Muluflower Upholstered Bed Frame

Muluflower Twin Size Bed Frame with Adjustable Headboard Instruction Manual

Model: Upholstered Bed Frame

INTRODUCTION

Thank you for choosing the Muluflower Twin Size Bed Frame with Adjustable Headboard. This manual provides essential information for the safe assembly, proper use, and maintenance of your new bed frame. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

SAFETY INFORMATION

Important Safety Instructions:

- Always follow the assembly instructions carefully.
- Do not allow children to play on or under the bed.
- Ensure that the bed is properly assembled and stable before use.
- Do not use this bed with a box spring; it is designed for mattress-only use.
- Keep the bed away from heat sources.
- Do not place heavy objects on the headboard.
- This bed is not intended for use by children under 5 years old due to entrapment risks.
- Always use appropriate bedding materials for the size of the bed and the age of the user.

PACKAGE CONTENTS

Before assembly, verify that all components are present and undamaged. If any parts are missing or damaged, please contact customer support.

- 1 x Twin Bed Frame
- 1 x Screw Set (all necessary hardware)

- 1 x Instruction Manual (this document)

SETUP AND ASSEMBLY

The Mulflower Twin Size Bed Frame is designed for straightforward assembly. All necessary parts and tools are included in one package. It is recommended to assemble the bed frame with two people.

1. **Unpack Components:** Carefully unpack all parts and lay them out on a clean, soft surface to prevent scratches. Verify all parts against the included parts list.
2. **Assemble Frame:** Follow the step-by-step diagrams provided in the included instruction sheet to connect the main frame components. Ensure all screws are tightened securely.
3. **Install Slats:** The metal slats are designed for easy, screw-free installation. Position them evenly across the frame to provide strong mattress support.
4. **Attach Headboard:** Secure the adjustable headboard to the main frame. Ensure it is aligned correctly and fastened firmly.
5. **Final Check:** Once assembled, gently shake the bed frame to ensure stability. Retighten any loose connections if necessary.

OPERATING INSTRUCTIONS

Adjusting the Headboard Height

The upholstered headboard features three adjustable height settings (35, 39, and 43 inches) to accommodate mattresses ranging from 8 to 12 inches in thickness. To adjust the headboard height:

1. Remove the mattress from the bed frame.
2. Locate the adjustment bolts or mechanisms on the back of the headboard supports.
3. Loosen the bolts, adjust the headboard to your desired height, and then securely tighten the bolts.
4. Replace the mattress.

HEIGHT-ADJUSTABLE HEADBOARD

Tailored to suit the preferences of every individual

Under-Bed Storage

The bed frame provides approximately 5.9 inches of under-bed clearance, offering space for storing suitcases, off-season clothing, or other items to help keep your room organized.

Sufficient Under-Bed Storage Space

MAINTENANCE

To ensure the longevity and appearance of your Muluflower bed frame, follow these maintenance guidelines:

- **Cleaning:** Wipe the bed frame with a dry cloth to remove dust and debris. For the velvet upholstered headboard, use a soft, dry brush or a vacuum cleaner with an upholstery attachment to gently clean the fabric. Avoid using harsh chemicals or abrasive cleaners.
- **Regular Checks:** Periodically check all bolts and connections to ensure they remain tight. Retighten if necessary to maintain stability and prevent squeaking.
- **Avoid Moisture:** Keep the bed frame in a dry environment. Avoid prolonged exposure to direct sunlight or excessive moisture, which can damage the materials.

TROUBLESHOOTING

If you encounter any issues with your bed frame, refer to the following common solutions:

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Bed frame is wobbly or unstable.	Loose bolts or incorrect assembly.	Ensure all bolts are securely tightened. Review assembly instructions to confirm correct installation of all parts.
Squeaking noises.	Loose connections or friction between metal parts.	Tighten all bolts. If squeaking persists, apply a small amount of lubricant (e.g., silicone spray) to connection points where metal meets metal.
Headboard does not adjust properly.	Adjustment bolts are too tight or mechanism is obstructed.	Loosen adjustment bolts completely before attempting to change height. Ensure no fabric or debris is obstructing the sliding mechanism.

WARRANTY AND SUPPORT

Muluflower is committed to providing high-quality products. While specific warranty details are not provided in this manual, please retain your proof of purchase. For any questions, missing parts, or concerns regarding your Muluflower Twin Size Bed Frame, please contact our customer support team through the retailer where you purchased the product.
