Safariland Model 6004-4 Thigh Plate Instruction Manual

Model: 6004-4 | Brand: Safariland

1. INTRODUCTION

This manual provides essential information for the proper installation, use, and care of your Safariland Model 6004-4 Thigh Plate. This product is designed as a replacement thigh plate for double strap leg shrouds, offering a stable platform for various Safariland holsters and accessories.

The Model 6004-4 is constructed from durable SafariLaminate material, ensuring longevity and protection for your equipment. Please read these instructions thoroughly before attempting installation or use.

2. SETUP AND INSTALLATION

The Safariland Model 6004-4 Thigh Plate is designed to integrate with existing double strap leg shroud systems. Follow these steps for proper installation:

- 1. Prepare the Leg Shroud:** Ensure your double strap leg shroud is clean and free from obstructions. If replacing an existing thigh plate, carefully remove the old plate and any attached accessories.
- 2. Attach Leg Straps:** Thread the leg straps of your shroud system through the designated slots on the Model 6004-4 Thigh Plate. Ensure the straps are routed correctly to allow for comfortable and secure fit around the thigh.
- 3. Secure Holster/Accessories:** Attach your Safariland holster or other compatible accessories to the mounting points on the thigh plate. Use the provided hardware (if applicable with your holster/accessory) and ensure all screws are tightened securely. Refer to the specific instructions for your holster or accessory for proper attachment.
- 4. Adjust for Fit:** Once assembled, don the leg shroud system. Adjust the leg straps for a snug, yet comfortable fit around your thigh. The plate should sit securely without excessive movement. The ambidextrous design allows for left or right leg carry.

3. OPERATING INSTRUCTIONS

Once the Safariland Model 6004-4 Thigh Plate is properly installed with your leg shroud and accessories, its operation is straightforward:

- **Wearing the System:** Secure the leg shroud system around your thigh. Ensure the straps are adjusted to prevent excessive movement during activity while maintaining comfort. The plate should remain stable.
- **Accessing Equipment:** The thigh plate provides a stable platform for quick and efficient access to your attached holster and other gear. Practice drawing your firearm or accessing accessories to ensure smooth operation and proper retention.
- **Ambidextrous Use:** The design of the thigh plate allows for ambidextrous use, meaning it can be configured for either left-handed or right-handed users depending on how the holster and straps are oriented.

4. MAINTENANCE AND CARE

To ensure the longevity and optimal performance of your Safariland Model 6004-4 Thigh Plate, follow these maintenance guidelines:

- **Cleaning:** The SafariLaminate material is durable and easy to clean. Wipe the thigh plate with a damp cloth to remove dirt, dust, or debris. For stubborn grime, a mild soap solution can be used, followed by rinsing with clean water and air drying. Avoid harsh chemicals or abrasive cleaners.
- **Inspection:** Regularly inspect the thigh plate for any signs of wear, cracks, or damage, especially around mounting points and strap slots. Check that all attached hardware (screws, bolts) are secure and tightened appropriately.
- **Storage:** Store the thigh plate and associated leg shroud system in a cool, dry place away from direct sunlight and extreme temperatures when not in use.

5. TROUBLESHOOTING

If you encounter issues with your Safariland Model 6004-4 Thigh Plate, consider the following common solutions:

- **Plate feels loose or unstable:**
 - Ensure leg straps are properly tightened and adjusted for your thigh size.
 - Verify that the thigh plate is correctly integrated with the leg shroud system.
 - Check all screws and attachment points for your holster/accessories are securely fastened to the thigh plate.
- **Discomfort during wear:**
 - Re-adjust leg strap tension. Straps should be snug but not overly tight.
 - Ensure the thigh plate is positioned correctly on your thigh, avoiding pressure points.
 - Check for any pinching or rubbing from the leg shroud or attached accessories.
- **Holster/accessory attachment issues:**
 - Confirm compatibility of your holster/accessory with the Safariland thigh plate mounting pattern.
 - Ensure correct hardware is used and tightened according to the accessory's instructions.
