## SETUP AND INSTALLATION

Follow these steps to prepare and install the new filter and sponge in your Emdoro Stainless Steel Cat Water Fountain:

1. **Soak the new filter:** Before placing the new filter into the fountain housing, soak it in clean water for 5 minutes. This helps to remove any loose carbon particles and ensures optimal filtration from the start.

2. **Rinse the filter:** After soaking, rinse the filter thoroughly under running clean water for 30 seconds. This further ensures any remaining loose particles are washed away.

3. **Install:** Place the prepared filter and sponge into their designated slots within the Emdoro Stainless Steel Cat Water Fountain according to the fountain's specific instructions. Ensure they are seated correctly to prevent bypass of unfiltered water.

## OPERATING PRINCIPLE (FILTRATION)

---

The Emdoro replacement filters and sponges utilize a multi-stage filtration system to provide clean and healthy water for your pet:

- **Activated Carbon:** Helps to reduce odors and remove impurities, improving water taste.
- **Ion Exchange Resin:** Works to soften water by reducing heavy metal ions.
- **Filter Sponge:** Traps larger particles such as hair, dirt, and food debris, protecting the water pump and extending its lifespan.

## Subscribe & Save

- Filters are automatically delivered on schedule.
- Never have to think about reordering.
- No need to stock up at once.
- No obligation. Cancel anytime.

## MAINTENANCE

Regular replacement of filters and sponges is crucial for maintaining water quality and the longevity of your pet fountain.

- **Replacement Frequency:** Replace the filter and sponge every 2 weeks. If you have multiple pets using the fountain, consider replacing them every 1 to 2 weeks due to increased usage and debris.
- **Cleaning:** The fountain components should be cleaned regularly. Refer to your Emdoro Stainless Steel Cat Water Fountain manual for detailed cleaning instructions. The filters and sponges themselves are disposable and should not be cleaned for reuse.
