## 1. SETUP GUIDE

---

### 1.1 Unboxing and Components

Carefully unpack all items from the box. Ensure all components are present:

- Robot Vacuum (Main Unit)
- Charging Base / Docking Station
- Power Adapter
- Roller Mop Pads (x2)
- High-Efficiency Filters (x2)
- Cleaning Brush
- Side Brushes (x4)
- Cleaning Solution
- User Manual

Image: Contents of the Lefant M210 Pro OMNI box.

## 1.2 Charging Base Placement

Place the charging base against a wall in an open area, ensuring there are no obstacles within 1 meter (3 feet) to the sides and 1.5 meters (5 feet) in front of the base. Connect the power adapter to the charging base and plug it into a power outlet.

## 1.3 Initial Charge

Place the robot on the charging base. Ensure the charging contacts on the robot align with those on the base. The robot will begin charging automatically. For first use, fully charge the robot before operation.

## 1.4 App Connection

To unlock full features, connect your robot to the Lefant app:

1. Press and hold the start button for 3 seconds to turn on the robot.
2. Download the Lefant app from the App Store or Google Play.
3. Press and hold the start button for 6 seconds until the light flashes.
4. Open the Lefant app and add your M210 Pro OMNI robot.
5. Connect to a 2.4GHz / 5GHz Wi-Fi network.
6. Wait for the connection to complete successfully.

**¿Cómo Conectar El Aspirador Robot Lefant M210 PRO OMNI?**

1. Mantén pulsado el botón de inicio durante 3 segundos para encender el robot.
2. Descarga la app Lefant desde la App Store.
3. Mantén pulsado el botón de inicio durante 6 segundos hasta que la luz comience a parpadear.
4. Abre la app Lefant y agrega tu aspirador robot M210 PRO OMNI.
5. Conéctate a una red Wi-Fi de 2,4 GHz/5 GHz.
6. Espera a que se complete la conexión correctamente.

## 1.5 Voice Assistant Connection (Alexa / Google Assistant)

Integrate your robot with voice assistants for convenient control:

1. Open the Lefant app and navigate to 'Me' -> 'Third-party voice services'.
2. Save your account and voice password.
3. Open the Alexa app -> 'More' -> 'Skills & Games'.
4. Search for 'Smart Life'.
5. Tap 'Enable to Use'.
6. Select your region, then enter the account and password from step 2.
7. Wait for the connection to complete.

