Garvee DGT

Garvee 43.3-inch Hydraulic Pet Grooming Table Instruction Manual

1. Introduction

This instruction manual provides essential information for the safe and effective assembly, operation, and maintenance of your Garvee 43.3-inch Hydraulic Pet Grooming Table. Please read this manual thoroughly before using the product to ensure proper function and longevity.
The Garvee Hydraulic Pet Grooming Table is designed to provide a stable and adjustable platform for various pet care tasks, including bathing, trimming, drying, and grooming. Its robust construction and hydraulic lift system offer convenience and ergonomic benefits for users.

2. Safety Information

Always prioritize safety when operating the grooming table. Failure to follow these guidelines may result in injury to the pet or user, or damage to the product.

- **Maximum Weight Capacity:** Do not exceed the maximum load capacity of 350 lbs (158 kg). Overloading can cause instability and damage.
- **Stable Surface:** Ensure the table is placed on a flat, stable, and non-slip surface before use.
- **Pet Restraint:** Always use the provided grooming nooses to secure the pet on the table. Never leave a pet unattended on the grooming table.
- **Assembly:** Ensure all components are correctly assembled and tightened before placing a pet on the table. Refer to the assembly section for detailed instructions.
- **Moving Parts:** Keep hands, feet, and clothing clear of moving parts, especially during height adjustment.
- **Children and Pets:** Keep children and unauthorized pets away from the grooming table during operation.
- **Inspection:** Regularly inspect the table for any signs of wear, damage, or loose components. Do not use if damaged.

3. Package Contents

Before assembly, verify that all parts are present and undamaged. If any parts are missing or damaged, contact

customer support.

Figure 3.1: All components of the Garvee Hydraulic Pet Grooming Table.

- Grooming Tabletop (1)
- Base Frame Assembly (1)
- Hydraulic Pump (1)
- Grooming Arm Vertical Posts (2)
- Grooming Arm Horizontal Bar (1)
- Grooming Arm Clamps (2)
- Grooming Nooses/Ropes (3)
- Adjustable Feet (4)
- Hardware Kit (bolts, nuts, washers, Allen wrench)

4. Assembly Instructions

Assembly requires careful attention to detail. An extra set of hands may be helpful. Please note that the provided instructions may be simplified; refer to these detailed steps for clarity.

Required Tools (Not Included):

- Socket wrench with 14mm and 17mm sockets.
- Smaller socket (approx. 8mm or 10mm) for pump base nuts.
- 6mm or 8mm Allen wrench (for pump pedal setscrews).
- Socket wrench extension (3-4 inches).
- Larger sized Phillips head screwdriver.
- 14mm and 17mm crescent wrench.
- Small mallet or rubber hammer (optional, for minor adjustments).

Assembly Steps:

1. **Attach Adjustable Feet:** Screw the four adjustable feet into the designated holes on the bottom of the base frame. Ensure they are securely tightened.
2. **Install Hydraulic Pump:**
    - Carefully remove the nuts from the bottom of the hydraulic pump.
    - Position the hydraulic pump into the designated slot on the base frame.
    - Secure the pump to the base frame using the previously removed nuts and the smaller socket wrench.
    - Attach the pump pedal to the hydraulic pump. Use the appropriate Allen wrench (6mm or 8mm) to secure the pedal with the two setscrews in the pump actuator arms.

