RuiSiSi Twin Size Murphy Bed Cabinet Bed with Desk Instruction Manual

Model: SDVFBGRT

IMPORTANT SAFETY INFORMATION

Please read and understand all instructions before assembly and use of this product. Failure to follow these instructions may result in injury or product damage. Keep this manual for future reference.

- Ensure all parts are present and undamaged before beginning assembly.
- Do not use power tools for assembly unless specifically instructed, as overtightening may damage components.
- Always assemble the product on a soft, clean surface to prevent scratches.
- This Murphy bed must be securely anchored to a wall to prevent tipping. Wall mounting hardware is included.
- Keep children and pets away from the assembly area.
- Do not exceed the maximum weight capacity of 600 pounds for the bed.
- Operate the folding mechanism slowly and carefully to avoid pinching or injury.

PRODUCT OVERVIEW

The RuiSiSi Twin Size Murphy Bed Cabinet Bed with Desk is a versatile furniture piece designed to maximize space. It functions as a cabinet with integrated storage shelves and a desk, and can be easily converted into a twin-size bed. The unit features a modern minimalist style and is constructed from engineered wood.

Image: The RuiSiSi Murphy Bed in its bed configuration, with the twin-size bed extended and bedding in place. The upper storage shelves are visible above the bed.

PACKAGE CONTENTS

Your RuiSiSi Murphy Bed is shipped in three separate packages. Please verify that all packages have been received and inspect them for any shipping damage before proceeding with assembly. Refer to the included assembly guide for a detailed list of all components and hardware.

- Package 1: Main cabinet components
- Package 2: Bed frame components
- Package 3: Hardware and smaller structural elements

SETUP AND ASSEMBLY

Assembly of the RuiSiSi Murphy Bed requires two adults. Follow the step-by-step instructions provided in the separate assembly manual included with your product. Ensure you have adequate space for assembly and all necessary tools (typically a Phillips

head screwdriver and a hammer).

1. **Unpack and Identify Parts:** Carefully remove all components from the packaging. Lay them out and compare them against the parts list in the assembly manual to ensure everything is present.
2. **Assemble Cabinet Frame:** Begin by assembling the main cabinet structure according to the diagrams.
3. **Install Bed Mechanism:** Integrate the folding bed frame and its mechanism into the cabinet. Pay close attention to hinge and spring installations.
4. **Attach Desk and Shelves:** Secure the desk surface and the upper storage shelves.
5. **Wall Anchoring:** This is a critical step. Securely anchor the assembled unit to a sturdy wall using the provided anti-tip hardware. Failure to do so can result in serious injury.
6. **Final Checks:** Once assembled, test the folding mechanism slowly to ensure smooth operation.

OPERATING INSTRUCTIONS

Converting from Desk to Bed

- 1. Clear the Desk:** Remove all items from the desk surface and the upper shelves that might obstruct the bed's movement.
- 2. Unlock Latches:** Locate and release the safety latches on both sides of the cabinet that secure the desk panel.
- 3. Lower Bed:** Gently pull the bed frame downwards from the top edge. The mechanism will assist in a controlled descent. Ensure the support legs extend fully and lock into place.
- 4. Position Mattress:** Place your twin-size mattress onto the bed frame.

Converting from Bed to Desk

- 1. Remove Bedding:** Remove the mattress and any bedding from the bed frame.
- 2. Fold Support Legs:** Retract the support legs of the bed frame.
- 3. Lift Bed:** Grasp the bottom edge of the bed frame and gently lift it upwards. The mechanism will assist in raising the bed back into the cabinet.
- 4. Secure Latches:** Once the bed is fully upright and the desk panel is in position, engage the safety latches on both sides to secure the unit.

Note: Always operate the folding mechanism slowly and with care. Do not force the bed or desk into position.

MAINTENANCE

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Hardware Check:** Periodically check all screws and fasteners to ensure they are tight. Retighten as necessary.
- **Mechanism Lubrication:** If the folding mechanism becomes stiff, apply a small amount of silicone-based lubricant to the moving parts.
- **Wall Anchoring:** Regularly inspect the wall anchoring system to ensure it remains secure.
- **Wood Care:** Protect the wood surfaces from direct sunlight and extreme temperature changes to prevent warping or fading.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Bed does not fold or unfold smoothly.	Obstruction in mechanism; loose hardware; mechanism needs lubrication.	Check for obstructions. Tighten all visible hardware. Apply silicone lubricant to moving parts.
Unit feels unstable or wobbly.	Wall anchoring not secure; loose assembly hardware.	Verify wall anchoring is correctly installed and secure. Retighten all assembly screws.
Desk panel does not latch securely.	Misalignment; damaged latch.	Ensure the bed is fully retracted. Check latches for damage and alignment.

If you encounter issues not listed here or require further assistance, please contact customer support.