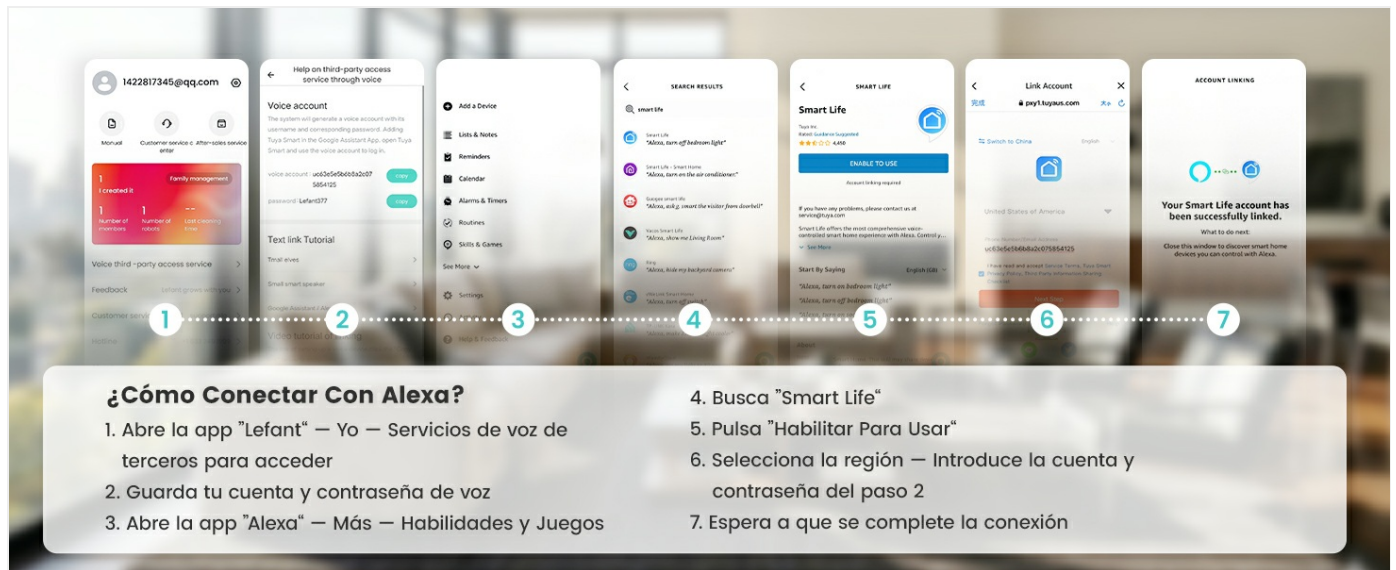

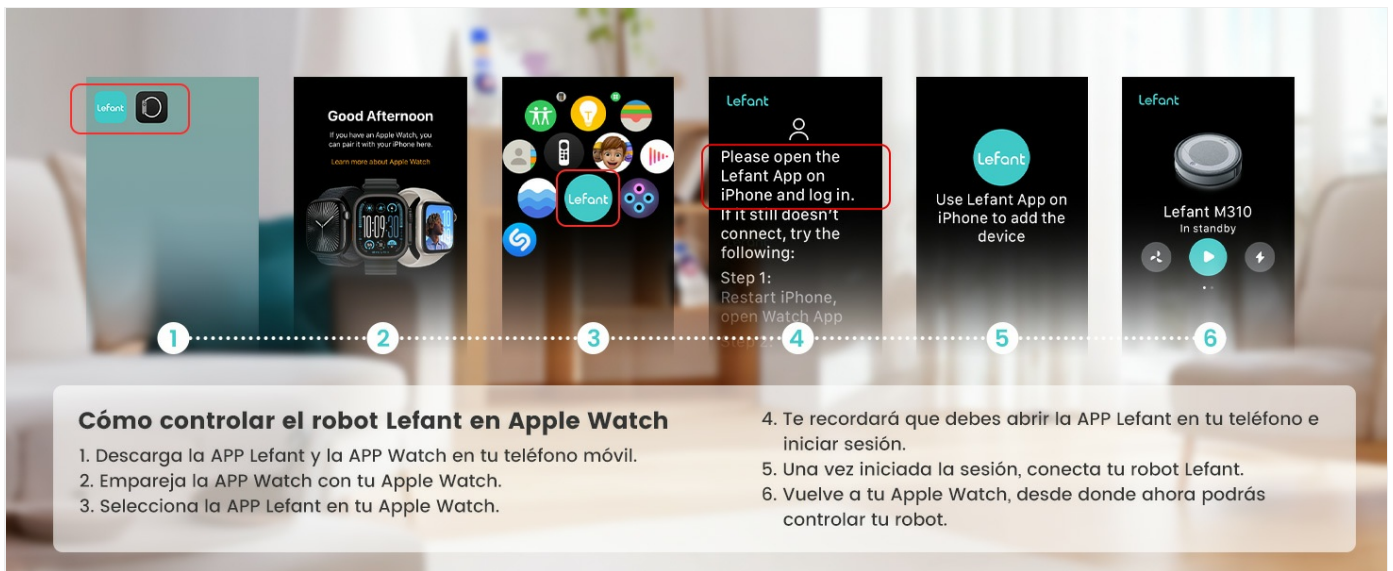

Image: Steps for connecting the robot with Alexa.

## 1.6 Apple Watch Control

Control your Lefant robot directly from your Apple Watch:

1. Download the Lefant app on your mobile phone and the Lefant Watch app on your Apple Watch.
2. Pair the Lefant Watch app with your Apple Watch.
3. Select the Lefant app on your Apple Watch.
4. You will be reminded to open the Lefant app on your iPhone and log in.
5. Once logged in, connect your Lefant robot.
6. Return to your Apple Watch, where you can now control your robot.

### Cómo controlar el robot Lefant en Apple Watch

1. Descarga la APP Lefant y la APP Watch en tu teléfono móvil.
2. Empareja la APP Watch con tu Apple Watch.
3. Selecciona la APP Lefant en tu Apple Watch.

4. Te recordará que debes abrir la APP Lefant en tu teléfono e iniciar sesión.
5. Una vez iniciada la sesión, conecta tu robot Lefant.
6. Vuelve a tu Apple Watch, desde donde ahora podrás controlar tu robot.

## 2. OPERATING INSTRUCTIONS

### 2.1 Navigation and Mapping

The M210 Pro OMNI utilizes advanced dToF Laser Navigation for precise mapping and efficient cleaning paths. It scans your environment in 360 degrees, creating detailed maps of your home.

- **Multi-level Mapping:** The robot can store maps for multiple floors, allowing seamless cleaning across different levels of your home.
- **Smart Forbidden Zones:** Use the app to define specific areas where the robot should not clean, protecting delicate items or preventing access to certain rooms.

