FirFurd P728

FirFurd 180 cm Kitchen Cabinet with LED and Spice Rack User Manual

Model: P728

1. Introduction and Overview

This manual provides detailed instructions for the assembly, operation, and maintenance of your new FirFurd 180 cm Kitchen Cabinet (Model P728). This versatile storage unit is designed to enhance your kitchen, dining room, or living area with its functional features and elegant design. It includes integrated LED lighting, a convenient spice rack, and a countertop power strip with USB ports and electrical outlets.

Please read this manual thoroughly before assembly and use to ensure safe and correct operation and to maximize the lifespan of your product.

Image 1.1: FirFurd 180 cm Kitchen Cabinet with LED and Spice Rack in a living room setting.

This image shows the FirFurd 180 cm Kitchen Cabinet in a modern living room. The cabinet is white with a wooden top and features upper and lower storage compartments with doors, a central drawer, and an open shelf area with integrated LED lighting. A plant is visible to the left, and a sofa is partially visible on the right, indicating its use in a home environment.

2. Safety Information

Warning: Exercise extra caution during assembly and handling of the product. Read the instructions carefully before beginning assembly.

Warning: The product is heavy and can cause injury if handled improperly. It is recommended to have at least two people for assembly and moving the cabinet. Ensure the anti-tip safety devices are installed to prevent accidental tipping, especially in households with children or pets.

Keep all small parts and packaging materials away from children to prevent choking hazards.

3. Package Contents

The FirFurd 180 cm Kitchen Cabinet is delivered in two separate packages. Please ensure both packages have arrived and all components are present before commencing assembly. The packages contain all necessary numbered parts, hardware, and a detailed assembly instruction manual.

Do not discard any packaging until the product is fully assembled and you have confirmed all parts are accounted for.

4. Setup and Assembly

This cabinet requires self-assembly. Follow the provided clear, step-by-step instructions and use the numbered parts for a smooth installation process. It is recommended to assemble the unit on a soft, clean surface (e.g., a carpet or blanket) to prevent scratches or damage to the furniture and your floor.

Important: Two anti-tip safety devices are included. These devices**must** be installed to secure the cabinet to the wall, preventing accidental tipping and ensuring stability. Refer to the assembly manual for specific installation steps for the anti-tip devices.

