PEJE M02S

PEJE AI Smart Glasses M02S User Manual

Model: M02S

1. Introduction

Thank you for choosing the PEJE AI Smart Glasses M02S. These smart glasses integrate an 8MP HD camera, Bluetooth 5.4 connectivity, AI real-time translation, voice control, and music playback into a lightweight, stylish design. This manual provides detailed instructions to help you set up, operate, and maintain your new smart glasses for optimal performance.

Please read this manual thoroughly before using the device and keep it for future reference.

2. Package Contents

Please check the box for the following items:

- PEJE AI Smart Glasses M02S
- Charging Cable
- User Manual (this document)

If any items are missing or damaged, please contact customer support.

3. Product Overview and Features

The PEJE AI Smart Glasses M02S are designed for versatility and convenience, offering a range of advanced features:

- **8MP HD Camera:** Captures 1080p HD/2K video at 30fps with intelligent image stabilization.
- **Bluetooth 5.4:** For stable wireless connectivity with your smartphone.
- **Dual Microphones with ENC:** Enhanced call clarity by filtering up to 90% of ambient noise.
- **AI Real-time Translation:** Supports 140 languages for two-way communication via a mobile app.
- **Voice Control:** Hands-free operation for various functions.
- **Music Playback:** Enjoy audio on the go.
- **Replaceable Lenses:** Customize lenses for different needs (e.g., anti-blue light, prescription).
- **Wearing Detection:** Automatic play/pause for media based on wearing status.
- **Long-lasting Battery:** 290mAh battery provides up to 7 hours of continuous use.

4. Setup

4.1 Charging the Glasses

Before first use, fully charge your PEJE AI Smart Glasses.

1. Connect the provided charging cable to the magnetic charging port on the glasses.
2. Connect the other end of the cable to a USB power adapter (not included) or a computer's USB port.
3. The charging indicator light will show the charging status (refer to LED indicator section for details).
4. A full charge takes approximately 2 hours.

Image: Illustration of the 290mAh battery capacity, showing 2 hours charging time, 6 hours music playback, and 2 hours call time.

4.2 App Installation and Pairing

To unlock full features like AI translation and advanced controls, download the dedicated mobile application.

1. **Download the App:** Search for "PEJE Smart Glasses" (or similar, check product packaging/quick start guide for

exact app name) in your smartphone's app store (Google Play Store for Android, Apple App Store for iOS).

2. **Enable Bluetooth:** Ensure Bluetooth is enabled on your smartphone.
3. **Power On Glasses:** Long press the front button on the glasses to power them on. They will enter pairing mode automatically (indicated by a flashing LED).
4. **Pairing:** Open the PEJE Smart Glasses app. Follow the on-screen instructions to search for and connect to your glasses (e.g., "PEJE M02S").
5. **Confirmation:** Once paired, the LED indicator on the glasses will change, and the app will confirm the connection.

5. Operating Instructions

5.1 Basic Controls

The glasses feature intuitive button controls for various functions:

- **Power On/Off:** Long press the front button.
- **Take a Photo:** Click the front button once.
- **Start/Stop Video Recording:** Double click the front button.
- **Activate Voice Control/AI Assistant:** After clicking, press the button (or say "Hey Cyan" if supported).
- **Start/Stop Sound Recording:** Long press the button (specific button may vary, refer to app for customization).
- **Notifications:** Single/Double Click Front (for specific notifications, check app settings).
- **Enable AI Image Recognition:** Double click and press the button.
- **Music Volume Control:** Slide forward on the temple to increase volume, slide backward to decrease volume.
- **Music Play/Pause:** Single click the front button during music playback.
- **Answer/End Call:** Single click the front button during an incoming call.
- **Reject Call:** Long press the front button during an incoming call.

Image: Visual guide to button functions including power, photo, video, voice control, sound recording, notifications, AI image recognition, and music volume.

5.2 Camera Operation

Your smart glasses are equipped with an 8MP camera capable of capturing high-quality photos and videos.

