T4TREAM FPSCKIWSB-NO

T4TREAM Fluted King Size Bed Frame Instruction Manual

Model: FPSCKIWSB-NO

Safety Information **Setup** **Operation** **Maintenance** **Troubleshooting** **Specifications**

1. Safety Information

Please read and understand all safety instructions before assembly and use of the T4TREAM Fluted King Size Bed Frame.

- Always follow the assembly instructions carefully to prevent instability or collapse.
- Be cautious around sharp edges and heavy components to avoid injury during assembly and use.
- Do not exceed the weight capacity of**1000 lbs (453 kg)** for the mattress and sleepers combined.
- Ensure all connections are securely tightened before use and periodically check for looseness.

2. Setup and Assembly

The T4TREAM Fluted King Size Bed Frame requires assembly. It is recommended that assembly be completed by two adults.

2.1 Unpacking and Inspection

- The product is shipped in two protective boxes. These boxes may arrive separately.
- Carefully unpack all components and lay them out on a clean, soft surface to prevent scratches.
- Verify that all parts are present and undamaged by comparing them with the included parts list in your instruction manual. All parts are clearly labeled with serial numbers.
- Contact customer support immediately if any parts are missing or damaged.

2.2 Assembly Process

Follow the step-by-step illustrated instructions provided in the package. A spare hardware pack is included for convenience.

Key assembly steps include:

1. Assembling the headboard components.
2. Attaching the side rails to the headboard.
3. Assembling the footboard storage bench, including drawers and lift-up compartments.
4. Connecting the footboard to the side rails.
5. Installing the reinforced steel support frame and wooden slat system.

Image: Detailed dimensions of the King Size bed frame, showing a width of 80 inches, height of 42 inches, and length of 93.3 inches. The footboard storage bench is 18.5 inches high and includes a drawer with internal dimensions of 37.8 inches long, 11 inches wide, and 6.5 inches deep. The image also indicates 'No Box Spring Needed', 'Ships in 2 Boxes', and a 'Max load capacity' of 1000 lbs.

2.3 Assembly Video Guide

Your browser does not support the video tag.

Video: An official T4TREAM video demonstrating the assembly and features of the Fluted Bed with Wingback Headboard and Footboard Storage Bench. This video provides a visual guide to the construction process and highlights key design elements.

3. Operation and Features

This bed frame is designed for comfort, stability, and integrated storage.

3.1 Wingback Headboard

The tall wood wingback headboard provides comfortable back support for reading or relaxing. Its fluted panels add a refined architectural character to your bedroom.

Image: A close-up view of the wingback headboard, highlighting the vertical fluted panel detailing and the gentle curve of the wing for enhanced comfort and support.

3.2 Integrated Footboard Storage Bench

The footboard features a built-in storage bench that combines seating with practical organization. It includes two large drawers and two lift-up storage compartments.

- **Drawers:** Ideal for everyday storage of items like clothes, books, or small accessories.
- **Lift-Up Compartments:** Suitable for bulkier items such as blankets, seasonal clothing, or extra linens.

Image: An overhead view of the footboard storage bench with both drawers pulled out and the lift-up compartments open, showcasing the ample storage space for various items like towels, blankets, and decorative boxes.

Image: A close-up of the footboard, highlighting the soft curves, refined fluted details, and the wide metal handles in a warm brass tone on the storage drawers.

3.3 Platform Support System

The bed frame features a heavy-duty slat system with a reinforced steel frame, eliminating the need for a box spring. This system provides exceptional stability, reduces motion transfer, and promotes airflow for your mattress.

4. Care and Maintenance

Proper care will ensure the longevity and appearance of your bed frame.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the finish.
- **Dusting:** Regularly dust the fluted panels and other surfaces with a dry, soft cloth or a soft brush to prevent dust buildup.

- **Spills:** Blot spills immediately with a clean, dry cloth.
- **Sunlight:** Avoid prolonged exposure to direct sunlight to prevent fading or discoloration of the wood finish.
- **Hardware:** Periodically check all bolts and screws to ensure they remain tight. Retighten as necessary to maintain structural integrity.

5. Troubleshooting

If you encounter any issues during assembly or use, refer to the following common solutions:

5.1 Assembly Difficulties

- **Missing or Damaged Parts:** Double-check the parts list against the contents of both boxes. If parts are genuinely missing or damaged, contact T4TREAM customer support for replacements.
- **Parts Not Fitting:** Ensure you are using the correct hardware for each step and that parts are oriented correctly. Refer to the illustrated instructions carefully. Do not force components together.
- **Drawers Not Sliding Smoothly:** Verify that the drawer slides are installed correctly and are aligned. Ensure no debris is obstructing the tracks. Lubrication with a silicone-based spray can sometimes help.

5.2 Stability Issues

- **Bed Frame Wobbles:** Ensure all bolts and screws are fully tightened. Check that the bed frame is on a level surface. Adjust any leveling feet if present.
- **Squeaking Noises:** Squeaking can often be resolved by tightening all hardware. Ensure the mattress is properly seated on the slats and not rubbing against the frame.

6. Product Specifications

Feature	Detail
Brand	T4TREAM
Model Number	FPSCKIWSB-NO
Size	King (U.S. Standard)
Color	Natural Oak
Material	Engineered Wood