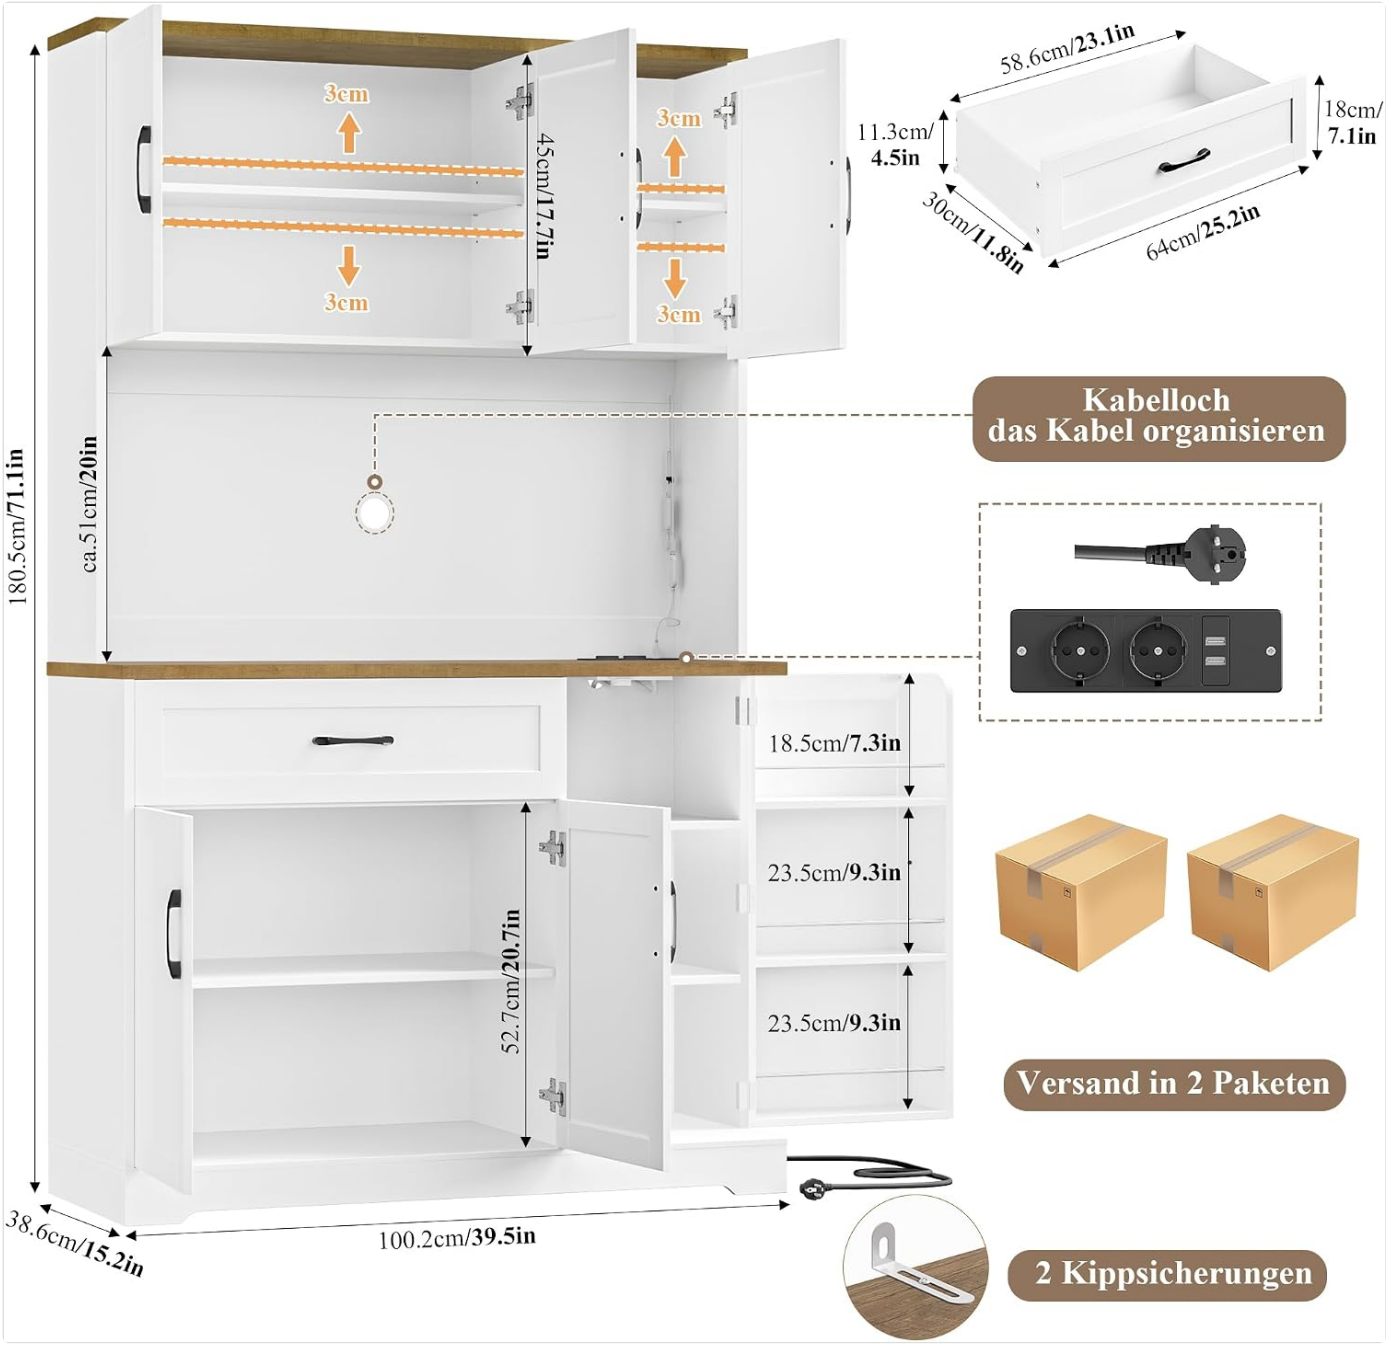

Image 4.1: Detailed dimensions and assembly components of the FirFurd kitchen cabinet.

