1. SAFETY INFORMATION

Please read all instructions carefully before assembly and use. Keep this manual for future reference.

- **Choking Hazard:** Beware of small parts that may pose a choking hazard during assembly. Keep away from children.
- **Secure Fasteners:** Ensure all Velcro fasteners and bolts are securely attached before use to maintain stability.
- **Weight Limit:** Do not exceed the maximum weight capacity of 800 lbs.
- **Assembly:** Assembly requires two people and approximately 30 minutes. Do not attempt to assemble alone.
- **Placement:** Place the bed frame on a level surface.

2. PACKAGE CONTENTS

Verify that all components are present before beginning assembly.

- Headboard (Vertical Velvet)

- Side Rails (2)
- Footboard
- Center Support Beam
- Support Legs
- Wooden Slats (with Velcro)
- Installation Accessories (Bolts, Washers, Allen Wrench)
- Installation Manual (this document)

Image: All components and hardware included in the package.

3. ASSEMBLY INSTRUCTIONS

Follow these steps for easy assembly. It is recommended to have two people for this process.

3.1. Prepare the Headboard and Side Rails

1. Lay out the headboard and the two headboard support posts (Parts 4 and 5 from diagram) on a clean, flat surface.
2. Attach the headboard support posts to the headboard using the specified bolts.
3. Connect the side rails (Parts 2 and 3 from diagram) to the headboard assembly. Ensure the connection points are aligned and secured with bolts.

Your browser does not support the video tag.

Video: Step-by-step assembly guide for the Einhorn Upholstered Bed Frame. This video demonstrates the process of connecting the headboard, side rails, and center support system.

3.2. Assemble the Footboard and Connect to Side Rails

4. Assemble the footboard (Part 6 from diagram) by attaching the footboard support brackets and feet (Parts 11 and 12 from diagram) using the appropriate hardware.
5. Connect the assembled footboard to the side rails.

3.3. Install the Center Support System

6. Assemble the center support beam (Part 7 from diagram) and its support legs (Parts 13, 14, 15 from diagram). Secure the legs to the beam.
7. Place the assembled center support system into the bed frame, ensuring it aligns with the pre-drilled holes or attachment points. Secure with bolts.

Image: Detail of the reinforced wood and metal slat construction, designed for stability.

3.4. Place the Wooden Slats

8. Unroll the wooden slats (Part 9 from diagram). The slats are connected and feature Velcro for easy attachment.
9. Lay the slats across the bed frame, aligning the Velcro strips on the slats with those on the side rails. Press down firmly to secure.

Solid & Stable Foundation

Thick legs support a heavier, sturdier frame – built to last.

Image: Wooden slats with integrated Velcro for secure, noise-free mattress support.

Assembly is now complete. Ensure all connections are tight before placing your mattress.

4. USAGE

- **Mattress Compatibility:** This bed frame is designed for a Full-size mattress. A box spring is not required. Recommended mattress thickness is 8-12 inches.
- **Weight Capacity:** The bed frame supports up to 800 lbs.
- **Noise Reduction:** The EVA noise-reducing strips on the slats help ensure a quiet sleep environment.
- **Under-Bed Clearance:** The frame provides 9.5 inches of ground clearance, allowing for easy cleaning and robot vacuum access.

FULL SIZE

L x W x H : 76.5" * 56" * 40"

Recommend Mattress Thickness: 8-12 in.

