XIAOWTEK S58

XIAOWTEK S58 Wireless Earbuds User Manual

Model: S58

Introduction

Thank you for choosing the XIAOWTEK S58 Wireless Earbuds. These earbuds are designed to provide a superior audio experience with advanced features such as Bluetooth 5.4 connectivity, HiFi stereo sound, an LED power display, clear call technology, and IP7 waterproof protection. This manual will guide you through the setup, operation, and maintenance of your new earbuds.

What's in the Box

- XIAOWTEK S58 Wireless Earbuds (Left and Right)
- Charging Case
- USB Charging Cable
- User Manual

Product Overview

The S58 Wireless Earbuds are designed for comfort and performance. Each earbud weighs only 4 grams, ensuring a lightweight and secure fit for extended wear. The compact charging case features an intuitive LED display to monitor battery levels.

Setup

1. Charging the Earbuds and Case

Before first use, fully charge the earbuds and charging case. Connect the provided USB charging cable to the charging

port on the case and a power source. The LED display on the charging case will show the current battery level of both the case and individual earbuds (0-100%).

2. Bluetooth Pairing

The S58 earbuds utilize Bluetooth 5.4 technology for a faster and more stable connection. They feature one-step auto-

pairing.

1. Open the charging case. The earbuds will automatically enter pairing mode.
2. On your device (smartphone, tablet, laptop), go to Bluetooth settings.
3. Select "S58" from the list of available devices to connect.
4. Once connected, the earbuds are ready for use. They will automatically reconnect to the last paired device when removed from the case.

Single or Dual Earbud Mode

The S58 earbuds support both single and dual earbud modes. You can use either earbud independently for calls or music, or both together for a full stereo experience.

Audio Quality and Calls

Experience Hi-Fi stereo sound with 13.4mm graphene diaphragms, delivering powerful bass, clear mids, and bright highs. The dual hybrid ENC microphones passively eliminate 85% of background noise, ensuring crystal clear calls even in noisy

environments.

Image: An exploded view diagram of the S58 earbud's internal structure, emphasizing the 13.4mm advanced driver responsible for delivering powerful deep bass and crisp treble for HiFi stereo sound quality.

Maintenance

Cleaning

Regularly clean your earbuds and charging case to ensure optimal performance and hygiene. Use a soft, dry, lint-free cloth to wipe down the surfaces. For earbud tips, gently remove them and clean with a mild soap solution, then rinse and dry thoroughly before reattaching.

Water Resistance (IP7)

The S58 earbuds are IP7 waterproof rated, meaning they can withstand immersion in water up to 1 meter for 30 minutes. This makes them suitable for sports and outdoor activities, protecting against sweat and rain. However, the charging case is not waterproof. Do not submerge the charging case in water.

Troubleshooting

- **No Sound/Connection Issues:** Ensure earbuds are charged. Turn off and on your device's Bluetooth, then try re-pairing.
- **Only One Earbud Working:** Place both earbuds back in the charging case, close the lid, wait a few seconds, then open and try connecting again.
- **Charging Problems:** Check if the charging cable is securely connected to both the case and the power source. Ensure the charging contacts on the earbuds and inside the case are clean and free of debris.
- **Touch Controls Not Responding:** Ensure your fingers are clean and dry. Try restarting the earbuds by placing them in the case and taking them out again.

Specifications

Feature	Detail
Brand	XIAOWTEK
Model Name	S58

Feature	Detail