This image provides a detailed diagram of the FirFurd kitchen cabinet, showing its overall dimensions (180.5 cm height, 100.2 cm width, 38.6 cm depth) and internal compartment measurements. It highlights features such as adjustable shelves, a cable hole for organization, the integrated power strip, and the two anti-tip safety devices. The image also indicates that the product ships in two packages.

5. Operating Instructions

5.1 Integrated Power Strip

The countertop features an integrated power strip designed for convenience. It includes:

- **2 x USB Ports:** 5V-2.1A, suitable for charging electronic devices such as mobile phones, tablets, and speakers.
- **2 x AC Outlets:** 220-250V/16A, designed for household appliances like coffee makers, toasters, and other small kitchen electronics.

The maximum total power capacity for the power strip is 3600W. Ensure that the total wattage of connected devices does not exceed this limit to prevent overload.

Image 5.1: Integrated Power Strip and Cable Management.

This image provides a close-up view of the countertop area of the FirFurd kitchen cabinet, highlighting the integrated power strip. The power strip includes two USB ports and two standard electrical outlets, along with a cable management hole to keep cords tidy. Various kitchen items like a coffee machine and fruit are displayed on the countertop.

5.2 LED Lighting

The cabinet is equipped with warm LED lighting located in the open shelf area. This lighting provides clear visibility and can be adjusted for brightness and color. The LED features can be controlled via a mobile phone application, allowing you to customize the ambiance. A music mode is also available, where the lighting changes dynamically with music playback.

Image 5.2: LED Lighting Options.

This image illustrates the FirFurd kitchen cabinet with its LED lighting feature. Multiple smaller insets show the LED light changing colors, demonstrating the adjustable color and brightness capabilities. The main image shows the cabinet with a warm LED glow, enhancing the display of items on the open shelf.

5.3 Adjustable Shelves

The upper compartments of the cabinet feature adjustable shelves. These shelves can be repositioned in 3 cm

increments, allowing you to customize the storage space to fit items of various heights, from small coffee beans to larger dishes.

5.4 Spice Rack

A three-tier spice rack is integrated into one of the doors, providing convenient storage and easy access for spices, jams, beverages, and other small items.

Image 5.3: Organized Storage Features.

This image provides an interior view of the FirFurd kitchen cabinet, showcasing its various storage solutions. It highlights the adjustable shelves in the upper compartments, the spacious drawer for small items, the lower cabinets for larger appliances, and the three-tier spice rack on the door, all designed for efficient organization.

6. Maintenance

To ensure the longevity and appearance of your FirFurd kitchen cabinet, follow these maintenance guidelines:

- **Cleaning:** The cabinet's surface is water-resistant and easy to clean. Wipe with a soft, damp cloth. Avoid using

abrasive cleaners or harsh chemicals that could damage the finish.

- **Moisture:** While the surface is water-resistant, avoid prolonged exposure to water or excessive moisture. Promptly wipe up any spills.
- **Hardware:** Periodically check all screws, hinges, and fittings to ensure they remain tight and secure. Tighten any loose hardware as needed.
- **Anti-Tip Devices:** Regularly inspect the anti-tip safety devices to ensure they are firmly attached to both the cabinet and the wall.

7. Troubleshooting

If you encounter any issues with your FirFurd kitchen cabinet, consider the following:

- **Assembly Difficulties:** Double-check the assembly instructions. Ensure all parts are correctly oriented and all screws are tightened. If parts are missing or damaged, contact customer support.
- **LED Lighting Not Working:** Verify that the power cable for the LED lights is securely plugged into a working outlet. Check the mobile application settings for brightness and color.
- **Power Strip Not Functioning:** Ensure the power strip's main plug is securely connected to a working wall outlet. Check if the wall outlet itself is receiving power. Do not exceed the maximum wattage of 3600W.
- **Cabinet Instability:** Ensure the anti-tip safety devices are properly installed and secured to the wall. Verify that the cabinet is placed on a level surface.

8. Specifications

Feature	Specification
