AODK B03010OKT901009JP

AODK Electric L-Shaped Standing Desk User Manual

Model: B03010OKT901009JP

1. INTRODUCTION

Thank you for purchasing the AODK Electric L-Shaped Standing Desk. This manual provides essential information for the safe assembly, operation, and maintenance of your new desk. Please read these instructions carefully before use and retain them for future reference.

2. SAFETY INFORMATION

- Ensure all components are securely fastened before use.
- Keep children and pets away from the desk during height adjustment.
- Do not overload the desk. Refer to the specifications for maximum weight capacity.
- Avoid placing liquids directly on the control panel or power outlets.
- The desk features an anti-collision function. If an obstacle is detected during movement, the desk will automatically stop to prevent damage or injury.
- Only use the provided power adapter and cables.

3. SETUP AND ASSEMBLY

Assembly is required for this product. A wrench and an assembly guide are included in the package. For optimal safety and ease, two people are recommended for assembly.

3.1 Package Contents

- Desktop panels (L-shaped)
- Desk frame components
- Electric motor and control box
- Control panel
- Monitor stand components
- Power adapter and cables
- Assembly hardware (screws, bolts, etc.)

- Wrench and screwdriver (recommended tools)
- Assembly guide

3.2 Assembly Steps

1. Unpack all components and verify against the parts list in the assembly guide.
2. Assemble the desk frame according to the detailed instructions provided in the assembly guide. Ensure all connections are secure.
3. Attach the desktop panels to the assembled frame. The main desktop can be configured for left or right-handed use to best fit your space.
4. Install the electric motor and control box, connecting all necessary cables.
5. Mount the control panel in the designated area.
6. Assemble and attach the monitor stand to the desktop.
7. Connect the power adapter to the desk and a suitable power outlet.

4. OPERATING INSTRUCTIONS

4.1 Height Adjustment

The desk offers stepless height adjustment from 72cm to 120cm. Use the up and down arrows on the control panel to manually adjust the desk to your desired height. This allows for comfortable transitions between sitting and standing positions throughout your workday.

4.2 Memory Function

The control panel allows you to save up to 3 preferred height settings. To set a memory position:

1. Adjust the desk to your desired height using the up/down arrows.
2. Press the 'M' button (Memory) followed by one of the numbered buttons (1, 2, or 3). The display will confirm the setting.

To recall a saved height, simply press the corresponding numbered button (1, 2, or 3). The desk will automatically move to the saved position.

4.3 USB Ports and Power Outlets

The desk is equipped with 2 AC power outlets and USB ports for convenient charging of your electronic devices such as computers and smartphones. Ensure devices are compatible with the provided power specifications.

4.4 Anti-Collision Feature

The desk's motor includes an anti-collision function for enhanced safety. If the desk encounters an obstacle during upward or downward movement, it will automatically detect the obstruction and stop. This feature helps prevent injuries and damage to the desk or other objects.

衝突防止機能付きモーター

自動的にリバウンド
安全に昇降

低デシベル・モーター
45 to 55 dB

長い耐用年数
20000回以上使用可能

4.5 Monitor Stand

The integrated monitor stand helps elevate your screen to an ergonomic height, improving posture and reducing strain on your neck and shoulders during long periods of use.

Image: A visual comparison showing how the monitor stand helps users maintain better posture, reducing neck and shoulder strain compared to desks without such elevation.

5. MAINTENANCE

- **Cleaning:** Wipe the desk surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the melamine laminated board.
- **Inspection:** Periodically check all screws and bolts to ensure they remain tight. Retighten if necessary.
- **Cable Management:** Ensure power cables are not pinched or tangled, especially during height adjustments.
- **Motor Care:** The electric motor is designed for durability. Avoid obstructing its movement or applying excessive force during operation.

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
Desk does not move	Power cable disconnected; Motor error; Overload	Check power connection; Unplug and replug to reset; Reduce weight on desk
Uneven height adjustment	Obstruction; Uneven weight distribution	Remove any obstructions; Redistribute weight evenly

Problem	Possible Cause	Solution
Memory function not working	Incorrect setting procedure	Refer to 'Memory Function' section for correct procedure
Anti-collision activates frequently	Sensitive setting; Obstruction	Ensure no objects are in the path of movement; Consult customer support if issue persists

If you encounter any issues not listed here or if the problem persists after attempting the solutions, please contact AODK customer support for assistance.

7. SPECIFICATIONS
