## PeakPursuit YyzJFB5VFDtDbGseXRbdNw7s

# PeakPursuit 7-Piece Raised Garden Bed with Trellis & Privacy Screen

Model: YyzJFB5VFDtDbGseXRbdNw7s

## 1. INTRODUCTION

---

This manual provides instructions for the assembly, operation, and maintenance of your PeakPursuit 7-Piece Raised Garden Bed with Trellis & Privacy Screen. This versatile 3-in-1 system combines planter boxes, a climbing trellis, and a privacy screen, designed for cultivating plants in various outdoor and indoor settings.

## 2. SAFETY INFORMATION

---

- Read all instructions carefully before assembly and use.
- Ensure all components are securely connected before filling with soil or plants.
- Do not overload the planter boxes beyond their capacity to maintain stability.
- Place the garden bed on a level, stable surface to prevent tipping.
- Keep small parts away from children and pets during assembly.
- Wear appropriate safety gear, such as gloves, during assembly and gardening.

## 3. PACKAGE CONTENTS

---

Verify that all parts are present before beginning assembly. The package includes:

- Planter Boxes (3 units)
- Trellis Panels (3 units)
- Connecting Rods/Poles
- Privacy Screen Components
- All necessary hardware for assembly

## 4. SETUP AND ASSEMBLY

---

Assembly typically takes approximately 30 minutes. No specialized tools are required, though a rubber mallet may assist in securing connections.

### 4.1 Assembly Overview

The system is designed for flexible configuration. You can assemble the set as two separate planter boxes with trellises or combine them into one continuous unit, depending on your space and gardening needs.

*Image: Product dimensions, illustrating the overall width of 114.2 inches and height of 63 inches when fully assembled. Individual planter depth is 16.2 inches.*

## 4.2 Material Durability

The components are constructed from durable PP (Polypropylene) plastic, designed to be rust-proof, sturdy, and weather-resistant. This material ensures long-lasting performance in outdoor conditions without the maintenance associated with wood or iron.

*Image: Illustration of the durable PP material, showcasing its ability to withstand various weather conditions, from sunny to rainy.*

## 4.3 Step-by-Step Assembly

1. Unpack all components and verify against the package contents list.
2. Assemble the planter boxes by connecting the side panels and bottom pieces. Ensure all connections snap securely into place.
3. Insert the vertical connecting rods into the designated slots on the planter boxes.
4. Attach the trellis panels to the vertical rods, ensuring they are aligned and firmly connected.
5. If combining multiple units, use the provided connectors to link the planter boxes and trellis sections together.
6. Once assembled, place the unit in its desired location on a level surface.

## **5. OPERATING INSTRUCTIONS**

---

### **5.1 Planting**

This raised garden bed is suitable for a variety of plants, including climbing plants, vines, herbs, vegetables, and flowers. The integrated trellis provides vertical support for climbing species, maximizing growth in compact spaces.

# 3-IN-1 MULTIFUNCTIONAL CLIMBING FRAME

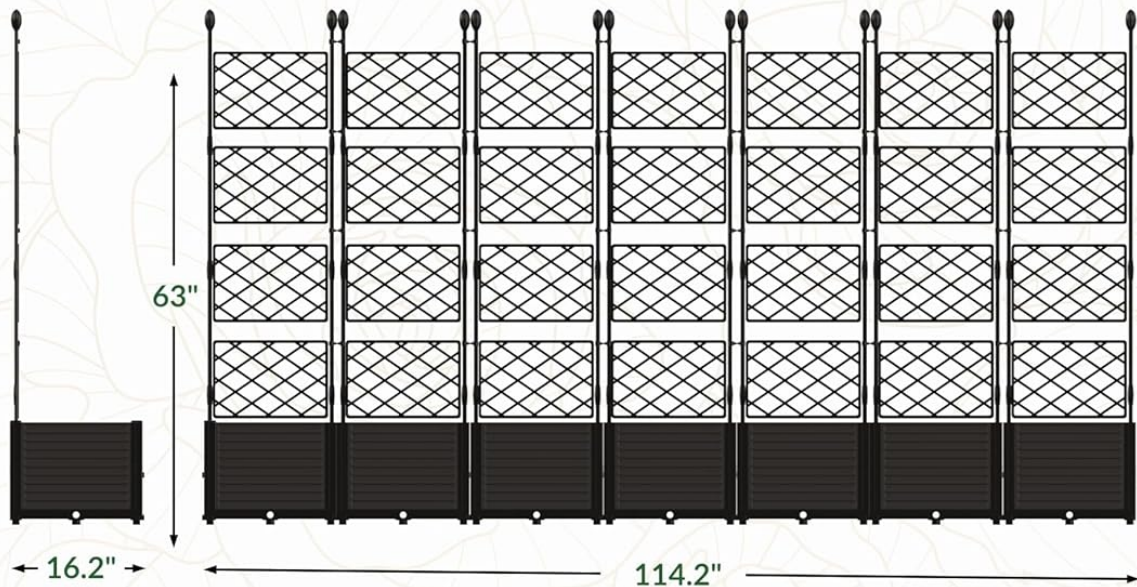

*Image: The 3-in-1 multifunctional design, illustrating its use for climbing plants on the trellis, hanging planters, and traditional planting within the boxes.*

## 5.2 Watering and Drainage

The planter boxes feature a built-in drainage system. Water can be stored in a reservoir at the bottom of the planter, and excess water will be discharged automatically once the storage capacity is exceeded. This design promotes healthy root development and prevents overwatering.

# PRODUCT DIMENSIONS

## 6. MAINTENANCE

- **Cleaning:** Clean the planter boxes and trellis periodically with mild soap and water to remove dirt and debris. Avoid harsh chemicals that may damage the plastic.
- **Inspection:** Regularly inspect all connections and components for any signs of wear or damage. Tighten or replace parts as needed.
- **Winter Storage:** While weather-resistant, consider emptying and storing the planter indoors during

extreme winter conditions to prolong its lifespan.

## 7. TROUBLESHOOTING

---

- **Instability:** If the assembled unit feels unstable, ensure it is placed on a completely level surface. For added stability, especially in windy conditions or with heavy plant growth, consider securing the unit to an adjacent wall or fence using appropriate fasteners (not included).
- **Difficulty Connecting Parts:** Ensure parts are correctly aligned. A rubber mallet can be used to gently tap components into place if they are tight. Do not force parts, as this may cause damage.
- **Water Drainage Issues:** Verify that the drainage holes are not obstructed by soil or debris. Clear any blockages to ensure proper water flow.

## 8. SPECIFICATIONS

---

Feature	Detail
Brand	PeakPursuit
Model Number	YyzJFB5VFDtDbGseXRbdNw7s
Material	Plastic (PP)
Color	Black
Overall Dimensions (L x W x H)	115.75" x 16.54" x 62.99"
Item Weight	51.7 Pounds
Number of Planter Boxes	3
Special Feature	Drainage Hole, Trellis, Privacy Screen
Indoor/Outdoor Usage	Outdoor
UPC	800072228926

## 9. WARRANTY AND SUPPORT

---

For questions, problems, or missing parts, please contact customer support. You can reach support via email or phone.

- **Support Email:** [support@garvee.com](mailto:support@garvee.com)
- **Customer Phone Service:** +1 888 891 2855
- **Hours:** Monday - Friday, 9 AM to 5 PM (PST)

Please refer to your purchase documentation for specific warranty details.
