7. MAINTENANCE

- **Cleaning:** Wipe the desk surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Power Strip:** Periodically check the power cord and outlets for any signs of damage or loose connections. Disconnect from power before cleaning.
- **LED Lights:** Ensure the LED strip and its connections are free from dust and debris.
- **Stability:** Regularly check all screws and fasteners to ensure they are tight. Re-tighten if necessary. Verify the anti-tip kit remains securely attached.

8. TROUBLESHOOTING

- **Desk feels wobbly:** Ensure all assembly screws are tightened. Verify the anti-tip kit is correctly installed and secured to a wall stud.
- **Power outlets not working:** Check if the desk's main power cord is securely plugged into a functional wall outlet. Ensure the power strip itself is not damaged.
- **LED lights not illuminating:** Check all connections of the LED light strip. Ensure the power source for the LED lights is active. Refer to the LED light controller instructions for specific troubleshooting steps.
- **Missing parts during assembly:** Review the package contents list. If parts are genuinely missing, contact

RALGEND customer support with your model number and purchase details.
