

Dripex A1SZT21

Dripex 115cm Dressing Table with LED Mirror and Sockets User Manual

Model: A1SZT21 | Brand: Dripex

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your new Dripex 115cm Dressing Table. Featuring an elegant tempered glass top, an LED mirror with adjustable lighting, integrated power sockets, and ample storage, this vanity desk is designed for convenience and style. Please read this manual thoroughly before assembly and use to ensure safe and correct operation.

SAFETY INSTRUCTIONS

- **Read all instructions:** Before assembly and use, carefully read and understand all instructions.
- **Keep children away:** Keep children and pets away during assembly. Small parts can be a choking hazard.
- **Use on a level surface:** Assemble and place the dressing table on a flat, stable, and level surface to prevent tipping.
- **Anti-tip device:** Always install the included anti-tip device to secure the dressing table to a wall, preventing accidental tipping, especially if children are present.
- **Electrical safety:**
 - Do not overload the integrated power sockets and USB ports.
 - Ensure hands are dry when plugging or unplugging devices.
 - Do not expose electrical components to water or excessive moisture.
 - If any electrical component is damaged, discontinue use and contact customer service.
- **Glass care:** The tempered glass top is sturdy, but avoid dropping heavy objects on it or applying excessive force. Clean with a soft, dry cloth.
- **Weight limits:** Do not exceed the weight limits for drawers, shelves, or the tabletop.

PACKAGE CONTENTS

Your Dripex Dressing Table is shipped in two separate packages, which may arrive at different times. Please ensure you have received both packages and all parts are present before beginning assembly. Refer to the included parts list in your physical manual for a complete inventory.

Key components include:

- Dressing table frame components
- Tempered glass tabletop
- LED mirror unit
- Drawers and cabinet doors
- Integrated power strip with AC sockets and USB ports
- Assembly hardware (screws, dowels, etc.)
- Anti-tip safety straps
- Instruction manual

