Aoxun G37027-0506LGW

Aoxun 61 Cu.Ft Outdoor Storage Shed Instruction Manual

MODEL: G37027-0506LGW

Brand: Aoxun

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your Aoxun 61 Cu.Ft Outdoor Storage Shed, Model G37027-0506LGW. Please read these instructions carefully before beginning assembly and retain them for future reference. This shed is designed to provide a durable and waterproof storage solution for your patio, garden tools, and pool equipment.

SAFETY INFORMATION

Before assembly and use, review the following safety guidelines:

- Anchor the shed to the ground using the provided stakes, especially in areas prone to strong winds, to prevent tipping.
- Always secure the shed with a padlock (not included) when not in use to protect contents from theft and unauthorized access.
- Keep children and pets away from the assembly area.
- Do not climb on the shed.
- Ensure the shed is placed on a level, stable surface.

PRODUCT OVERVIEW AND DIMENSIONS

The Aoxun 61 Cu.Ft Outdoor Storage Shed offers a widened design for increased stability and usable storage space. Its vertical structure is ideal for organizing garden tools, pool equipment, and other outdoor items. The shed is constructed from durable, weather-resistant resin.

Dimensions

Easy Assembly in About 60min

Straightforward panel installation with
basic tools — no professional help needed.

Detailed diagram illustrating the external and internal dimensions of the storage shed. External width is approximately 55.9 inches, height 69.29 inches, and depth 26.37 inches. Internal capacity is 61 cubic feet.

The shed features an expanded 56-inch width, providing ample space. The internal capacity is 61 cubic feet, suitable for various outdoor storage needs.

ASSEMBLY INSTRUCTIONS

The Aoxun 61 Cu.Ft Outdoor Storage Shed is designed for straightforward assembly. We recommend two people for setup, which typically takes 30-60 minutes. Minimal tools are required. The design reduces screw usage by 35% for faster installation. Ensure all parts are accounted for before starting. Follow the visual instructions provided in the packaging for step-by-step guidance on panel installation. Pay close attention to the orientation of panels and the secure fastening of all components. Some screws may require careful tightening to avoid stripping, as noted by some users.

OPERATING INSTRUCTIONS

To operate your Aoxun storage shed: The shed features wide double doors for easy access to larger items. To open, release the reinforced resin latch and pull the door handles. To close, push the doors firmly until the latch engages. For added security, use a padlock (not included) with the padlock-ready handles. A step-on lock is integrated into the floor to further secure the doors at the base.

SAFETY FIRST, CONVENIENCE ALWAYS

Aluminum Lockable Latch

MAINTENANCE

To ensure the longevity and appearance of your Aoxun storage shed:

- The shed is constructed from premium, UV-protected resin, designed to resist fading, cracking, and warping for at least 5 years.
- Clean the shed periodically with mild soap and water. Avoid abrasive cleaners or harsh chemicals that could damage the resin.
- Inspect the shed annually for any signs of wear or damage, especially the anchoring points and door mechanisms.
- Ensure the waterproof design remains effective by keeping the shed free of debris.

ALL-WEATHER PROTECTION STORAGE SHED

Durable resin construction resists peeling and cracking, even after years in the sun.

UV **8000+**
Anti-ultraviolet

Keep colorfast for
at least **5 years**

Can with stand 7 levels of strong winds

Double Layered Structure
Strong impact resistance

Upgraded Waterproof Floor
Keeps your belongings dry and protected.

Detailed view of the ground nail fixation for enhanced stability against strong winds, the double-layered structure for impact resistance, and the upgraded waterproof floor for protecting contents.

TROUBLESHOOTING

- **Issue: Shed instability in windy conditions.**

Solution: Ensure the shed is properly anchored to the ground using the provided stakes. Consider additional anchoring methods if placed in an extremely exposed area.

- **Issue: Difficulty with screw tightening or stripping.**

Solution: Use appropriate tools and apply steady, even pressure when tightening screws. Avoid over-tightening. If a screw strips, consider using a slightly larger screw or a thread repair solution if necessary, though this should be a last resort.

- **Issue: Water accumulation inside the shed.**

Solution: Verify that the shed is assembled correctly and all panels are securely sealed. Ensure the shed is on a level surface to allow for proper water runoff from the roof and prevent pooling around the base. The upgraded waterproof floor is designed to keep contents dry, but proper assembly is crucial.

PRODUCT SPECIFICATIONS
