

WIZCAR T01

WIZCAR T01 Multimedia Adapter User Manual

Model: T01

1. INTRODUCTION

The WIZCAR T01 is a multimedia adapter designed to upgrade your vehicle's existing EasyConnection or CarbitLink infotainment system with Apple CarPlay and Android Auto functionality. This device allows you to seamlessly integrate your smartphone's features, such as navigation, music streaming, and messaging applications, directly onto your car's display. The T01 supports both wireless and wired connections, offering a high-quality visual and audio experience.

2. PRODUCT OVERVIEW

Image 2.1: The WIZCAR T01 multimedia adapter unit.

This image displays the compact WIZCAR T01 device, a small black square unit with the WIZCAR logo on top. It is designed for easy integration into your vehicle's infotainment system.

Image 2.2: Front view of the WIZCAR T01 retail packaging.

This image shows the front of the WIZCAR T01 product box, featuring the device image, WIZCAR logo, and icons representing various compatible applications like Google Maps, Spotify, and messaging apps.

Image 2.3: Top view of the WIZCAR T01 retail packaging.

This image displays the top of the WIZCAR T01 product box, clearly showing the "WIZCAR T01" model name.

Image 2.4: Back view of the WIZCAR T01 retail packaging.

packaging, detailing specifications.

This image displays the back of the WIZCAR T01 product box, which lists key specifications such as compatible phones (iPhone 6 and later, Android 11 and later), compatible vehicles, maximum current, resolution, working temperature, and connectivity versions (Bluetooth 5.0, WiFi 2.4GHz/5GHz).

3. SETUP AND INSTALLATION

The WIZCAR T01 is designed for easy plug-and-play installation. Follow these steps to set up your device:

1. **Vehicle Compatibility:** Ensure your vehicle's infotainment system has an integrated OEM "CarbitLink" or "EasyConnection" system. The T01 is specifically designed for compatibility with these systems.
2. **Connect the Adapter:** Using the provided USB cable, connect the WIZCAR T01 adapter to a compatible USB port in your vehicle. The adapter will power on automatically.
3. **Smartphone Compatibility:** Ensure your smartphone meets the minimum requirements: iPhone 5 or later for Apple CarPlay, and Android 11 or later for Android Auto.
4. **Initial Pairing (Wireless):**
 - On your vehicle's infotainment screen, navigate to the CarbitLink/EasyConnection interface.
 - On your smartphone, enable Bluetooth and Wi-Fi.
 - Search for the WIZCAR T01 device in your phone's Bluetooth settings and pair with it.
 - Follow any on-screen prompts on both your phone and car display to complete the connection. The device will establish a Wi-Fi connection for data transfer after the initial Bluetooth pairing.
5. **Wired Connection (Optional):** For a wired connection, simply connect your smartphone to the WIZCAR T01 adapter using a compatible USB cable.

Once connected, your vehicle's display should show the Apple CarPlay or Android Auto interface.

4. OPERATING INSTRUCTIONS

After successful setup, you can begin using Apple CarPlay or Android Auto through your vehicle's infotainment system.

4.1. Navigating the Interface

- Use your vehicle's existing controls (touchscreen, rotary knob, steering wheel buttons) to navigate the CarPlay or Android Auto interface.
- The interface mirrors your smartphone's compatible applications, providing a familiar user experience.

4.2. Key Features

- **Navigation:** Access popular navigation apps like Google Maps or Waze directly on your car's screen. Receive turn-by-turn directions and real-time traffic updates.
- **Music and Audio:** Stream music from services like Spotify, listen to radio apps, or play audio files stored on your phone. The T01 supports high-quality audio codecs including AAC, FLAC, WAV, and LDAC.
- **Messaging:** Send and receive messages using compatible messaging applications, often with voice commands for safety.
- **Voice Assistant:** Utilize Siri (for CarPlay) or Google Assistant (for Android Auto) for hands-free control of various functions.

Image 4.1: Google Maps interface displayed on a car screen.

This image illustrates the Google Maps navigation interface as it appears on a vehicle's infotainment screen, demonstrating the WIZCAR T01's ability to project smartphone applications clearly.

4.3. Wireless vs. Wired Connection

The WIZCAR T01 supports both wireless (Bluetooth and Wi-Fi) and wired (USB) connections. Wireless connection offers convenience, while a wired connection can provide a more stable data transfer and simultaneously charge your phone.

5. MAINTENANCE

5.1. Firmware Updates

The WIZCAR T01 supports firmware updates via Wi-Fi. Regularly checking for and installing updates ensures optimal performance, compatibility, and access to new features. Refer to the manufacturer's website or the device's settings menu for instructions on how to perform updates.

5.2. Cleaning and Care

- Keep the device clean and free from dust. Use a soft, dry cloth for cleaning.
- Avoid exposing the device to extreme temperatures, direct sunlight, or moisture.
- Do not attempt to disassemble the device, as this will void the warranty.

6. TROUBLESHOOTING

If you encounter issues with your WIZCAR T01 adapter, please refer to the following common solutions:

- **Device Not Connecting / "Device Not Available":**
 - Ensure the adapter is securely plugged into the vehicle's USB port and receiving power.
 - Verify that your vehicle's infotainment system is set to the correct input (CarbitLink/EasyConnection).
 - Restart your smartphone and the vehicle's infotainment system.
 - Check your phone's Bluetooth and Wi-Fi settings to ensure they are enabled and correctly paired with the WIZCAR T01.
 - Confirm your smartphone meets the minimum operating system requirements (iPhone 5+ / Android 11+).
- **Intermittent Connection / Disconnections:**
 - Ensure there are no strong Wi-Fi or Bluetooth interferences in the vehicle's environment.
 - Try using a different USB port in your vehicle, if available.
 - Consider using a wired USB connection for increased stability.
 - Check for and install any available firmware updates for the WIZCAR T01.
- **No Audio / Poor Audio Quality:**
 - Verify the volume levels on both your smartphone and the vehicle's infotainment system.
 - Ensure the correct audio source is selected on your car's system.
 - Check the USB cable for damage if using a wired connection.
- **CarPlay / Android Auto Not Launching:**
 - Ensure CarPlay or Android Auto is enabled in your smartphone's settings.
 - For Android Auto, ensure the app is installed and updated on your phone.

- Clear the cache of the CarPlay/Android Auto app on your phone, or reinstall it if necessary.

If these steps do not resolve the issue, please contact customer support.

7. SPECIFICATIONS

Feature	Detail
Model Number	T01
Dimensions (L x W x H)	7 x 7 x 1.5 cm (2.76 x 2.76 x 0.59 inches)
