- **Spills:** Clean spills immediately to prevent staining, especially on the faux marble top.
- **Heat Protection:** Always use coasters or placemats under hot items to protect the tabletop from heat damage.
- **Weight Distribution:** While the table supports up to 300 lbs, distribute weight evenly across the surface to maintain stability and prevent stress on the frame.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, strong detergents, or solvents, as these can damage the finish of both the tabletop and the wooden frame.
