## 4.1 Initial Power On

1. Press and hold the Power button for 3-5 seconds to turn on the tablet.
2. If the tablet does not power on, ensure it is charged for at least 30 minutes, then try again.
3. Swipe up from the bottom of the screen to unlock it.

## 4.2 Language Settings

To change the system language:

1. Go to **Settings**.
2. Select **System > Languages & input > Languages**.
3. Tap **Add a language** and select your preferred language.
4. Drag your preferred language to the top of the list to set it as the primary language.

Your browser does not support the video tag.

## 4.3 Wi-Fi Connection

To connect to a Wi-Fi network:

1. Go to **Settings**.
2. Select **Network & internet > Wi-Fi**.
3. Turn on Wi-Fi.
4. Select your desired network from the list and enter the password if prompted.

## 4.4 Google Account Setup

To set up your Google account:

1. During initial setup, follow the on-screen prompts to sign in with your Google account.
2. If you skipped this step, go to **Settings > Accounts > Add account > Google**.
3. Enter your Google account credentials to complete the setup.

# 5. OPERATING THE TABLET

---

## 5.1 Basic Navigation

- **Tap:** Touch an application icon to select and launch it.
- **Tap and Hold:** Tap and hold on an application or item to see relevant options or move it.
- **Swipe:** Swipe left/right or up/down to navigate between screens or interfaces.
- **Pinch & Spread:** Use two fingers to zoom in or out of photos and web content.

## 5.2 Android 16 OS and Gemini AI

The Nexall N90 runs on the latest Android 16 OS, offering improved app startup speed (up to 32% faster) and 25% longer battery life. It also features enhanced security and privacy controls. The tablet supports Google's next-generation AI, Gemini, for various tasks including text and image generation, data analysis, report creation, and multi-language translation.

other, highlighting efficient multitasking.

## 5.4 Connectivity (4G LTE, 5G Wi-Fi, GPS)

The N90 supports 4G LTE communication, allowing for voice calls and mobile data usage on the go by inserting a SIM card. Dual-band 2.4GHz/5GHz Wi-Fi ensures stable and high-speed connections for online meetings, file editing, and video streaming. The built-in GPS provides convenient navigation for travel.

## 7. TROUBLESHOOTING

If you encounter any issues with your Nexall N90 tablet, please try the following common troubleshooting steps:

- **Device not powering on:** Ensure the battery is charged. Connect the tablet to the charger for at least 30 minutes before attempting to power it on again.
- **Screen unresponsive:** Restart the tablet by holding the power button for 3-5 seconds.
- **Wi-Fi connectivity issues:** Check your router and ensure the Wi-Fi signal is strong. Try restarting both the tablet and the router.
- **App crashes or freezes:** Close the problematic app and reopen it. If the issue persists, clear the app's cache or reinstall it.
- **Slow performance:** Close unnecessary background applications. Consider performing a factory reset if performance issues continue after other troubleshooting steps (note: this will erase all data).
