SETUP AND ASSEMBLY

Your SOFTSEA Queen Size Upholstered Grounded Bed will arrive in two separate packages. It is recommended that two people assemble this product for ease and safety. All necessary parts, tools, and detailed instructions are included and clearly labeled.

Before You Begin

- Unpack all components and lay them out on a clean, soft surface (e.g., a carpet or blanket) to prevent damage.
- Verify that all parts listed in the included parts list are present. If any parts are missing or damaged, contact customer support immediately.
- Ensure you have adequate space for assembly.

Assembly Steps

1. **Attach the Headboard and Footboard:** Connect the headboard and footboard sections to the side rails using the provided hardware. Ensure all connections are secure.
2. **Install the Bedside Desk and Storage:** Secure the bedside desk and integrated storage shelves to the main bed frame as per the diagrams.

OPERATION AND USE

The SOFTSEA Queen Size Upholstered Grounded Bed is designed for comfort and functionality, suitable for both adults and children. Its low-profile design and integrated features enhance usability.

Bedside Desk and Storage

- **Bedside Desk:** Utilize the built-in desk for reading, writing, or placing personal items.
- **Storage Shelves:** The two open storage shelves beneath the desk are ideal for organizing books, small electronics, or decorative items.
- **Stool:** The matching stool can be used with the bedside desk or as additional seating.

CARE AND MAINTENANCE

Proper care will help maintain the appearance and extend the life of your upholstered bed.

Upholstery Care (Velvet)

- **Regular Cleaning:** Gently vacuum the velvet upholstery regularly using a soft brush attachment to remove dust and debris.
- **Spot Cleaning:** For spills, blot immediately with a clean, dry cloth. Do not rub, as this can spread the stain and damage the velvet pile. For stubborn stains, use a mild, water-free solvent or dry-cleaning product. Always test on an inconspicuous area first.
- **Avoid Moisture:** Do not saturate the fabric with water or cleaning solutions.
- **Sunlight Exposure:** Avoid prolonged exposure to direct sunlight to prevent fading.

Frame and Slats Care

- **Cleaning:** Wipe the wooden and MDF components with a soft, damp cloth. Avoid harsh chemicals.
- **Fastener Check:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten as necessary to maintain stability.
- **Weight Distribution:** Ensure weight is evenly distributed on the bed to prevent stress on the frame and slats.
