

UGREEN FT205

UGREEN FineTrack Mini2 Air Tracker Tags (iOS Only)

Model: FT205

1. INTRODUCTION

The UGREEN FineTrack Mini2 Air Tracker Tags are designed to help you locate your valuable items using Apple's Find My network. These tags are compatible exclusively with iOS devices and offer features such as long battery life, water resistance, and loud alarms. This manual provides detailed instructions for setup, operation, maintenance, and troubleshooting.

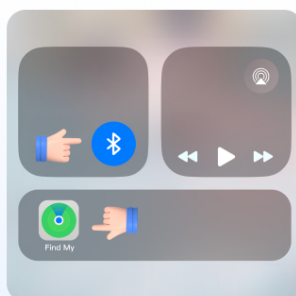

2. PACKAGE CONTENTS

Before you begin, please ensure all items are present in your package:

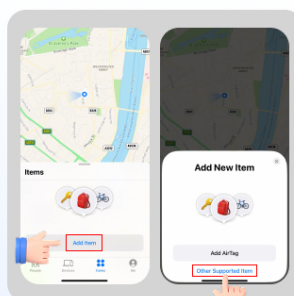

- 4 x UGREEN FineTrack Mini2 Air Tracker Tags
- 4 x Protective Cases
- 1 x User Manual

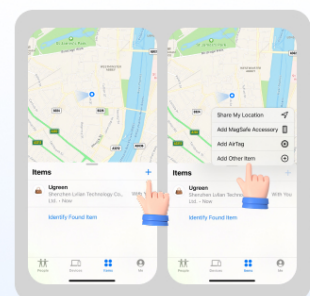

1. Please press the icon firmly for 2 seconds to turn it on.

2. Open "Find My," turn on Bluetooth, and let the device move closer to your iPhone.

3. User 1. First connection: Select "Objects" > "Add Objects" > "Other Supported Items," then click "Connect" and name the device.

4. User 2. Already connected, new tracker required: Click the "+" sign to the right of the "Objects" page, select "Add more objects," and the system will display the product pairing information.

Note: Once the device is powered on, please add the tracker within 5 minutes; after this time, the device will automatically shut down and must be restarted before adding the tracker.

3. SETUP AND PAIRING

Follow these steps to set up and pair your UGREEN FineTrack Mini2 with your iOS device:

1. **Power On:** Press the icon on the tracker firmly for 2 seconds to turn it on. The tracker will emit a sound and its indicator lights will activate.

Figure 3.1: Powering On the Tracker

2. **Enable Bluetooth and Open Find My App:** Ensure Bluetooth is enabled on your iPhone or iPad. Bring the tracker close to your iOS device and open the pre-installed 'Find My' app.

Figure 3.2: Preparing for Pairing

3. **First-Time Connection:** In the 'Find My' app, navigate to the 'Items' tab. Tap the '+' icon, then select 'Add Other Item'. The app will detect your FineTrack Mini2. Follow the on-screen prompts to connect and name your device.

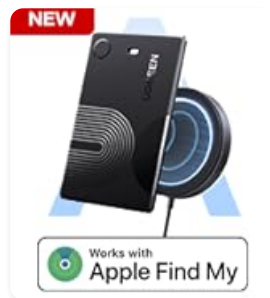

Figure 3.3: Adding a New Item

4. **Adding Additional Trackers:** If you are adding another tracker after the first one is connected, click the '+' sign on the right side of the 'Items' page in the 'Find My' app. Select 'Add Other Item' and follow the pairing instructions.

Figure 3.4: Adding Multiple Items

Note: Once powered on, the device must be added within 5 minutes. After this time, the device will automatically shut down and must be

restarted for pairing.

4. OPERATING INSTRUCTIONS

4.1 Locating Your Items

Once paired, you can locate your items using the 'Find My' app:

- Open the 'Find My' app on your iOS device.
- Go to the 'Items' tab.
- Select the UGREEN FineTrack Mini2 you wish to locate.
- Tap 'Play Sound' to make the tracker emit a loud alarm (up to 110dB), helping you find it if it's nearby.