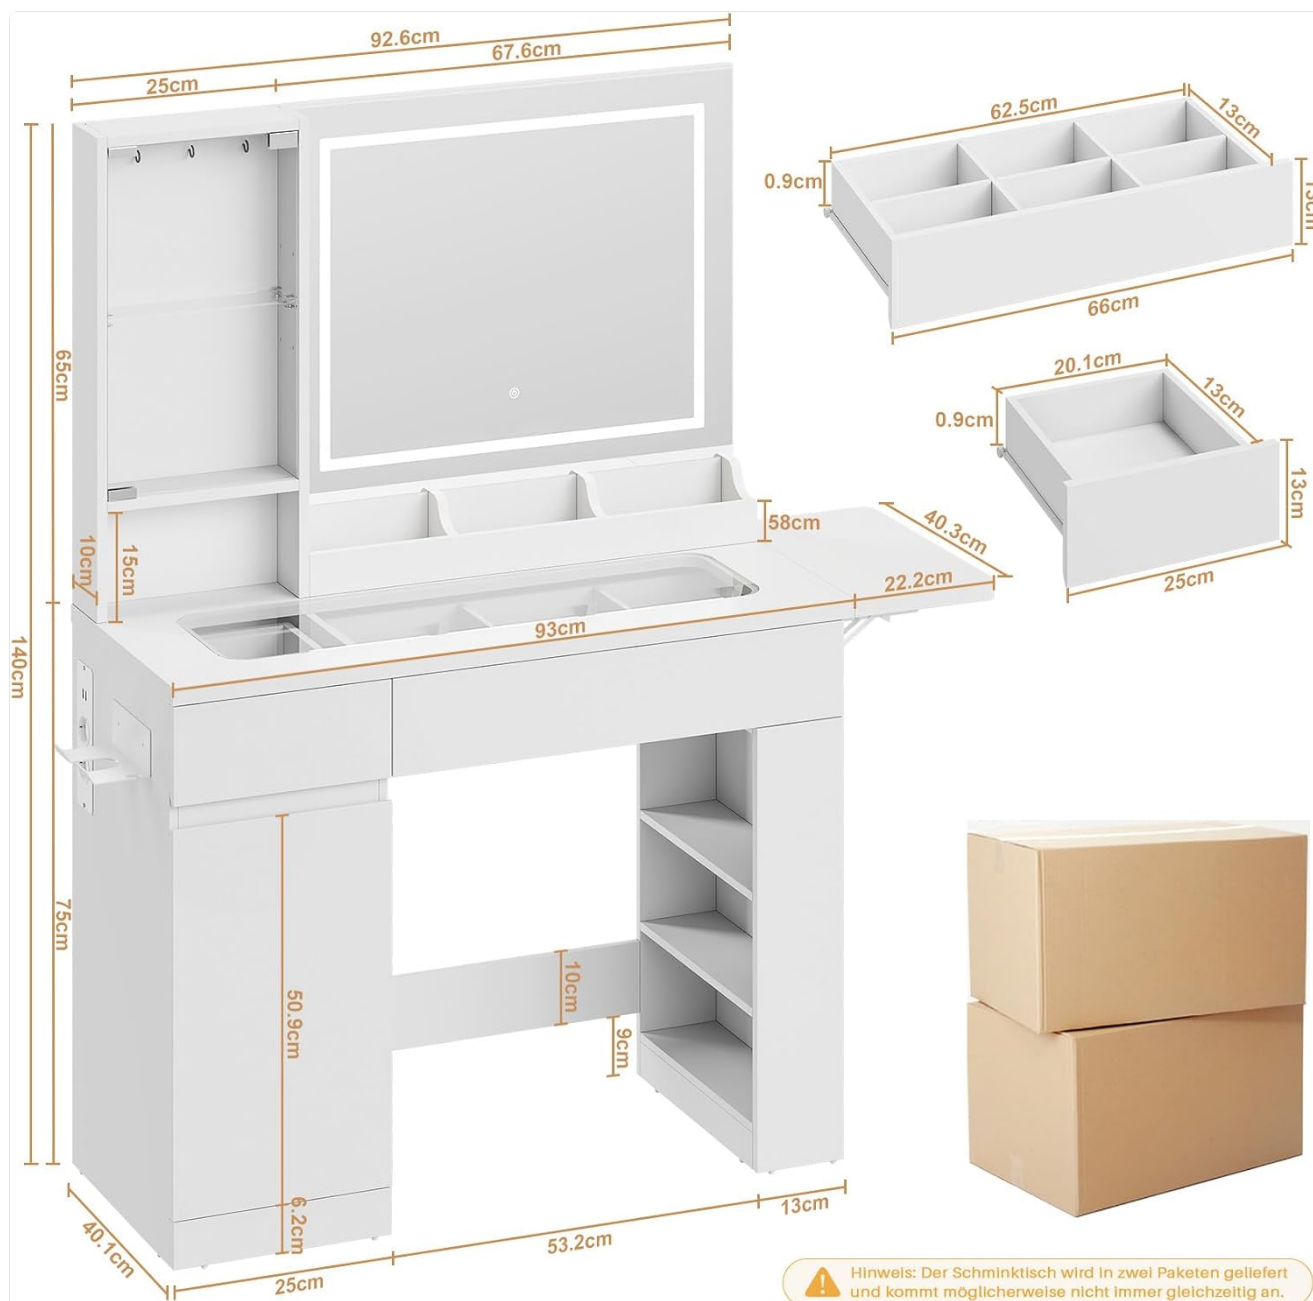

Figure 1: Overview of dressing table dimensions and typical packaging. The product is delivered in two separate packages.

SETUP AND ASSEMBLY

Assembly of the Driplex Dressing Table is designed to be straightforward with clear instructions and numbered parts. We recommend having at least two people for assembly due to the size and weight of some components.

