podoru KT-D013

podoru KT-D013 Magsafe Foldable 10000mAh Magnetic Power Bank User Manual

Model: KT-D013 | Brand: podoru

INTRODUCTION

This manual provides essential instructions for the safe and efficient use of your podoru KT-D013 Magsafe Foldable 10000mAh Magnetic Power Bank. This portable charger is designed to provide convenient wireless and wired charging for compatible devices, primarily the iPhone 12 through 17 series, and other devices via USB-C and USB-A ports. Key features include a 10000mAh high-capacity battery, a foldable stand for versatile viewing, and a digital LED display for power indication. It supports up to 15W wireless charging and 22.5W wired fast charging.

PACKAGE CONTENTS

- podoru KT-D013 Magnetic Power Bank
- USB-C Charging Cable
- User Manual

PRODUCT OVERVIEW

Charger Through Magnetic Cases 12/13/14/15/16/17 in Snap

Magnetic Cases

Non-Magnetic Cases

Note: Only works with iPhone compatible magnetic cases

10000mAh High Capacity with LED display

Image illustrating the USB-C input/output and Lightning input ports on the power bank, along with the digital display.

The power bank features a magnetic surface for secure attachment to compatible iPhones, a digital LED display to show remaining battery percentage, and multiple charging ports for versatility.

SETUP AND INITIAL USE

1. Charging the Power Bank

Before first use, fully charge the power bank. Connect the provided USB-C cable to the power bank's USB-C port and the other end to a compatible USB power adapter (not included). The LED display will show the charging progress. Alternatively, you can use a Lightning cable to charge the power bank via its Lightning input port.

2. Attaching to Your Device

For magnetic wireless charging, align the power bank with the back of your Magsafe-compatible iPhone (iPhone 12 series and newer). The strong magnets will securely attach the power bank to your device. Ensure your iPhone is either without a case or uses a Magsafe-compatible case for optimal magnetic connection and charging efficiency.

Illustration showing compatibility with magnetic cases and incompatibility with non-magnetic cases for secure attachment and charging.

OPERATING INSTRUCTIONS

1. Wireless Charging

Once magnetically attached to your iPhone, the power bank will automatically begin wireless charging. The LED display on the power bank will show its remaining charge, and your iPhone will indicate charging status. The power bank supports 5W, 7.5W, 10W, and up to 15W Max wireless charging, adjusting to your device's needs.

An iPhone receiving wireless charge from the magnetic power bank, showing the charging animation.

2. Wired Charging

The power bank features a USB-A output port (up to 22.5W PD) and a USB-C input/output port (up to 20W). Connect your device using an appropriate charging cable to these ports. The power bank can charge up to three devices simultaneously (one wirelessly, two wired).

The power bank simultaneously charging an iPhone wirelessly, another phone via USB-C, and a third device via USB-A.

3. Using the Foldable Stand

The integrated foldable stand allows you to prop up your iPhone horizontally or vertically while it's attached to the power bank. This is ideal for hands-free viewing of videos or video calls. Simply unfold the stand from the back of the power bank to your desired angle.

15W

Strong Magnetic

No more worrying about the power bank slipping while charging

Diagram illustrating the steps to unfold the integrated stand and an iPhone resting on the stand in both vertical and horizontal orientations.

4. LED Digital Display

The built-in LED digital display shows the exact remaining battery percentage of the power bank, allowing you to monitor its charge level accurately.

MAINTENANCE

- **Cleaning:** Wipe the power bank with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store the power bank in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, fully charge the power bank at least once every three months if not in regular use. Avoid fully discharging the battery frequently.

TROUBLESHOOTING

- **Power bank not charging:** Ensure the charging cable is securely connected to both the power bank and the power adapter. Try a different cable or adapter.
- **Device not charging wirelessly:**
 - Ensure your device is Magsafe-compatible (iPhone 12 series or newer).
 - Check if your phone case is Magsafe-compatible. Non-magnetic cases may prevent proper connection.
 - Verify the power bank has sufficient charge.
- **Slow charging:**
 - Ensure you are using a fast-charging compatible adapter for the power bank's input.
 - For wired charging, ensure your cable and device support fast charging protocols.
- **Magnetic attachment is weak:** Ensure there are no foreign objects between the power bank and your phone/case. Use a Magsafe-compatible case.

SPECIFICATIONS

Model Number	KT-D013
--------------	---------

Battery Capacity	10000 Milliamp Hours (mAh)
Wireless Charging Output	5W, 7.5W, 10W, 15W Max
USB-A Output	22.5W Max PD
USB-C Input/Output	18W Input / 20W Output
Lightning Input	18W Max
Product Dimensions	4.09 x 2.68 x 0.68 inches (104 x 68 x 21 mm)
Item Weight	7.6 ounces
Special Features	Digital Display, Fast Charging, Foldable Stand, Pocket Size, Wireless Charging

SAFETY INFORMATION

The podoru KT-D013 power bank is equipped with multiple safety protection systems to ensure safe operation. These include:

- **Overcharge Protection:** Prevents the battery from being overcharged.
- **Overvoltage Protection:** Safeguards against excessive voltage input.
- **Overcurrent Protection:** Protects against excessive current flow.
- **Short Circuit Protection:** Prevents damage from short circuits.
- **High Temperature Protection:** Monitors and regulates internal temperature to prevent overheating.
- **Over Discharge Protection:** Prevents the battery from being fully depleted, extending its lifespan.

Visual representation of the power bank's internal safety mechanisms, including protection against overcharge, overvoltage, high temperature, and over discharge.

Important Safety Precautions:

- Do not expose the power bank to water or moisture.
- Do not disassemble, modify, or attempt to repair the device.
- Avoid dropping or subjecting the power bank to strong impacts.

- Keep away from extreme heat sources, open flames, or direct sunlight for prolonged periods.
- Dispose of the power bank according to local regulations for electronic waste.

WARRANTY AND SUPPORT

This product is manufactured by Shenzhen Zhilianxintong Electronics Co., Ltd. For warranty claims or technical support, please refer to the contact information provided with your purchase or visit the official podoru website. Keep your proof of purchase for warranty service.
