6. MAINTENANCE

Proper care will help maintain the appearance and functionality of your SIDOVIA wardrobe for years to come.

Cleaning:

- Wipe surfaces with a soft, damp cloth.
- Avoid using abrasive cleaners, harsh chemicals, or solvents, as these can damage the melamine finish.
- For the mirror, use a standard glass cleaner and a lint-free cloth.
- Promptly wipe up any spills to prevent staining or damage.

General Care:

- Periodically check all screws and fittings to ensure they are tight. Retighten if necessary.
- Avoid exposing the wardrobe to direct sunlight or extreme temperature changes, which can cause warping or fading.
- Do not drag the wardrobe when moving it; always lift it to prevent damage to the structure and floor.

7. TROUBLESHOOTING

If you encounter any issues with your SIDOVIA wardrobe, consider the following common solutions:

- **Doors not closing smoothly:** Check if the soft-close mechanism is obstructed or if the hinges need adjustment. Ensure the wardrobe is level.
- **Drawers sticking:** Verify that the drawers are not overloaded. Check the drawer runners for any obstructions or misalignment.
- **Wobbling:** Ensure all assembly screws are securely tightened. Confirm the wardrobe is placed on a flat, level surface. If necessary, use shims to stabilize.
- **Scratches or minor damage:** For small scratches on the melamine finish, touch-up pens or furniture repair kits designed for wood-effect surfaces may be used.

If problems persist, please contact Vente-unique customer support.