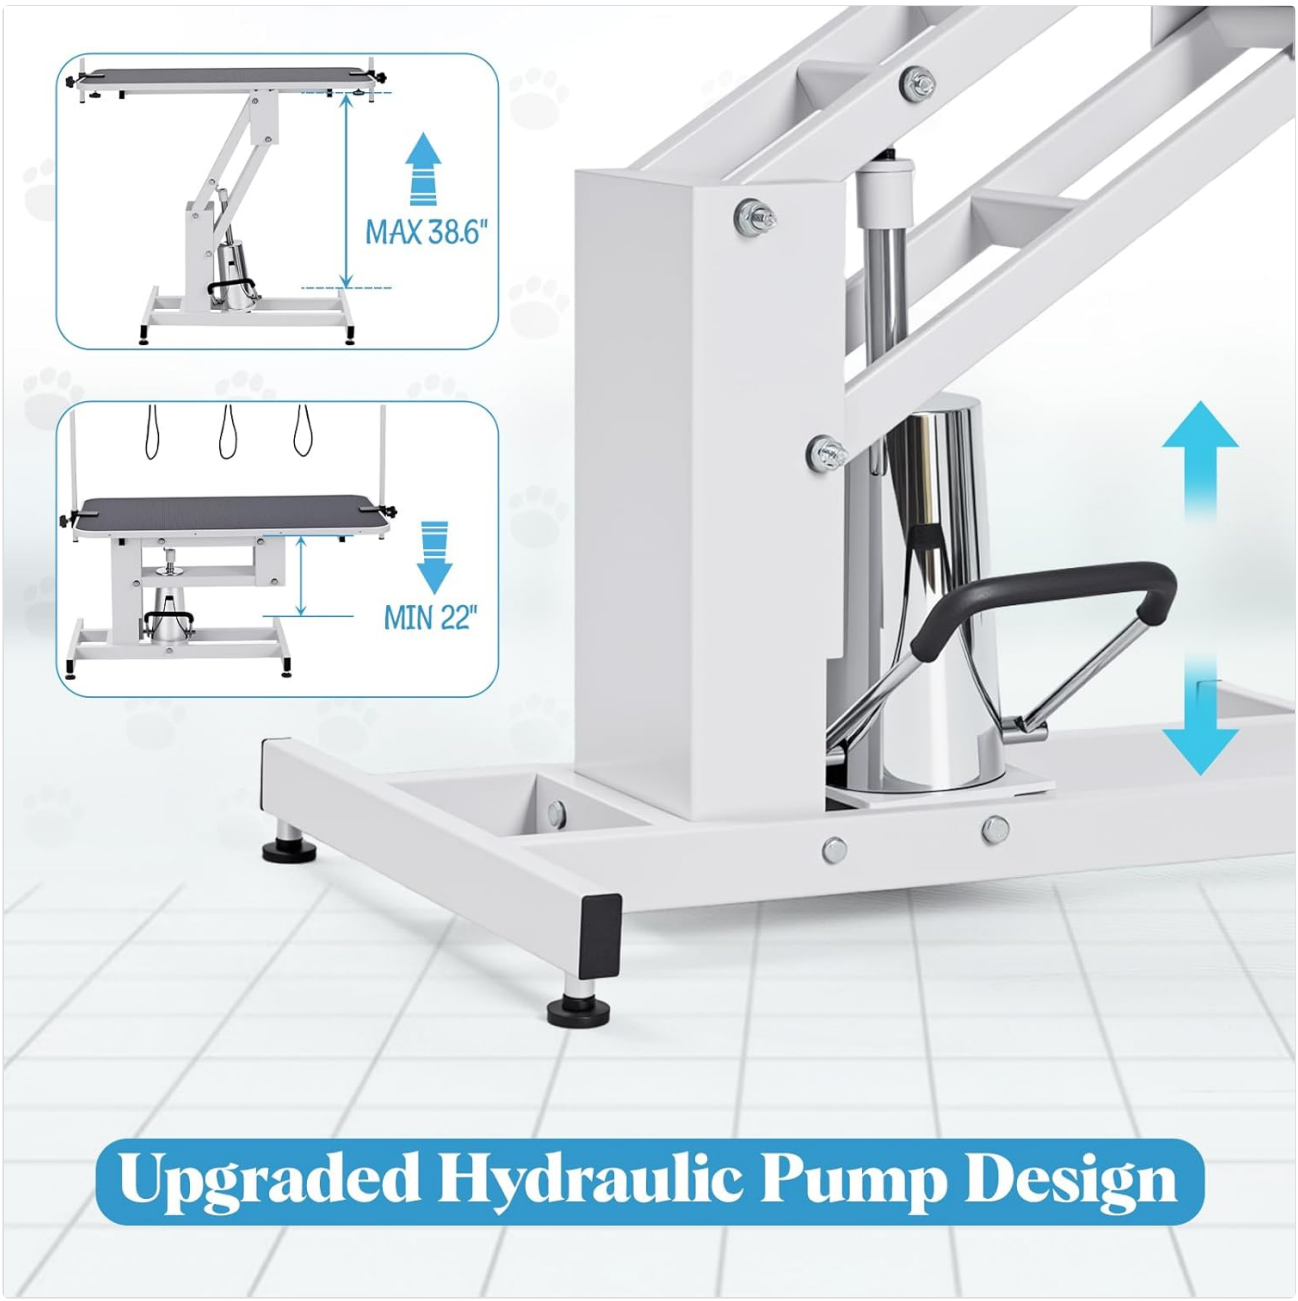

Figure 4.1: Hydraulic pump and Z-lift mechanism detail.

