## Rpbznr B0G78CM1RK

# Rpbznr AI Voice Recorder User Manual

Model: B0G78CM1RK

Brand: Rpbznr

## 1. INTRODUCTION

The Rpbznr AI Voice Recorder is an advanced digital recording device designed for meetings, lectures, interviews, and personal notes. It integrates artificial intelligence for features such as transcription, summarization, and translation. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your device.

## 2. SETUP

### 2.1 What's in the Box

- Recording device
- Charging cable
- Manual
- Wired headset
- Protective bag

### 2.2 Initial Charging

Before first use, fully charge the device using the provided charging cable. Connect the USB Type-C end to the recorder and the USB-A end to a compatible power source (e.g., computer USB port, USB wall adapter). Note that the device only supports original cable charging and USB Type-C cable charging; Power Delivery (PD) fast charging is not supported.

### 2.3 Power On/Off

To power on the device, press and hold the power button located on the side until the screen illuminates. To power off, press and hold the power button until the power-off options appear, then select 'Power Off'.

### 2.4 Wireless Network Connection

For online functions such as transcription and translation, connect the device to a Wi-Fi network or mobile hotspot. Prioritize online functionality for optimal performance. When connecting to a routing Wi-Fi, choose a 2.4 GHz or 5.0 GHz band wireless network. For Apple mobile hotspots, ensure maximum compatibility is enabled in settings.

### 3. OPERATING INSTRUCTIONS

#### 3.1 Recording Audio

The device is equipped with 2 directional microphones and 6 omni-directional microphones, allowing for a recording distance of up to 15 meters. It uses intelligent noise reduction technology to remove environmental artifacts and preserve high-definition human voices.

- **One-Button Recording:** Press the dedicated record button to start and stop recording.
- **Live Transcription:** During recording, the device can provide live transcription on the screen.
- **Marking Key Moments:** Use the bookmarking function to mark important sections during recording for easy retrieval.

## 3.2 Transcription and Summarization

The AI Voice Recorder features advanced transcription capabilities for fast and accurate online transcription in 134 languages. Based on ChatGPT-4o, it can create summaries, meeting notes, and to-do lists.

- **Transcription:** Records speech and converts it to text.
- **Summarization:** Automatically generates concise summaries of recordings.
- **Meeting Notes/To-Do Lists:** Extracts key information to improve productivity.

# More comprehensive and advanced AI voice recorder

## ✓ full touchscreen construction

- ✓ AI Chat Assistant
- ✓ No Time Limit
- ✓ online/offline work
- ✓ Free Transcription
- ✓ NO App installation
- ✓ Free AI Translation
- ✓ 95% Accurate
- ✓ 134 Languages
- ✓ 16 Summary Scenerios
- ✓ Type-C Charging

## Other

- ✗ No AI translation
- ✗ 50%Accurate
- ✗ 57 Languages
- ✗ 2 Summary Scenerios
- ✗ Magnetic Charging

### 3.3 Translation Function

In addition to transcribing and summarizing, the voice recorder also has an AI translation function. The instant translator supports 134 online languages for real-time translation while speaking. The 8-megapixel rear camera supports 71 online languages for AI shot translation of text from images.

### 3.4 Playback and File Management

The device offers comprehensive functions for managing your recordings:

- **Playback:** Features one-button recording, fast-forward, fast-rewind, variable speed, and bookmarking functions.
- **File Operations:** Upload, view, play, and delete files directly on the device.
- **Compatibility:** Compatible with desktop computers, laptops, tablets, and smartphones for file transfer and management.
- **Cloud Storage:** New users receive 5GB of cloud space after first login for easy management, sorting, and sharing of audio files, transcriptions, and summaries.

# Versatile and Powerful

recording | transcription |

## 4. MAINTENANCE

### 4.1 Charging Guidelines

Always use the original charging cable or a standard USB Type-C cable. Avoid using Power Delivery (PD) fast charging to prevent damage to the device.

## 4.2 Microphone Care

Do not block the microphones during recording. Covering them may prevent proper audio capture and reduce the effectiveness of noise filtering. Ensure the microphone is unobstructed and positioned close to the sound source for clear input.

## 4.3 Data Security

The device offers local data encryption and local data uploaded to your exclusive cloud storage. Access to your data requires email and password login authorization. You can also set a lock screen password for added security.

Figure 5: Device lock screen for data protection.

## 5. TROUBLESHOOTING

### 5.1 Improving Transcription Accuracy

- **Clear Pronunciation:** Speak with minimal accent and enunciate words clearly.
- **Microphone Positioning:** Keep the microphone 3-6 inches from your mouth and avoid covering it.

## 5.2 Enhancing Noise Reduction Performance

- Do not block the microphone during recording. Covering it may prevent audio capture and reduce noise filtering effectiveness.
- Ensure the microphone is unobstructed and positioned close to the sound source for clear input.

## 5.3 Recording from Long Distances

The product can record up to 10 meters away. For optimal clarity at longer distances, ensure minimal background noise and clear speaking.

## 5.4 Wireless Network Connection Issues

If experiencing issues with wireless network connection, ensure your routing Wi-Fi is set to 2.4 GHz or 5.0 GHz band. For Android mobile hotspots, set to 2.4 GHz or 5.0 GHz. For Apple mobile hotspots, enable maximum compatibility in settings.

## 6. SPECIFICATIONS

- **Screen Size:** 5 Inches
- **Memory Storage Capacity:** 80 GB (16GB internal + complimentary 64GB TF card)
- **Product Dimensions:** 0.43"D x 2.4"W x 4.84"H
- **Item Weight:** 8.1 ounces
- **Number of Batteries:** 1 A battery required (included)
- **Headphones Jack:** Type-C Wired Headset
- **Format:** .doc (for transcription export)
- **Microphone Form Factor:** Built-In (2 directional, 6 omni-directional)
- **Hardware Interface:** USB Type C
- **Compatible Devices:** Laptop, Personal Computer, Smartphone
- **Continuous Audio Recording:** Up to 8 hours on a single charge
- **Video Recording:** Up to 300 hours (with 80GB storage)
- **Rear Camera:** 8-megapixel

## 7. WARRANTY INFORMATION

This Rpbznr AI Voice Recorder comes with a standard manufacturer's warranty. Please refer to the warranty card included in your product packaging for specific terms, conditions, and duration. Keep your proof of purchase for any warranty claims.

## 8. CUSTOMER SUPPORT

For any questions, technical assistance, or feedback regarding your Rpbznr AI Voice Recorder, please contact our customer support team. Refer to the contact information provided in the product packaging

or visit the official Rpbznr website for support resources.

New users receive a basic plan after logging in for the first time, including unlimited monthly recordings, transcription, and summary, along with 5GB cloud space. The AI assistant function is available three times a day. For extended cloud storage, additional AI assistant usage, and AI creation benefits, please visit the [My] Member Center to purchase Xiaobei AI member services.