- **Taking Photos:** Press the front button once. Photos will be saved to the internal memory and can be accessed via the app.
- **Recording Videos:** Double click the front button to start recording. Double click again to stop. Videos are recorded in 1080p HD/2K at 30fps.
- **Accessing Media:** Connect the glasses to the app to view, download, or share your captured photos and videos.

5.3 Bluetooth Audio and Calls

Enjoy clear audio for music and calls through the integrated speakers and dual microphones.

- **Music Playback:** Once paired with your phone, play music from your preferred app. Use the volume slide control on the temple.
- **Phone Calls:** Answer, end, or reject calls using the front button as described in Basic Controls. The dual microphones with ENC technology reduce background noise for clearer conversations.

5.4 AI Real-time Translation

Leverage advanced AI for seamless communication across language barriers.

1. **Activate Translation:** Open the PEJE Smart Glasses app and navigate to the translation feature.
2. **Select Languages:** Choose the source and target languages for translation (supports 140 languages).
3. **Initiate Translation:** Follow the app's instructions to start real-time translation. The glasses will capture audio, translate it, and play it back, or display text in the app.
4. **Conversation Mode:** Use the two-way translation feature for interactive conversations.

Image: Depiction of the AI Smart Glasses' translation capabilities, showing real-time conversation translation supporting 140 languages.

5.5 Voice Control

Use voice commands for hands-free operation.

- **Activation:** Press the designated button (as per Basic Controls) or use a wake word (e.g., "Hey Cyan" if supported) to activate the voice assistant.
- **Commands:** Speak clearly to issue commands such as "Take a photo," "Start recording," "Play music," "Call [contact name]," or ask for translations.

6. Lens Replacement

The lenses of your PEJE AI Smart Glasses are designed to be replaceable, allowing for customization with prescription lenses or different types of protective lenses (e.g., anti-blue light, polarized).

1. **Removal:** Gently push the lens from the front side towards the back, applying even pressure around the edges until

it detaches from the frame. Avoid excessive force.

2. **Installation:** Align the new lens with the frame grooves. Press firmly but gently around the edges until the lens snaps securely into place. Ensure it is seated correctly and does not wobble.

Note: *Handle lenses with care to avoid scratches. If unsure, consult an optician for professional lens replacement.*

7. Maintenance and Care

- **Cleaning:** Use a soft, lint-free cloth (microfiber is recommended) to clean the lenses and frame. For stubborn smudges, use a lens cleaning solution specifically designed for eyewear. Do not use abrasive cleaners or paper towels.
- **Storage:** When not in use, store the glasses in their protective case to prevent scratches and damage.
- **Water Resistance:** The glasses are water-resistant. Avoid submerging them in water or exposing them to strong jets of water. Dry immediately if they get wet.
- **Temperature:** Avoid exposing the glasses to extreme temperatures (hot or cold) as this can damage the battery and electronic components.
- **Avoid Drops:** Protect the glasses from drops and impacts, which can cause physical damage.

8. Troubleshooting

Problem	Possible Cause	Solution
Glasses won't turn on.	Low battery.	Charge the glasses fully (approx. 2 hours).
Cannot pair with smartphone.	Bluetooth is off on phone; glasses not in pairing mode; too far apart.	Ensure phone Bluetooth is on. Long press glasses button to enter pairing mode. Keep devices within 1 meter. Restart both devices.
Poor audio quality/noise during calls.	Environmental noise; microphone obstruction.	Ensure microphones are clear. Move to a quieter environment.
Translation not working.	No internet connection; incorrect language settings; app issue.	Ensure phone has stable internet. Check language settings in the app. Restart the app and glasses.
Camera not recording/taking photos.	Low battery; insufficient storage; software glitch.	Charge glasses. Check available storage via app. Restart glasses.

If the problem persists, please contact customer support.

9. Specifications

Model	M02S
Camera	8MP, 1080p HD/2K Video (30fps)
Connectivity	Bluetooth 5.4

Battery Capacity	290mAh Lithium Polymer