3. **Attach Tabletop to Base:** Carefully align the tabletop with the top of the hydraulic lift mechanism. Secure it using the provided bolts, washers, and nuts. Use the 14mm and 17mm sockets and crescent wrenches to tighten all connections firmly.
4. **Install Grooming Arm Vertical Posts:** Insert the two vertical posts of the grooming arm into the designated holes on the sides of the tabletop. Secure them with the provided clamps and knobs. Tighten the knobs to hold the posts firmly in place.
5. **Attach Grooming Arm Horizontal Bar:** Place the horizontal bar across the top of the two vertical posts. Secure it using the remaining clamps and knobs. Ensure the bar is level and stable.
6. **Attach Grooming Nooses:** Clip the three grooming nooses onto the horizontal bar. Adjust their positions as needed for pet safety and comfort.

5. Operating Instructions

5.1 Adjusting Table Height

The Garvee grooming table features a hydraulic pump system for easy height adjustment.

- **To Raise the Table:** Repeatedly press the foot pedal downwards. The table will smoothly ascend. Continue pressing until the desired height is reached.
- **To Lower the Table:** Press the foot pedal downwards and hold it. The table will smoothly descend. Release the pedal when the desired height is reached.

Figure 5.2: The grooming table's easily adjustable height range.

5.2 Using the Grooming Arm and Nooses

The grooming arm and nooses are essential for safely securing pets during grooming.

- **Positioning the Arm:** Adjust the height and position of the grooming arm's horizontal bar by loosening the clamps on the vertical posts, moving the bar, and then re-tightening the clamps.
- **Securing the Pet:** Attach the grooming nooses to the horizontal bar. Place the noose around the pet's neck or body, ensuring it is snug but not too tight, allowing for comfortable movement while preventing falls. Use multiple nooses for larger or more active pets if necessary.

Figure 5.3: Grooming a pet on the table, showcasing features like the non-slip surface and adjustable clamp.

6. Maintenance

Regular maintenance ensures the longevity and safe operation of your grooming table.

- **Cleaning the Tabletop:** The non-slip PVC surface is corrosion-resistant and easy to clean. Wipe down the tabletop with a damp cloth and mild detergent after each use. Avoid abrasive cleaners or solvents that could damage the surface.
- **Frame Cleaning:** Wipe the steel frame with a damp cloth as needed to remove dirt and pet hair.
- **Hydraulic System:** Periodically check the hydraulic pump for any leaks or unusual operation. If the pump feels stiff or less responsive, consult a professional for service. Do not attempt to disassemble the hydraulic unit yourself.
- **Hardware Check:** Regularly inspect all bolts, nuts, and clamps for tightness. Re-tighten any loose fasteners to maintain stability.
- **Grooming Arm and Nooses:** Clean grooming nooses regularly. Inspect the grooming arm for any bends or

damage.

7. Troubleshooting

This section addresses common issues you might encounter with your grooming table.

- **Table is Wobbly:**
  - Check that all assembly bolts and nuts are securely tightened.
  - Ensure the table is on a flat, even surface.
  - Adjust the leveling feet on the base of the table to eliminate any unevenness.

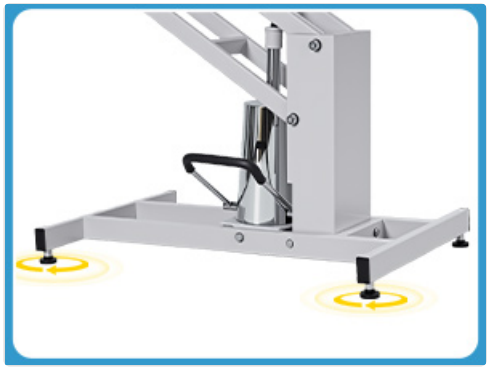

Figure 7.1: Adjustable leveling feet for stability.

- **Hydraulic Pump Not Lifting/Lowering Smoothly:**
  - Ensure the foot pedal is fully engaged when pressed.
  - Check for any obstructions around the hydraulic mechanism.
  - If the issue persists, the hydraulic fluid may need to be checked or the pump may require professional servicing. Do not attempt to repair the hydraulic pump yourself.
- **Grooming Arm is Loose:**
  - Tighten the clamps that secure the vertical posts to the tabletop.
  - Tighten the clamps that secure the horizontal bar to the vertical posts.

8. Specifications

Feature	Specification
Model Name	DGT
Tabletop Dimensions (L x W)	43.3 inches x 23.6 inches
Adjustable Height Range	22 inches - 38.6 inches
Maximum Load Capacity	350 lbs (158 kg)
Tabletop Material	Non-slip PVC with Aluminum Alloy Edge
Frame Material	Heavy-duty Steel
Hydraulic System	Z-shaped Hydraulic Lift

Feature	Specification
Included Accessories	Grooming Arm, 3 Grooming Nooses, Clamps
Item Weight	95 Pounds
Product Dimensions (LxWxH)	43.3 x 26.6 x 38 inches (at max height)
