BIGASUO 159K

BIGASUO 64GB Frameo 15.6" Digital Picture Frame User Manual

Model: 159K

Introduction

Welcome to the user manual for your BIGASUO 64GB Frameo 15.6" Digital Picture Frame. This device allows you to instantly share and display cherished photos and videos with family and friends from anywhere. Featuring a 1920x1080 IPS FHD touch screen and 64GB of internal storage, it offers a vibrant and intuitive way to relive your memories. This manual provides detailed instructions for setup, operation, maintenance, and troubleshooting to ensure you get the most out of your digital frame.

What's in the Box

Carefully unpack your digital picture frame and ensure all components are present:

- 1 x BIGASUO 15.6" Digital Photo Frame
- 1 x AC Adapter
- 1 x Frame Stand
- 2 x User Manuals
- 2 x Screws (for wall mounting)

Product Overview and Features

The BIGASUO 15.6" Digital Picture Frame is designed for ease of use and rich media display. Key features include:

- **15.6 Inch IPS FHD Touch Screen:** Enjoy vivid colors and exquisite details with a 1920x1080 resolution and full-view display. The touch screen allows for easy navigation.
- **64GB Large Internal Memory:** Store approximately 100,000 photos directly on the device.
- **SD Card/USB Flash Drive Support:** Play photos and videos directly from external storage or expand the frame's memory.
- **Wi-Fi Connectivity:** Connect to your home Wi-Fi network to instantly receive photos and videos via the Frameo app.
- **Frameo App Integration:** Share moments instantly from anywhere using the free Frameo app for iOS and Android.
- **Secure & Private Sharing:** Frameo ensures only authorized users can access your digital frame.
- **Video Playback with Sound:** Display both photos and videos with audio, bringing memories to life.
- **Special Features:** Includes album management, 'React' function for sending emojis, greetings, collage mode, auto-rotation, sleep mode, and customizable display settings.

Setup Guide

Follow these steps to set up your BIGASUO Digital Picture Frame:

1. **Power On:** Connect the AC adapter to the frame's power port (Type-C) and plug it into a wall outlet. The frame will automatically power on.
2. **Initial Setup:** Follow the on-screen prompts to select your language, time zone, and connect to a Wi-Fi network.
3. **Download Frameo App:** Download the "Frameo" app from the App Store (iOS) or Google Play Store

(Android) on your smartphone or tablet.

4. **Connect to Frameo:** Open the Frameo app and follow the instructions to create an account and connect to your digital frame. You will need a unique code displayed on your frame to establish the connection.
5. **Add Users:** You can invite family and friends to send photos and videos to your frame by sharing the frame's unique code through the Frameo app.

Operating Instructions

Sharing Photos and Videos

- **Via Frameo App:** Once connected, open the Frameo app, select the photos or videos you wish to send, and choose your frame. They will appear on the frame within seconds. You can add captions to your media.
- **Via SD Card/USB Flash Drive:** Insert a FAT32 formatted SD card or USB flash drive into the corresponding slot on the frame. The frame can directly play media from these devices without importing. You can also import media to the frame's internal memory or export media from the frame.

Special Features

- **Create Albums:** Organize your photos and videos into custom albums for easier viewing and management.
- **Fun Function (React):** Send emojis to the sender of a photo or video in real-time to express your feelings.
- **Greetings:** Send personalized greetings for various occasions through the Frameo app.
- **Collage Mode:** Enable this mode to randomly display 2-6 photos/videos simultaneously.
- **Auto Rotation:** The frame automatically adjusts photo orientation (horizontal or vertical) based on how it is positioned.
- **Sleep Mode:** Schedule the frame to turn off and on at specific times. The frame will still receive new media while in sleep mode.
- **Custom Functions:** Adjust display order, brightness, title display, and other settings to personalize your viewing experience.
- **Calendar Function:** The Frameo app includes a built-in calendar function to help manage your schedule and track events.

Maintenance

- **Cleaning:** Use a soft, dry cloth to clean the screen and frame. Avoid abrasive cleaners or solvents.
- **Power Cycle:** If the frame becomes unresponsive, power it off by holding the power button, then unplug and replug the AC adapter.
- **Software Updates:** Ensure your frame's software is up to date for optimal performance and new features. Updates are typically managed through the Frameo app or frame settings.
- **Storage Management:** Periodically review and delete unwanted photos or videos to free up storage space.

Troubleshooting

Problem	Solution
Frame not turning on.	Ensure the AC adapter is securely connected to both the frame and a working power outlet.
Cannot connect to Wi-Fi.	Check your Wi-Fi password. Ensure the frame is within range of your Wi-Fi router. Restart your router and the frame.
SD card/USB drive not recognized.	Ensure the SD card/USB drive is formatted to FAT32. For best compatibility, use a 32GB card/drive. Larger capacities (64GB, 128GB) may not work properly.
Photos/videos not appearing from app.	Verify the frame is connected to Wi-Fi. Ensure the Frameo app is updated and you have selected the correct frame to send media to.
Video upload limit via Frameo app.	The Frameo app limits video uploads to 15 seconds. For longer videos, use an SD card or USB drive.
Shuffle mode seems stuck or repetitive.	Try powering the frame off and then back on to reset the shuffle algorithm.

Problem	Solution
Portrait photos display poorly.	The frame's aspect ratio is 16:9. Portrait-oriented photos may appear with black bars on the sides. Consider taking photos in landscape mode for optimal display.
Warning about unplugging the unit.	Always power off the unit first before unplugging it to prevent potential data corruption or damage.

Specifications

Feature	Detail
Brand	BIGASUO
Model Number	159K
Screen Size	15.6 inches
Resolution	1920x1080 FHD
Display Type	IPS Touch Screen
Aspect Ratio	16:9