Image: Comparison of LiDAR navigation with other navigation methods.

## Cartografía Multinivel

Cambia sin esfuerzo entre plantas, optimiza las rutas de limpieza y disfruta de una limpieza eficiente y sin complicaciones en cada suelo.

Image: Multi-level mapping feature.

## Zonas inteligentes prohibidas

Configura fácilmente zonas prohibidas para proteger tus muebles y objetos valiosos, para que tu aspirador robot sepa exactamente dónde limpiar y dónde evitar.

Image: Smart forbidden zones feature.

## 2.2 Cleaning Modes and Performance

The M210 Pro OMNI offers powerful vacuuming and effective mopping:

- **Suction Power:** Features 18,000 Pa suction, effectively removing pet hair, dust, and crumbs from hard floors and carpets.
- **Coverage:** Capable of cleaning up to 140 m<sup>2</sup> on a single charge.
- **Runtime:** Provides up to 120 minutes of continuous cleaning.

## Limpieza Duradera

Con una batería actualizada, nuestro aspirador robot funciona hasta 140 minutos, lo que ofrece una limpieza ininterumpida para una experiencia mejorada.

## 2.3 Obstacle Avoidance

Equipped with PSD obstacle avoidance technology, the robot detects and avoids obstacles, preventing collisions with furniture and other objects in its path.

### Detección y Evitación Precisa de Obstáculos

Mientras otros solo reaccionan, nosotros prevenimos: el PSD mejorado evita las colisiones antes de que ocurran.

Image: Precise obstacle detection and avoidance.

## 2.4 Carpet Detection and Suction Boost

The robot automatically detects carpets and increases suction power for deeper cleaning. It also supports a carpet avoidance mode during mopping to prevent wetting carpets.

## Detección de alfombras y aumento automático de succión

Compatible con el modo de evitación de alfombras y el modo de limpieza de alfombras. En el modo de limpieza de alfombras, el aspirador detecta automáticamente las alfombras y aumenta la succión para una limpieza más profunda.

Image: Carpet detection and automatic suction boost.

## 2.5 Control Methods

- **App Control:** Use the Lefant app to schedule cleanings, adjust suction levels, define cleaning zones, and monitor the robot's status.
- **Voice Control:** Compatible with Amazon Alexa and Google Assistant. Use voice commands to start, stop, or send the robot back to its charging base.

## 2.6 Product Overview Video

Your browser does not support the video tag.

Video: An overview of the Lefant M210 Pro OMNI Robot Vacuum and Mop, demonstrating its compact design, dToF navigation, 16-point fresh water spray system, high-pressure brushing, real-time dirty water collection, active fresh water washing, 3-in-1 vacuum and mop function, large dustbin, eco-friendly design, app control, and self-cleaning base. The video highlights its ability to clean tight spaces and effectively remove tough stains, ensuring a clean and effortless home environment.

## 3. MAINTENANCE

Regular maintenance ensures optimal performance and extends the lifespan of your Lefant M210 Pro OMNI.

### 3.1 Dustbin Emptying

The robot features an 800ml dustbin, designed to hold a week's worth of debris for most households. Empty the dustbin regularly to maintain suction power. The bagless design makes emptying simple and eco-friendly.

Image: Bagless ecological design and dustbin capacity.

### 3.2 Water Tank Management

The self-cleaning base includes a 1.8L clean water tank and a 1.2L dirty water tank. Ensure the clean water tank is filled before mopping and empty the dirty water tank after each cleaning cycle to prevent odors and maintain hygiene.

## Sistema de limpieza con agua fresca en tiempo real

La base de llenado automático de agua garantiza que tu robot fregador esté siempre listo para limpiar. Disfruta de una limpieza ininterrumpida con agua fresca en cada momento, manteniendo tus suelos higiénicos y sin marcas, al mismo tiempo que ahorras tiempo y esfuerzo.

Image: Real-time fresh water cleaning system.

### 3.3 Roller Mop Pad Cleaning

The robot features a self-cleaning roller mop pad system. The base automatically washes and dries the mop pad, ensuring it is always fresh and ready for the next cleaning cycle, preventing mold and odors.

Image: Hands-free mop maintenance.

### 3.4 Roller Brush and Side Brushes

The 19.5cm fiber roller brush is designed for deep cleaning and efficient debris capture. Its anti-tangle design minimizes hair wrapping, especially pet hair. Regularly inspect and clean the roller brush and side brushes to remove any tangled hair or debris.

## Diseño anti-enredos

Image: Anti-tangle design comparison.

## Tecnología de cepillo de rodillo de fibra

El rodillo de fibra de alta densidad mejora la captación de polvo en suelos duros y extrae los residuos de las grietas para conseguir una limpieza más profunda.