Share with 5 People

Let your family or friends locate your items (requires iOS 14.5 and later)

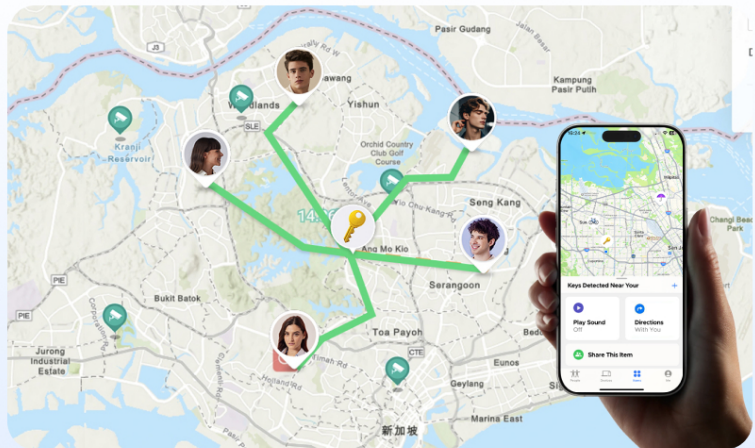

Figure 4.1: Using the 110dB Loud Alarm

The tracker also features a fluorescent design, making it easier to spot in low-light conditions when searching visually.

Compact and Lightweight

At 36*36*10.7mm and weighing 15g, the tracker is easy to carry

4.2 Lost Mode and Left-Behind Alerts

- **Lost Mode:** If an item with a FineTrack Mini2 is lost, you can enable 'Lost Mode' in the 'Find My' app. This allows you to display a message and contact information to anyone who finds your tag.
- **Left-Behind Alerts:** Activate notifications to receive an alert on your iOS device if you leave an item behind and the

tracker moves too far away from your phone. This helps prevent loss before it occurs.

4.3 Family Sharing

With iOS 17 or later, you can share the location of your FineTrack Mini2 with up to 5 family members or friends through the 'Find My' app. This allows multiple individuals to track and locate shared items.

5. MAINTENANCE

5.1 Battery Life

The UGREEN FineTrack Mini2 features an ultra-efficient, non-rechargeable, and non-replaceable battery designed to last between 5 to 7 years under normal use. This eliminates the need for frequent charging or battery changes.

Travel with Peace of Mind

No more worrying about losing things

Figure 5.1: Extended Battery Life

5.2 Water and Dust Resistance

The FineTrack Mini2 is IP68 rated, meaning it is resistant to dust and can withstand submersion in up to 2 meters of water for 60 minutes. This makes it suitable for use in various outdoor conditions, including rain.

5.3 Cleaning

To clean your tracker, wipe it with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials that could damage the device.

6. TROUBLESHOOTING AND FAQ

Frequently Asked Questions:

Q1: Why does UGREEN use disposable batteries in this product design?

A: The sealed battery design supports an IP68 waterproof rating, which helps extend battery life and prevent battery corrosion over time. This design also reduces maintenance costs and offers carbon neutrality benefits compared to rechargeable lithium batteries.

Q2: How is the 7-year battery life calculated? What is the theoretical basis for this calculation?

A: Assuming the device is powered on and plays a notification sound once a day for item finding, the theoretical power consumption is estimated at 0.2mAh (based on UGREEN's lab tests). The product's battery capacity is 600mAh. Factoring in a 10% degradation, the effective capacity is 540mAh. Thus, 540mAh ÷ 0.2mAh/day = 2,700 days, which is approximately 7.3 years. Actual battery life may vary depending on usage and environmental conditions.

Q3: How do I check the battery level?

A: After connecting the product to the Find My app, go to the homepage. The remaining battery level will be displayed below the device name.

Q4: Does the product support UWB precise positioning?

A: This product supports Global Positioning but not UWB precise positioning. Positioning is in meters, with errors based on the map. During a search, a circular area is shown, but no directional arrow is provided. Use the 'Play Sound' function when near the target for detection.

Q5: Does the product support charging?

A: The product battery is neither replaceable nor rechargeable.

7. SPECIFICATIONS

Feature	Detail
Brand	UGREEN
Model Number	FT205 (95900P)

Compatible Devices	iOS devices only
Number of Items	4 (in a pack)
Item Weight	80 g (total for 4 tags)
Battery Life	5-7 years (non-replaceable Lithium Metal battery included)
Connectivity Technology	Bluetooth
Control Method	App (Apple Find My)
Audible Noise	110 dB
Water/Dust Resistance	IP68 certified