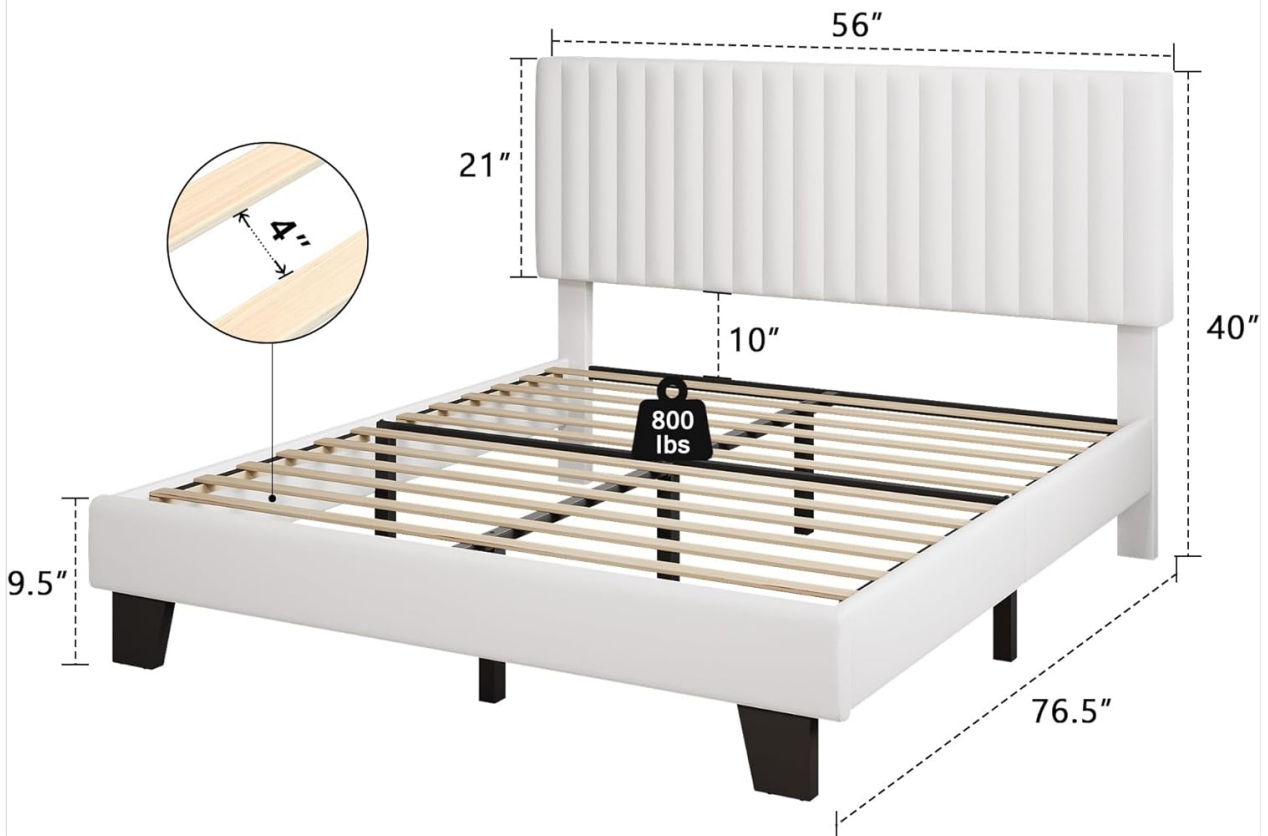

Image: Dimensions of the Einhorn Full Size Bed Frame and recommended mattress thickness.

5. MAINTENANCE

- **Cleaning:** The velvet fabric upholstery should be dry cleaned only. For general cleaning, gently wipe with a soft, damp cloth. Avoid harsh chemicals.
- **Regular Checks:** Periodically check all bolts and connections to ensure they remain tight. Tighten if necessary.
- **Floor Protection:** The feet are equipped with anti-scratch pads to protect your floors. Ensure these pads are intact.

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
Bed frame is wobbly or unstable.	Loose bolts or uneven assembly.	Ensure all bolts are tightened securely. Verify that the frame is on a level surface. Re-check assembly steps.
Squeaking noises.	Loose connections or slats rubbing.	Tighten all bolts. Ensure wooden slats are properly seated and the Velcro is securely attached. The EVA strips are designed to prevent this.
Missing parts.	Packaging error.	Contact Einhorn customer support with your purchase details.

7. SPECIFICATIONS

Brand	Einhorn
Model Number	I870101288B1
Size	Full
Color	White
Product Dimensions	76.5"L x 56"W x 40"H
Material	Wood, Metal, Velvet Fabric
Weight Capacity	800 lbs
Assembly Required	Yes (Approx. 30 minutes for 2 people)
Special Features	Convenient Velcro, Heavy-Duty Frame, Slatted, Squeak Resistant, Wide Legs
