Product Features

- **Versatile Lint Removal:** An essential fabric shaver that effectively eliminates lint and pills, supporting proper garment care and allowing users to maintain their favorite outfits and furniture with ease in any environment.
- **Effortless One-Handed Operation:** This portable fabric shaver allows users to operate it with one hand, offering convenience as a travel-friendly lint remover that simplifies garment care during travel, commutes, or daily household tasks.
- **Gentle Fabric Protection:** The fabric shaver includes a fabric guard to prevent snags and tears, providing safe and effective maintenance for all fabric types, whether refreshing winter coats, summer sheets, or decorative pillows.
- **Quiet Design:** The lint shaver features a noise-reducing motor that ensures quiet operation, making it an ideal silent lint remover for use in workplaces and libraries where minimal disturbance is important for productivity and concentration.
- **Convenient Cordless Functionality:** Featuring portable power, this electric lint remover is USB rechargeable, offering extended battery performance for uninterrupted use, making it ideal for quick touch-ups on clothing at work or while traveling.

Important Safety Information

To ensure safe operation and prevent damage to the device or injury, please observe the following safety precautions:

- Keep the device out of reach of children and pets.
- Do not use the device on wet or damp fabrics. Ensure fabrics are completely dry before use.
- Do not press the shaver head too hard against the fabric, as this may damage the fabric or the device.
- Avoid using the device on delicate fabrics such as lace, embroidery, or loose knits without extreme caution. Test on an inconspicuous area first.
- Do not disassemble the device or attempt to repair it yourself. Contact customer support for assistance.
- Only use the provided USB cable for charging.
- Do not immerse the device in water or any other liquid.
- Always turn off the device before cleaning or emptying the lint container.

Getting Started

Package Contents

Verify that your package contains the following items:

- Generic Rechargeable Lint Remover
- USB Charging Cable
- Cleaning Brush
- User Manual

Charging the Device

Before first use, fully charge the lint remover. Connect the USB charging cable to the charging port on the device and plug the other end into a compatible USB power source (e.g., computer, wall adapter). The digital display will indicate the charging status. A full charge typically takes a few hours.

Operating Instructions

Preparing the Fabric

Lay the garment or fabric flat on a hard, smooth surface. Stretch the fabric taut to ensure a smooth surface for the shaver. This helps prevent damage and ensures efficient lint removal.

Using the Lint Remover

1. Ensure the lint remover is charged and the lint container is empty.
2. Press the power button to turn on the device. The digital display will illuminate.
3. Gently glide the shaver head over the pilled or lint-covered area of the fabric. Use light, even pressure.
4. Move the device in small, circular motions or short, straight strokes. Avoid pressing too hard or holding it in one spot for too long.

5. Periodically check the lint container and empty it when it becomes full to maintain optimal performance.
6. Once finished, press the power button again to turn off the device.

Maintenance

Regular maintenance ensures the longevity and optimal performance of your lint remover.

Emptying the Lint Container

1. Ensure the device is turned off.
2. Gently twist and remove the transparent lint collection container from the main body of the shaver.
3. Discard the collected lint and fuzz.
4. Reattach the lint container by aligning it and twisting until it clicks securely into place.

Cleaning the Blades

1. Ensure the device is turned off and unplugged.
2. Carefully remove the shaver head cover.
3. Use the provided cleaning brush to gently remove any lint or debris from the blades and the inner housing. Avoid touching the blades directly with your fingers.
4. Replace the shaver head cover securely.

Storage

Store the lint remover in a cool, dry place, away from direct sunlight and moisture. Ensure it is clean and empty before storing.

Troubleshooting

If you encounter any issues with your lint remover, please refer to the following common problems and solutions:

- **Device does not turn on:**
  - Ensure the device is fully charged.
  - Check if the lint container is properly attached. Some models have a safety switch that prevents operation if the container is loose.
- **Lint remover is not effective:**
  - Empty the lint container if it is full.
  - Clean the blades and shaver head to remove any trapped lint or debris.
  - Ensure the fabric is laid flat and taut.
- **Unusual noise during operation:**
  - Turn off the device and check for any foreign objects caught in the blades or shaver head.
  - Ensure the shaver head cover and lint container are securely attached.

If the problem persists after trying these solutions, please contact customer support.
