Aoxun G37007-0503BK

Aoxun 5x3ft Metal Garden Shed Instruction Manual

Model: G37007-0503BK

1. Introduction

This manual provides detailed instructions for the assembly, operation, and maintenance of your Aoxun 5x3ft Metal Garden Shed. Designed for outdoor storage, this shed features high-quality galvanized steel construction with a powder-coated finish, ensuring durability and resistance to harsh weather conditions. Its multi-functional design makes it suitable for various storage needs, including tools, garden equipment, or as a temporary storage unit.

Please read this manual thoroughly before beginning assembly or use to ensure safe and correct installation and to maximize the lifespan of your product.

Figure 1.1: Aoxun 5x3ft Metal Garden Shed Overview. This image shows the exterior of the black metal garden shed in an outdoor environment.

2. Safety Information

- **Site Preparation:** Choose a level, stable surface for installation. Ensure the area is clear of debris and provides adequate space for assembly.
- **Assembly Personnel:** Assembly requires at least two people for safety and ease of installation.
- **Weather Conditions:** Avoid assembly during strong winds or heavy rain. These conditions can make assembly difficult and unsafe.
- **Protective Gear:** Wear appropriate protective gear, such as gloves, to prevent cuts or scrapes from metal edges during assembly.
- **Tool Handling:** Use tools carefully and according to their intended purpose. Keep small parts and tools out of reach of children.
- **Structural Integrity:** Do not modify the shed's structure. Any alterations may compromise its stability and warranty.

- **Anchoring:** Securely anchor the shed to the ground to prevent it from being moved by strong winds. Anchoring hardware may not be included and should be purchased separately based on your ground type.

3. Package Contents

Your Aoxun Metal Garden Shed package includes all necessary components and hardware for assembly. A detailed parts list and step-by-step instructions are provided within the packaging. Please verify all parts are present and undamaged before beginning assembly.
Note: Two pairs of gloves are included to assist with assembly.

Figure 3.1: Product Dimensions and Package Contents. The image displays the shed's overall dimensions (62.3" height, 54.3" width, 29.1" depth) and notes the inclusion of 2 pairs of gloves and that the product ships in 1 box.

4. Setup and Assembly

Assembly of the Aoxun Metal Garden Shed typically takes approximately two hours with two people. Follow the provided

detailed installation instructions and illustrations carefully.

4.1 Pre-Assembly Steps

- Unpack all components and lay them out. Compare them against the parts list to ensure everything is present.
- Identify all panels and hardware. Some panels may have a protective film that should be removed during assembly.
- Ensure your chosen assembly site is level and firm.

4.2 Assembly Process

1. Begin by assembling the base frame. Ensure all connections are secure.
2. Attach the side panels, ensuring a tight fit between panels for structural integrity and weather resistance.
3. Install the door frame and hang the lockable doors. Verify that the doors open and close smoothly and the latch mechanism functions correctly.
4. Mount the sloping roof panels. The design facilitates rapid drainage and provides additional storage space.
5. Secure all connections with the provided hardware. Double-check all screws and bolts for tightness.
6. Once assembled, anchor the shed to the ground using appropriate anchoring methods for your specific foundation (e.g., concrete anchors, ground stakes).

Figure 4.1: Key Construction Details. This image highlights the tight fit between panels, the security door lock latch, the stable frame construction, the smooth plastic protective shell, and the durable stainless steel hinge.

Figure 4.2: Material Quality and Protection. The main image shows the shed's interior with organized tools. Insets illustrate the refined material used in construction and the scratch protective film that should be removed during assembly.

5. Operating Instructions

5.1 Door Operation and Security

The shed features a lockable door to secure your stored items. Use a padlock (not included) with the integrated latch mechanism to prevent unauthorized access and protect against small animals.

5.2 Roof Design Benefits

The sloping roof design is engineered to facilitate rapid rainwater drainage, preventing accumulation and potential rusting. This design also contributes to increased storage capacity and wind resistance.

Figure 5.1: Sloping Roof for Drainage and Protection. This image shows rain effectively draining off the shed's sloping roof. Accompanying icons highlight the shed's wind resistance, water resistance, ability to protect tools, and ease of management.

Figure 5.2: Interior Storage Capacity with Shelves. The shed's doors are open, showcasing its spacious interior with organized storage solutions for garden tools and supplies, including shelves and hooks.

Figure 5.3: Interior Storage Capacity with Floor Items. This image shows the shed's interior with a vacuum cleaner and other items stored on the floor, demonstrating versatile storage options.

6. Maintenance

- **Regular Cleaning:** Clean the exterior of the shed periodically with mild soap and water to remove dirt and debris. Avoid abrasive cleaners that could damage the powder-coated finish.
- **Inspect for Damage:** Regularly inspect the shed for any signs of damage, such as dents, scratches, or loose fasteners. Address any issues promptly to maintain structural integrity and weather resistance.
- **Rust Prevention:** Although made of galvanized steel with a powder coating, inspect for any areas where the coating might be compromised, especially after prolonged exposure to harsh weather. Touch up any exposed metal to prevent rust.
- **Door and Hinge Lubrication:** Periodically lubricate the door hinges and lock mechanism to ensure smooth operation.
- **Ventilation:** Ensure proper ventilation inside the shed, especially if storing items that may be sensitive to humidity or

temperature fluctuations.

Figure 6.1: Coating Durability. This image illustrates the superior "Aoxun Upgrade Coating" compared to the appearance of other metal and wood materials after prolonged outdoor use, highlighting the shed's resistance to wear and corrosion.

7. Troubleshooting

Problem	Possible Cause	Solution
Shed feels unstable or wobbly.	Improper anchoring; uneven ground; loose fasteners.	Ensure the shed is installed on a level surface. Check all screws and bolts for tightness. Securely anchor the shed to the ground using appropriate hardware.
Water accumulation inside the shed.	Improper panel sealing; gaps in construction; inadequate ground preparation.	Inspect all panel connections for tight fit. Ensure the shed is on a slightly elevated or well-drained surface. Consider applying a silicone sealant to any small gaps if necessary.

Problem	Possible Cause	Solution
Doors do not close or lock properly.	Misaligned door frame; bent hinges; obstruction.	Check for any obstructions. Verify the door frame is square and level. Adjust hinges if necessary. Lubricate hinges and latch mechanism.
Difficulty during assembly.	Instructions not followed precisely; missing parts; incorrect orientation of parts.	Review the instruction manual carefully. Ensure all parts are correctly oriented as per diagrams. Contact customer support if parts are missing or damaged.

8. Specifications

Brand: Aoxun

Model Number: G37007-0503BK

Product Dimensions (D x W x H): 32.68" x 63.39" x 71.26"

Item Weight: 80 Pounds

Material: Galvanized Steel with Powder-Coated Finish

Color: Black

Required Assembly: Yes

UPC: 799413412424

GTIN: 799413412424

9. Warranty and Support

Aoxun is committed to providing high-quality products and excellent customer service. If you have any questions regarding your Aoxun Metal Garden Shed, require assistance with assembly, or encounter any issues, please do not hesitate to contact our dedicated support team.
We offer worry-free service and are always here to provide full customer support and after-sales service to ensure your satisfaction.
Please refer to your purchase documentation for specific warranty terms and contact information.
