ELAC NAVA100

ELAC NAVA100 Portable Bluetooth Speaker Instruction Manual

Model: NAVA100 | Brand: ELAC

1. INTRODUCTION

The ELAC NAVA100 is a portable Bluetooth speaker designed to deliver high-fidelity audio in a compact and durable form factor. This manual provides essential information for setting up, operating, and maintaining your speaker to ensure optimal performance and longevity. The NAVA100 combines intuitive controls with a timeless design, making it suitable for various listening environments, both indoors and outdoors.

2. PRODUCT OVERVIEW

2.1 Design and Construction

The NAVA100 features a precision-formed aluminum exterior, providing a cool-to-the-touch feel and a solid, balanced presence. This robust construction ensures durability without compromising on style. Its compact dimensions allow for easy portability, fitting comfortably in your hand or bag.

2.2 Controls

The speaker features minimalistic controls conveniently located on its top panel for ease of use. These controls include:

- **Power Button:** To turn the speaker on or off.

- **Bluetooth Pairing Button:** To initiate Bluetooth pairing mode.
- **Play/Pause Button:** To control audio playback.
- **Volume Up/Down Buttons:** To adjust the audio volume.

2.3 Acoustic Design

The NAVA100 is engineered for rich, full-bodied sound performance. It incorporates a 3-inch full-range driver paired with dual passive radiators, delivering robust and balanced audio with surprisingly deep bass for its size. The internal amplification provides clear playback suitable for most indoor and small outdoor settings.

3. SETUP

3.1 Bluetooth Pairing

1. Ensure the NAVA100 speaker is powered on.
2. Press and hold the Bluetooth pairing button on the top panel until the indicator light flashes, indicating it is in pairing mode.
3. On your smartphone, tablet, or laptop, navigate to the Bluetooth settings.
4. Select "ELAC NAVA100" from the list of available devices.
5. Once connected, the indicator light will turn solid, and you can begin streaming audio.

3.2 Dual Play (Stereo Pairing)

For an expansive stereo soundstage, you can pair two NAVA100 speakers wirelessly using Dual Play technology. One speaker automatically becomes the left channel, and the other becomes the right, providing true stereo separation without the need for cables.

1. Ensure both NAVA100 speakers are powered on and not connected to any other Bluetooth device.
2. On one speaker (this will be your primary speaker), press and hold the Bluetooth pairing button until the indicator light flashes.
3. On the second speaker, quickly double-press the Bluetooth pairing button.
4. The speakers will automatically connect to each other. Once connected, the primary speaker's indicator light will turn solid, and the secondary speaker's light may change to a different solid color or turn off, depending on the model.
5. Now, connect your audio source (phone, tablet, etc.) to the primary speaker via Bluetooth as described in section 3.1.

4. OPERATING THE SPEAKER

4.1 Power On/Off

Press the power button on the top panel to turn the speaker on or off. An indicator light will confirm the power status.

4.2 Audio Playback

Once connected via Bluetooth, use the play/pause and volume buttons on the speaker's top panel, or control playback directly from your connected device.

4.3 Battery Life

The built-in rechargeable battery provides up to 15 hours of playtime at moderate volume levels. At full volume, the battery life is approximately 6 hours.

5. MAINTENANCE

5.1 Charging

Recharge the speaker using the provided USB-C cable. The USB-C port is located on the back of the speaker. Charging is fast and convenient, typically taking a couple of hours for a full charge.

Figure 4: USB-C charging port on the back of the ELAC NAVA100.

5.2 Cleaning and Storage

To clean the speaker, use a soft, dry cloth. Avoid using abrasive cleaners or solvents. Store the speaker in a cool, dry place away from direct sunlight and extreme temperatures when not in use for extended periods.

6. TROUBLESHOOTING

If you encounter issues with your ELAC NAVA100 speaker, please refer to the following common troubleshooting steps:

- **No Power:** Ensure the battery is charged. Connect the speaker to a power source using the USB-C cable.
- **Cannot Pair Bluetooth:** Make sure the speaker is in pairing mode (flashing indicator light). Turn off and on Bluetooth on your device, then try pairing again. Ensure no other devices are currently connected to the speaker.
- **No Sound:** Check the volume levels on both the speaker and your connected device. Ensure the speaker is successfully paired.
- **Poor Sound Quality:** Move the speaker closer to your Bluetooth device to reduce interference. Ensure the speaker is placed on a stable surface.
- **Dual Play Issues:** Ensure both speakers are fully charged and within range of each other. Repeat the Dual Play pairing process if necessary.

If problems persist, please contact ELAC customer support for further assistance.

7. SPECIFICATIONS

Feature	Specification

Feature	Specification
Model Name	ELAC NAVA 100
Speaker Type	Portable Bluetooth Speaker
Connectivity Technology	Bluetooth 5.3
Audio Output Mode	Stereo (with Dual Play)
Speaker Maximum Output Power	5 Watts (RMS)
Frequency Response	55 Hz - 19.6 kHz
