2. PACKAGE CONTENTS

Verify that all items are present in your product package:

- OPPO A6 Pro 5G Smartphone
- Power Adapter
- USB Cable
- Phone Case
- SIM Tray Ejector

3. SETUP

3.1. Inserting SIM Card and SD Card

1. Locate the SIM card tray on the side of the device.
2. Insert the SIM tray ejector tool into the small hole next to the tray and press gently until the tray pops out.
3. Place your Nano-SIM card(s) and/or microSD card into the designated slots on the tray. Ensure the gold contacts face downwards.
4. Carefully reinsert the tray into the phone until it clicks into place.

3.2. Initial Charging

Before first use, it is recommended to fully charge your device. Connect the USB cable to the power adapter and then to the phone's charging port. Plug the power adapter into a wall outlet.

3.3. Powering On and Initial Configuration

1. Press and hold the Power button (located on the right side) until the OPPO logo appears.
2. Follow the on-screen prompts to select your language, region, connect to a Wi-Fi network, and set up your Google account.
3. Configure security features such as fingerprint unlock or face unlock as desired.

4. OPERATING INSTRUCTIONS

4.1. Basic Navigation

- **Power Button:** Press and hold to power on/off or restart. Press briefly to lock/unlock the screen.
- **Volume Buttons:** Adjust media volume, call volume, or ringtone volume.
- **Touch Gestures:** Tap to select, swipe to scroll, pinch to zoom.

4.2. Making Calls and Sending Messages

Tap the Phone icon to make calls. Tap the Messages icon to send and receive text messages.

4.3. Camera Usage

Open the Camera app to capture photos and videos. Tap the shutter button to take a picture. Swipe left or right to switch between modes like Photo, Video, Portrait, etc.

5. KEY FEATURES

5.1. Display

The OPPO A6 Pro 5G features a 17.14 cm (6.75-inch) HD+ IPS LCD Ultra Bright 1125 nits Display with a 120Hz high refresh rate, providing smooth visuals and enhanced outdoor visibility.

Reverse Wired Charging

Charge Other Gadgets While on the Go

Figure 5.1: The 120Hz Ultra Bright Display offers fluid visuals.

5.2. Battery and Charging

Equipped with a massive 7000mAh battery, the device supports extended usage. The 80W SUPERVOOC Flash Charge technology allows for rapid charging. Additionally, the phone supports wired reverse charging, enabling it to charge other devices using a C-to-C data cable.

IP69 Water and Dust Resistance

Ready for Any Adventure

Figure 5.6: The device designed for 60-month fluency protection.

5.5. Cooling System

An advanced cooling system, featuring a large vapor chamber and expanded graphite layers, helps maintain low temperatures during intensive use, ensuring stable performance.

50MP Ultra-Clear Camera

Every Detail, Perfectly Frozen

Figure 5.7: Exploded view illustrating the SuperCool VC System.

5.6. Camera

The 50MP AI camera includes intelligent features like AI Eraser, AI Recompose, and AI Perfect Shot for enhanced photography.

6. MAINTENANCE

6.1. Cleaning the Device

Use a soft, lint-free cloth to clean the screen and body of the phone. Avoid using harsh chemicals or abrasive materials. For stubborn stains, slightly dampen the cloth with water.

6.2. Software Updates

Regularly check for and install software updates to ensure optimal performance, security, and access to new features. Navigate to **Settings > About device > Up to date** to check for updates.

6.3. Battery Care

To prolong battery life, avoid exposing the phone to extreme temperatures. It is recommended to keep the battery charge between 20% and 80% for daily use.

6.4. Storage Management

Periodically clear unnecessary files, cache data, and uninstall unused applications to free up storage space and maintain device speed. You can manage storage in **Settings > Storage**.

7. TROUBLESHOOTING

This section addresses common issues you might encounter with your OPPO A6 Pro 5G.

Problem	Solution
Device does not power on	Ensure the battery is charged. Connect to the charger for at least 10 minutes, then try powering on again. If it still doesn't work, perform a force restart by holding the Power button and Volume Up button simultaneously for about 10 seconds.
Apps are crashing or freezing	Clear the app's cache (Settings > Apps > [App Name] > Storage > Clear cache). If the issue persists, uninstall and reinstall the app. Ensure your device software is up to date.
Poor Wi-Fi or mobile data connection	Restart your phone. Check if Wi-Fi is enabled and you are within range of a known network. For mobile data, ensure your SIM card is properly inserted and mobile data is enabled in settings. Contact your service provider if the issue persists.
Battery drains quickly	Reduce screen brightness, disable unused features like Bluetooth/GPS, close background apps, and check battery usage in Settings to identify power-hungry applications.

8. SPECIFICATIONS
