Maintenance

Proper care will extend the life and appearance of your sofa bed. The sofa is constructed with high-quality towel fabric, known for its durability and ease of care.

Fabric Care

- **Regular Cleaning:** Vacuum the fabric regularly using an upholstery attachment to remove dust and debris.
- **Spot Cleaning:** For spills, blot immediately with a clean, dry cloth. For stubborn stains, use a mild fabric cleaner specifically designed for upholstery. Test on an inconspicuous area first.
- **Avoid Harsh Chemicals:** Do not use bleach, abrasive cleaners, or strong detergents, as these can damage the fabric.
- **Protection:** The towel fabric is water-repellent and stain-resistant, offering good protection against everyday spills.

- Avoid exposing the sofa to direct sunlight or extreme temperatures, which can affect the fabric and frame integrity.

Troubleshooting

If you encounter any issues with your tiramisubest sofa bed, please refer to the following common solutions:

Problem	Possible Cause	Solution
Sofa feels unstable or wobbly.	Loose assembly bolts.	Check and tighten all assembly bolts and screws. Ensure the sofa is on a level surface.
Difficulty converting to bed or recliner.	Obstruction in the mechanism or improper technique.	Ensure the area in front of the sofa is clear. Gently pull the handle straight out. Do not force the mechanism. Refer to the operating instructions.
Backrest does not adjust or lock.	Mechanism not fully engaged or obstruction.	Push the backrest slightly forward to reset the mechanism, then recline to the desired position, ensuring it clicks into place. Check for any fabric or debris obstructing the mechanism.
USB ports not charging devices.	Power source issue or cable problem.	Ensure the sofa's power cord (if applicable) is securely plugged into a working outlet. Try a different USB cable or device to rule out cable/device issues.