1. **Prepare the area:** Clear a spacious, clean, and level area for assembly. Lay down a blanket or cardboard to protect the floor and furniture parts.
2. **Identify parts:** Unpack all components and verify against the parts list in your physical manual. All parts are typically numbered for easy identification.
3. **Follow instructions:** Refer to the step-by-step assembly guide provided in your package. Pay close attention to diagrams and ensure all fasteners are securely tightened.
4. **Install anti-tip device:** Once the dressing table is fully assembled and in its final position, securely attach the anti-tip safety straps to the wall using appropriate hardware for your wall type. This is a critical safety step.
5. **Connect power:** Plug the dressing table's power cord into a suitable wall outlet.

Figure 2: Key design features including the integrated power sockets, anti-tip safety straps, and jewelry storage options. Ensure the anti-tip straps are installed correctly.

OPERATING INSTRUCTIONS

LED Mirror Lighting

The integrated LED mirror offers three dimmable color temperatures to suit various lighting needs.

- **Power On/Off:** Touch the power icon on the mirror surface to turn the lights on or off.
- **Adjust Color Temperature:** Short press the touch control button to cycle through the three color modes: cool white, warm white, and warm yellow.
- **Adjust Brightness:** Long press the touch control button to dim or brighten the lights within the selected color mode. Release when the desired brightness is achieved.

Figure 3: Mirror touch controls for adjusting light color (short press) and brightness (long press).

Integrated Charging Station

The dressing table includes a practical charging station with 2 AC sockets and 2 USB ports for convenient power access.

- **Using AC Sockets:** Plug your electronic devices (e.g., hair dryer, curling iron) directly into the 2 AC outlets.

- **Using USB Ports:** Connect your USB-powered devices (e.g., smartphone, tablet) to the 2 USB ports for charging.
- **Power Switch:** Ensure the main power switch for the charging station (if present, refer to your physical manual) is in the "ON" position.
- **Overload Protection:** Avoid plugging in too many high-power devices simultaneously to prevent overloading the circuit.

Storage Features

The dressing table offers various storage solutions:

- **Drawers:** Utilize the two large drawers for cosmetics, accessories, or personal items.
- **Cabinet:** The side cabinet features two height-adjustable shelves for larger items.
- **Jewelry Display Case:** A dedicated transparent glass-top section allows for organized display and easy access to jewelry.
- **Open Compartments:** Seven open compartments provide quick access storage for frequently used items.
- **Fold-out Shelf:** An additional fold-out shelf (22 cm) provides extra workspace or display area when needed.

MAINTENANCE

Proper care will ensure the longevity and appearance of your dressing table.

- **Cleaning:** Wipe all surfaces, including the glass top and mirror, with a soft, dry cloth. For stubborn marks, a slightly damp cloth followed by a dry cloth can be used. Avoid abrasive cleaners or harsh chemicals.
- **Dusting:** Regularly dust the table to prevent buildup.
- **Spills:** Immediately wipe up any spills to prevent staining or damage to the finish.
- **Fasteners:** Periodically check all screws and fasteners to ensure they remain tight. Retighten if necessary.
- **Electrical components:** Keep the power sockets and USB ports clean and free of dust. Do not attempt to repair electrical components yourself.

TROUBLESHOOTING

If you encounter any issues with your dressing table, please refer to the following common solutions:

Problem	Possible Cause	Solution
LED mirror lights do not turn on.	Not plugged in. Power outlet not working. Touch control malfunction.	Ensure the power cord is securely plugged into a working wall outlet. Test the outlet with another device. Gently clean the touch control area. If the issue persists, contact customer service.
Charging station (sockets/USB) not working.	Not plugged in. Power outlet not working. Overload protection triggered.	Verify the main power cord is plugged in. Check the wall outlet. Unplug some devices and try again. If there's a reset button on the power strip, press it.
Table feels wobbly after assembly.	Loose fasteners. Uneven floor.	Check and tighten all screws and bolts. Ensure the table is on a flat surface. Use furniture pads if necessary to level it.
Missing parts during assembly.	Parts in second package. Actual missing part.	Wait for the second package to arrive. Contact Dripex customer service with your model number and a description of the missing part.
