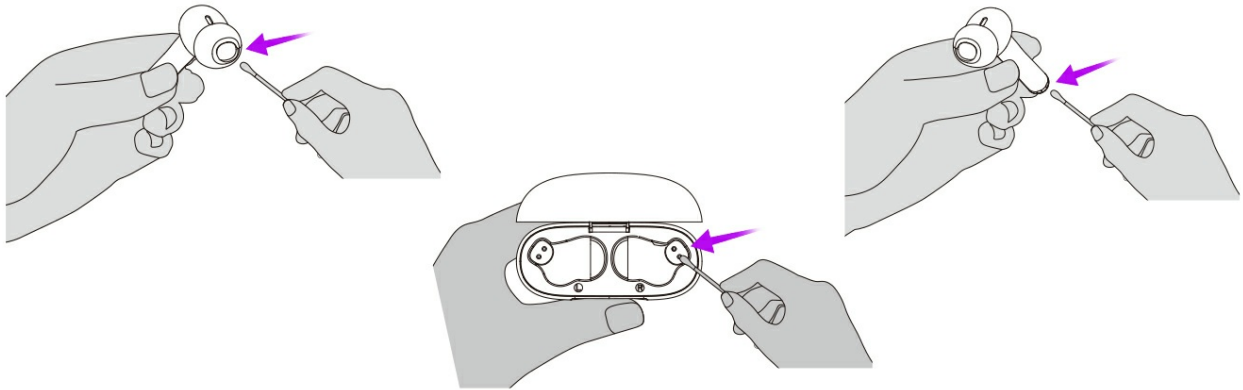

Image: An illustration demonstrating the cleaning process for the earbud charging contacts and ear tip mesh using a cleaning tool.

4.2 Water Resistance

The earbuds are IPX5 waterproof, meaning they are resistant to sweat and light splashes. They are suitable for workouts and outdoor activities.

- Do not use the earbuds in the bath or while swimming.
- Avoid prolonged exposure to water.

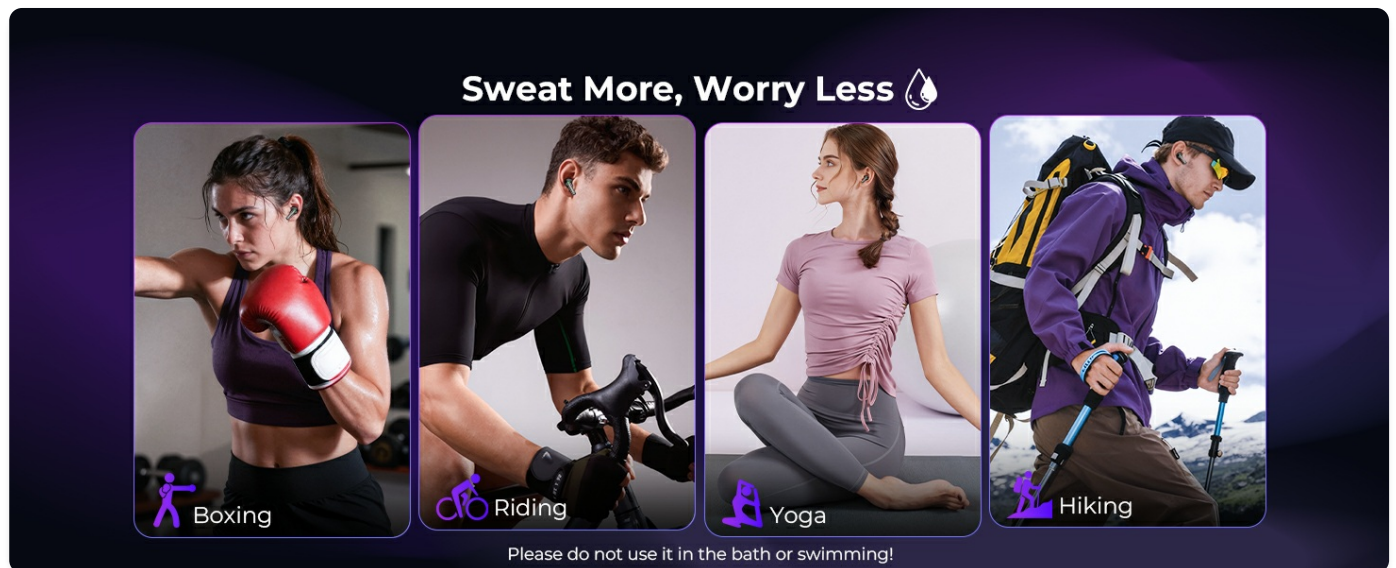

Image: Four panels showing individuals participating in boxing, riding, yoga, and hiking, illustrating the earbuds' suitability for active lifestyles due to their sweat resistance.

5. TROUBLESHOOTING

5.1 Volume or Charging Issues

If you experience low volume or charging problems, refer to the cleaning instructions in Section 4.1. Accumulated dust or earwax can affect performance.

5.2 Accidental Touch Control Activation

To prevent accidental activation of touch controls when adjusting the earbuds:

- Grasp both sides of the earbud with your fingers when adjusting its position in your ear.

*** When in use, please grasp both sides of the earbud with your fingers to adjust the position, so as to avoid accidentally touching the MFB button**

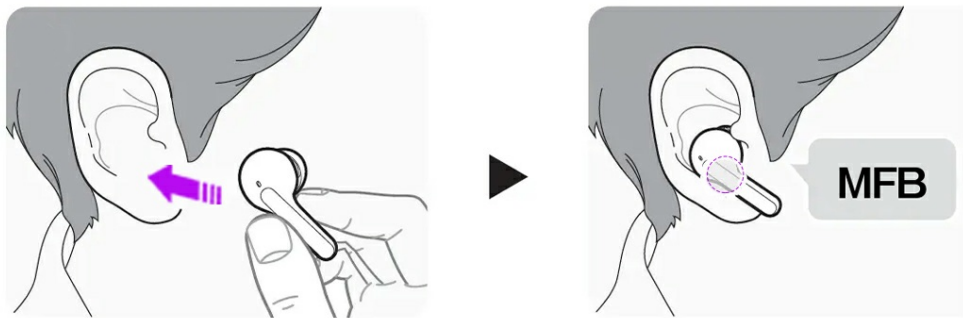

Image: An illustration demonstrating the correct way to hold the earbud by its sides to adjust it in the ear, thereby avoiding accidental contact with the Multi-Function Button (MFB) area.

5.3 Connectivity Problems

- Ensure Bluetooth is enabled on your device.
- Make sure the earbuds are charged.
- If the earbuds do not connect automatically, try manually selecting "A1" from your device's Bluetooth settings.
- If issues persist, try unpairing the earbuds from your device and then re-pairing them.
