KOPIDOE B0G6YWFFZX

KOPIDOE 6-in-1 Wireless Charging Station User Manual

Model: B0G6YWFFZX

1. Product Overview

The KOPIDOE 6-in-1 Wireless Charging Station is designed to efficiently charge multiple Apple devices simultaneously. It features wireless charging pads for iPhone, Apple Watch, and AirPods, a wired charging port for iPad, a 12-hour digital clock display, and 7 adjustable ambient light colors. This compact station helps organize your charging space.

2. Package Contents

Verify that all items are present in the package:

- Wireless Charging Station x 1
- Type-C Charging Cable x 2
- 30W Charging Adapter x 1

- User Manual x 1

3. Setup Instructions

1. **Connect Power:** Insert the provided 30W charging adapter into a wall outlet. Connect one end of the Type-C charging cable to the adapter and the other end to the 'IN' port on the back of the charging station.
2. **Power On:** The digital clock display and ambient lights will illuminate, indicating the station is powered on.
3. **iPad Stand Assembly (if applicable):** Unfold the integrated iPad stand to your desired viewing angle.
4. **Connect iPad (Wired Charging):** Use one of the provided Type-C cables to connect your iPad or other tablet to the '0UT' port on the charging station.

4. Operating Instructions

4.1 Charging Devices

- **iPhone (15W Max Magnetic Charging):** Place your compatible iPhone model (iPhone 12 series or newer) onto the magnetic wireless charging pad. Ensure proper alignment for optimal charging. A green light will indicate active charging.
- **Apple Watch (3W):** Place your Apple Watch onto the dedicated Apple Watch charging module. The watch will begin charging automatically. A green light will indicate active charging.
- **AirPods (5W):** Place your AirPods (with wireless charging case) onto the designated AirPods wireless charging pad. A green light will indicate active charging.
- **iPad/Tablet (10W Wired Charging):** Connect your iPad or other tablet to the 'OUT' Type-C port using a Type-C cable. This port provides wired charging.

Image 4.1: Visual guide to the different charging zones and their respective power outputs for various Apple devices.

4.2 Clock Display

- **Setting Time:** Long-press the clock button (usually indicated by a clock icon) to enter time setting mode. Use the "+" and "-" buttons to adjust the hour and minute. The clock displays time in a 12-hour format.
- **Adjusting Brightness/Turning Off:** Click the clock button to cycle through three brightness levels (30%, 60%,

100%) or to turn the display off completely. This feature helps prevent sleep disturbance.

Image 4.2: Detailed instructions for setting the time and adjusting the brightness of the integrated 12-hour clock.

4.3 Ambient Light

- **Changing Colors:** Press the light button (usually indicated by a lightbulb icon) to cycle through 7 different ambient light colors.
- **Charging Status Indicators:**
  - **Green Light On:** Phone or Earphone is actively charging.
  - **Green Light Flashing:** Foreign Object Detection (FOD) is active, indicating an obstruction on the charging pad. Remove any foreign objects.

Image 4.3: Illustration of the 7 ambient light colors and the meaning of the charging status indicator lights.

4.4 Foldable & Rotatable iPad Stand

The integrated iPad stand can be folded and rotated to achieve various viewing angles (up to 270 degrees rotation and 150 degrees tilt). This allows for comfortable viewing during video calls, movie watching, or other activities. Ensure the stand is stable before placing a tablet.

Image 4.4: Visual representation of the flexible adjustments for the iPad stand, including folding and rotation capabilities.

5. Compatibility

This charging station is designed for specific Apple devices:

- **iPhone:** Compatible with iPhone 17/17 Pro/17 Pro Max, iPhone 16/16 Plus/16 Pro/16 Pro Max, iPhone 15/15 Plus/15 Pro/15 Pro Max, iPhone 14/14 Plus/14 Pro/14 Pro Max, iPhone 13/13 Pro/13 Pro Max/13 Mini, iPhone 12/12 Pro/12 Pro Max/12 Mini, and other models with wireless charging capabilities.
- **Apple Watch:** Only compatible with Apple Watch Series 1-10 (including Ultra, SE).**Not compatible with other brands of smartwatches.**
- **AirPods:** Compatible with AirPods 4/3 Pro/2 and other earphones that support wireless charging.**Note: Only works with wireless charging cases. Does not support AirPods charging cases with model numbers A3058, A2897, A1602.**
- **iPad & Other Tablets:** Supports wired charging for iPad, iPad Air, iPad Pro, iPad mini, and other tablets equipped with a Type-C charging port.

6. Safety Guidelines & Case Compatibility

The charging station incorporates multiple safety features to protect your devices:

- **Overcharge Protection:** Prevents devices from overcharging once fully charged.
- **Overcurrent Protection:** Safeguards against excessive current flow.
- **Overheating Protection:** Monitors temperature to prevent overheating during charging.
- **Foreign Object Detection (FOD):** Detects metallic or foreign objects on the charging pad and stops charging to prevent damage.

Case Compatibility:

- The wireless charging pads are designed to work with phone cases up to **5mm thick**.
- Avoid using cases with magnetic attachments, metal plates, or credit cards on the wireless charging pads, as these may interfere with charging or damage the devices.

Image 6.1: Visual guide on case compatibility and types of accessories that should be removed before wireless charging.

Image 6.2: Illustration of the built-in intelligent safety mechanisms of the charging station.

7. Maintenance

- **Cleaning:** Disconnect the power adapter before cleaning. Use a soft, dry cloth to wipe the surface of the charging station. Do not use abrasive cleaners, solvents, or immerse the device in water.
- **Storage:** When not in use for extended periods, store the charging station in a cool, dry place away from direct sunlight and extreme temperatures.
- **Cable Care:** Avoid bending or crimping the charging cables excessively to prevent internal damage.

8. Troubleshooting

- **Device Not Charging:**
  - Ensure the charging station is properly connected to the 30W power adapter and a working wall outlet.
  - Verify that your device is placed correctly on the designated charging pad and is compatible with wireless charging.
  - Remove any thick cases (over 5mm), magnetic attachments, metal plates, or credit cards from your device.
  - Check for any foreign objects on the charging pad (green light flashing indicates FOD).
  - For wired iPad charging, ensure the cable is securely connected to both the iPad and the 'OUT' port on the station.
- **Clock Display Not Working/Incorrect:**
  - Ensure the station is powered on.
  - Refer to Section 4.2 for instructions on setting the time and adjusting brightness.
- **Ambient Lights Not Changing:**
  - Ensure the station is powered on.
  - Press the light button to cycle through the colors.
- **Wired Charging Port Malfunction:** If the wired charging port for the iPad stops functioning, try using a different Type-C cable to rule out a cable issue. If the problem persists, contact customer support.

9. Product Specifications

Feature	Specification
Brand	KOPIDOE
Model	B0G6YWFFZX
Connector Type	USB Type C
Input Voltage	9 volts
Wattage	30 watts (with included adapter)
Output Current	5 A
Output Voltage	10 V
Wireless Charging Output (iPhone)	15W Max
Wireless Charging Output (Apple Watch)	3W
Wireless Charging Output (AirPods)	5W
Wired Charging Output (iPad/Tablet)	10W (via 'OUT' Type-C port)
Special Features	7 Color Ambient Light, 12h Format Clock Display, Foldable and Rotatable Design, Tablet Stand
Color	White
Manufacturer	Shenzhen Yixing Electronic Technology Co., Ltd.
UPC	768330972953

10. Warranty and Support

This KOPIDOE product comes with a**1 Year Manufacturer Warranty** from the date of purchase. Please retain your proof of purchase for warranty claims.
