Brand: Kalrin

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your Kalrin Over The Toilet Storage Cabinet, Model KR-HTS-25-WW. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

The Kalrin Over The Toilet Storage Cabinet is designed to maximize storage in your bathroom, laundry room, or balcony. It features unique fluted wave doors, adjustable shelving, and a convenient drain basket.

IMPORTANT SAFETY INFORMATION

- Always secure the cabinet to the wall using the provided hardware to prevent tipping.
- Exercise caution during assembly to avoid injury.
- Keep the area around the cabinet clear to prevent tripping hazards.
- Do not overload shelves. The maximum weight capacity is 220 pounds.
- Ensure all screws and fasteners are tightened securely before use.

PACKAGE CONTENTS

Before assembly, verify that all parts and accessories listed in the detailed step-by-step instructions are present. All components are numbered for easy identification.

SETUP AND ASSEMBLY

Each package includes detailed, step-by-step instructions with numbered parts and accessories for straightforward assembly. Follow the provided guide carefully.

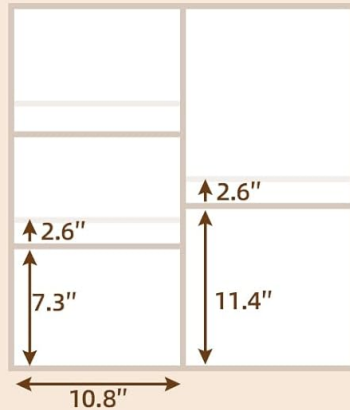

- 1. Unpack and Identify Parts:** Lay out all components on a clean, soft surface to prevent scratches. Match each part to its corresponding number in the instruction manual.
- 2. Assemble the Frame:** Connect the metal frame pieces using the provided screws and tools. Ensure all connections are secure.
- 3. Attach Drain Basket:** Secure the wire drain basket to the designated area on the frame.
- 4. Assemble Cabinet Body:** Construct the wooden cabinet body, ensuring the grooves for the back panels are correctly aligned.
- 5. Install Back Panels:** Slide the back panels into the grooves of the cabinet body.
- 6. Attach Cabinet Doors:** Install the fluted wave doors to the cabinet body using the hinges and screws.
- 7. Insert Adjustable Shelves:** Place the shelf support pins into the desired holes inside the cabinet. Position the adjustable shelves on these pins.
- 8. Connect Cabinet to Frame:** Carefully lift the assembled cabinet and secure it to the top of the metal frame.
- 9. Adjust Bottom Bar and Feet:** The bottom of the organizer features an adjustable crossbar and diagonal braces for enhanced stability. Adjust the crossbar to accommodate plumbing behind your toilet if necessary. The four adjustable feet at the base allow for easy balance adjustment on uneven floors.
- 10. Install Anti-Tip Device:** Secure the cabinet to the wall using the anti-tip hardware provided to prevent accidental tipping.
- 11. Add Hooks:** Attach the 3 extra hooks and the tissue hook to the side of the frame as desired for additional storage.

MAINTENANCE AND CARE

- **Cleaning:** Wipe the cabinet surfaces with a damp cloth for general cleaning. For a dry finish, follow with a dry cloth.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight and secure.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners or harsh chemicals, as these may damage the finish.

TROUBLESHOOTING

- **Cabinet feels wobbly:** Ensure all screws are fully tightened. Verify that the adjustable feet are properly leveled on the floor. If still wobbly, ensure the anti-tip device is securely installed to the wall.
- **Doors do not close properly:** Check that the magnetic door bolts are correctly aligned and securely fastened. Ensure hinges are properly installed and tightened.
- **Missing parts:** If any parts are missing upon unboxing, please contact customer service immediately.