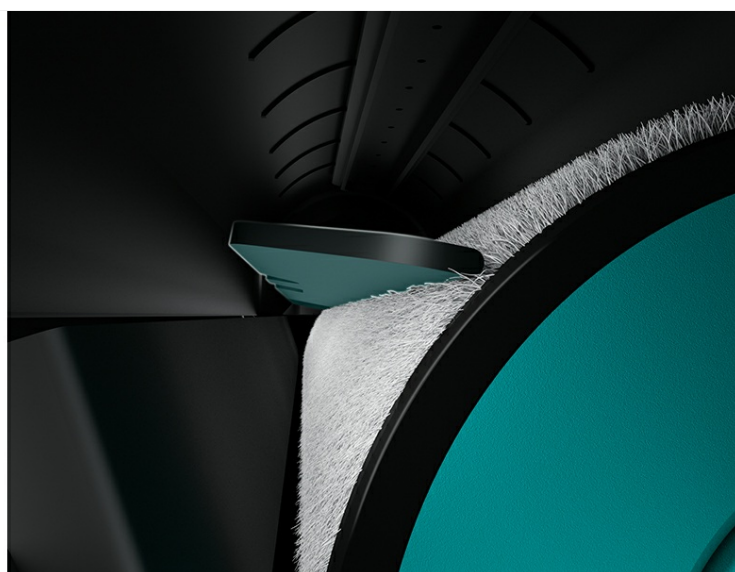

Image: Fiber roller brush technology.

## 3.5 HEPA Filter

The robot uses a HEPA filter to capture fine dust particles. Clean the filter regularly by tapping out debris or using the included cleaning brush. Replace the filter as recommended in the user manual to maintain air quality and suction efficiency.

## 4. TROUBLESHOOTING

---

If you encounter issues with your Lefant M210 Pro OMNI, refer to the following common solutions:

- **Robot not turning on:** Ensure the robot is fully charged and properly seated on the charging base. Check if the power adapter is securely connected.
- **Robot not charging:** Verify that the charging contacts on both the robot and the base are clean and free of debris. Ensure the power outlet is functional.
- **Poor suction:** Check if the dustbin is full and empty it if necessary. Clean the HEPA filter and ensure the roller brush is free of tangles.
- **Ineffective mopping:** Ensure the clean water tank is filled and the dirty water tank is empty. Check if the roller mop pad is properly installed and clean.
- **Robot getting stuck frequently:** Clear obstacles from the cleaning path. Use the app to define forbidden zones

around problematic areas. Ensure the robot's sensors are clean.

- **App connection issues:** Ensure your Wi-Fi network is 2.4GHz or 5GHz and stable. Restart the robot and your router, then try reconnecting through the app.
- **Voice control not working:** Verify that the robot is successfully linked to your voice assistant (Alexa/Google Assistant) account in the Lefant app and the respective voice assistant app.

For more detailed troubleshooting steps, consult the comprehensive user manual included in the box or contact Lefant customer support.

## 5. PRODUCT SPECIFICATIONS

---

Feature	Specification
Brand	Lefant
Model Name	M210 Pro OMNI
Product Model Number	M265
Suction Power	18,000 Pa
Battery Life	120 Minutes
Coverage Area	Up to 140 m <sup>2</sup>
Dustbin Capacity	800 ml
Clean Water Tank	1.8 L
Dirty Water Tank	1.2 L
Main Brush Width	19.5 cm
Navigation Type	dToF Laser Navigation
Obstacle Avoidance	PSD
Connectivity	5G WiFi / App / Alexa / Google Assistant
Filter Type	HEPA
Product Dimensions	28 x 29 x 9.9 cm
Product Weight	3.85 kg
Surface Recommendation	Hard floors, Wood floors, Tiles, Carpet
Components Included	Robot Vacuum, Charging Base, Power Adapter, Roller Mop Pads (x2), High-Efficiency Filters (x2), Cleaning Brush, Side Brushes (x4), Cleaning Solution, User Manual

## 6. WARRANTY AND SUPPORT

---

### 6.1 Warranty Information

Lefant products are designed for durability and performance. For specific warranty details, please refer to the warranty card included with your product or visit the official Lefant website. Keep your purchase receipt as proof of purchase for warranty claims.

### 6.2 Customer Support

If you have any questions, require technical assistance, or need to report an issue, please contact Lefant customer support. Contact information can typically be found in your user manual or on the official Lefant website.

Lefant has specialized in robot vacuums for over ten years, developing patented technology to provide efficient and reliable cleaning solutions.
