IMPORTANT SAFETY WARNINGS

- **ALWAYS** use the 5-point harness to secure your child in the stroller or car seat.
- **NEVER** leave your child unattended in the stroller or car seat.
- Ensure all locking mechanisms are engaged before placing a child in the stroller.
- Do not overload the storage basket; refer to specifications for maximum weight.
- Avoid placing hot liquids or heavy objects on the handle.
- This product is not suitable for running or skating.
- The car seat is designed for use in a vehicle and with the stroller. Always follow car seat installation instructions for vehicle use.
- Regularly inspect the product for loose parts, damaged components, or worn fabric. Discontinue use if any damage

is found.

SETUP & ASSEMBLY

Unfolding the Stroller Frame

1. Place the folded stroller on a flat surface.
2. Release the folding latch (if present, usually on the side of the frame).
3. Lift the handlebar upwards until the frame locks into its open position. You should hear a click.
4. Ensure all parts are securely locked before proceeding.

Wheel Attachment

- Attach the front wheels by pushing them into the designated slots until they click into place.
- Attach the rear wheels similarly. Pull on the wheels to ensure they are securely fastened.

Attaching the Seat Unit / Bassinet

- Align the seat unit or bassinet connectors with the slots on the stroller frame.
- Push down firmly until both sides click securely into place.
- Verify the seat/bassinet is firmly attached by gently pulling upwards.

OPERATING INSTRUCTIONS

Converting Seat to Bassinet

The WELLY stroller seat is designed to convert into a bassinet for newborns. To convert:

1. Ensure the seat is fully reclined.
2. Adjust the footrest to its highest position.
3. Fasten any internal straps or zippers to form the bassinet shape.
4. The bassinet can be positioned facing forward or backward on the frame.

Adjusting the Recline

The seat offers multiple recline positions for your child's comfort. Locate the recline adjustment lever or strap, typically at the back of the seat. Squeeze the lever or adjust the strap to select the desired recline angle. Ensure the seat is securely locked in place before use.

Using the 5-Point Harness

To secure your child:

1. Place your child in the seat.
2. Bring the shoulder straps over your child's shoulders and the waist straps around their hips.
3. Insert the two buckle prongs into the central buckle until they click.
4. Adjust the straps for a snug fit, ensuring no more than two fingers can fit between the strap and your child's body.

Attaching and Using the Group 0+ Car Seat

The included Group 0+ car seat can be used as an infant car seat or attached directly to the stroller frame.

- **To attach to stroller:** Remove the main stroller seat unit. Align the car seat's adapters with the stroller frame's attachment points. Push down until it clicks securely. Always ensure the car seat is facing the parent when attached to the stroller.
- **For vehicle use:** Refer to the separate car seat manual for detailed installation instructions in your vehicle. Always use the vehicle's seat belt system to secure the car seat base or the car seat itself, following the manufacturer's guidelines.
- The car seat is suitable for newborns up to 13 kg.

Folding the Stroller

To fold the stroller for storage or transport:

1. Ensure the seat is in an upright position (if not in bassinet mode).
2. Locate the folding mechanism, usually on the handlebar or side of the frame.
3. Follow the specific steps to engage the folding mechanism, often involving pressing buttons and pushing the handlebar forward or downward.
4. Once folded, secure the folding latch to keep it compact.

MAINTENANCE

Cleaning

- **Fabric parts:** Spot clean with a damp cloth and mild soap. Air dry thoroughly. Do not machine wash or tumble dry unless specified on the care label.
- **Frame and plastic parts:** Wipe clean with a damp cloth. Do not use abrasive cleaners.
- **Wheels:** Periodically clean wheels and axles to remove dirt and debris. Lubricate moving parts with a silicone-based lubricant if necessary.

Storage

Store the stroller in a dry, well-ventilated area, away from direct sunlight and extreme temperatures. Ensure it is clean and dry before storing to prevent mold or mildew.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Stroller does not fold or unfold smoothly.	Folding mechanism is jammed or not fully released/engaged.	Ensure all locking latches are released. Check for obstructions. Apply light lubricant to moving parts if needed.
Wheels squeak or are difficult to turn.	Dirt or debris in the wheel mechanism; lack of lubrication.	Clean wheels and axles. Apply a silicone-based lubricant to the moving parts of the wheels.
Seat unit or car seat not attaching securely.	Misalignment or obstructions in the attachment points.	Ensure correct alignment of connectors. Check for debris. Push firmly until a click is heard.
Harness straps are too tight or too loose.	Incorrect adjustment.	Refer to the "Using the 5-Point Harness" section for proper adjustment.

SPECIFICATIONS
