Key Assembly Steps:

1. **Unpack and Identify Parts:** Lay out all components and hardware. Verify against the package contents list. All parts are numbered.
2. **Assemble Bed Frame:** Connect the main bed frame components using the provided screws and tools. Ensure all connections are secure.
3. **Install Slats:** Place the metal slats into the embedded design on the bed frame. This design helps prevent the mattress from sliding.
4. **Attach Headboard/Bookshelf:** Secure the 3-tier bookshelf headboard to the bed frame.
5. **Install Charging Station:** Integrate the power strip into the designated slot on the headboard.
6. **Apply LED Light Strip:** Adhere the RGB LED light strip to the designated area on the bookshelf.
7. **Assemble Drawers:** Construct the four fabric drawers and slide them into place under the bed.
8. **Final Checks:** Ensure all screws are tightened and the bed is stable before placing the mattress.

6. MAINTENANCE

- **Cleaning:** Wipe the bed frame and bookshelf surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Drawer Care:** The fabric drawers can be spot cleaned with a mild detergent. Ensure they are completely dry before returning them to the bed.
- **Hardware Check:** Periodically check all screws and connections to ensure they remain tight. Tighten as necessary to maintain stability.
- **LED Lights:** If LED lights malfunction, refer to the specific LED light manual for troubleshooting or contact customer support.

7. TROUBLESHOOTING

- **Bed Frame Instability:** Ensure all screws are fully tightened. Verify that all frame components are correctly aligned

and connected according to the assembly instructions.

- **Mattress Sliding:** The bed frame includes an embedded design and mattress slide stoppers. Ensure these are correctly installed and positioned to prevent mattress movement.
- **LED Lights Not Working:** Check the power connection to the LED strip and the power outlet. Ensure the remote control has working batteries and is pointed correctly. Refer to the LED light manual for further troubleshooting.
- **Charging Station Not Functioning:** Verify the power strip is securely plugged into a working wall outlet. Test with different devices and cables to isolate the issue.
- **Drawers Not Sliding Smoothly:** Check for any obstructions in the drawer tracks. Ensure the drawers are correctly assembled and aligned.
