1.2 Connecting the Device

The OTTOCAST Mini Tube 2026 is designed for truly plug-and-play operation. Follow these steps to connect it to

your vehicle:

1. Locate the USB port in your vehicle that supports wired Apple CarPlay or Android Auto. This is typically a USB-A port.
2. If your vehicle has a USB-C port, use the provided USB-A to USB-C adapter to connect the Mini Tube.
3. Plug the OTTOCAST Mini Tube 2026 directly into the identified USB port.
4. The device will power on automatically.

1.3 Bluetooth Pairing

Once the Mini Tube is plugged in, you will need to pair your smartphone via Bluetooth:

1. On your smartphone (iPhone or Android), go to your Bluetooth settings.
2. Search for available devices. The Mini Tube will appear as "CAR2-XXXX" (the exact name may vary).
3. Select the device to pair. Confirm any pairing requests on both your phone and the car's display.
4. Once paired, your phone will automatically connect to wireless CarPlay or Android Auto.

3. MAINTENANCE

3.1 Online Updates (OTA)

The OTTOCAST Mini Tube 2026 supports Over-The-Air (OTA) updates to ensure optimal performance and compatibility. To check for and install updates:

1. Connect your smartphone to the Mini Tube.
2. Access the device's settings via your phone (specific method may vary, often through a web interface or companion app if available).
3. Look for an "Online Update" or "System Version" section.
4. If an update is available, follow the on-screen prompts to install it. Ensure a stable internet connection during the update process.

3.2 Cleaning

To maintain the device's appearance and functionality, gently wipe the exterior with a soft, dry cloth. Avoid using harsh chemicals or abrasive cleaners.

4. TROUBLESHOOTING

4.1 Connection Issues

- **Device not recognized:** Ensure the Mini Tube is securely plugged into the correct USB port (the one that supports wired CarPlay/Android Auto). Try a different USB port if available.
- **Bluetooth pairing failed:** Make sure Bluetooth is enabled on your phone and the Mini Tube is discoverable. Forget previous pairings on your phone and try again.
- **Intermittent connection:** Check for any physical obstructions or loose connections. Ensure your phone's software is up to date.

4.2 Compatibility

The OTTOCAST Mini Tube 2026 is designed to work with cars that already support wired Apple CarPlay or Android Auto. It is compatible with iPhone (iOS 10+) and Android phones (Android 11+).

Important: This device is NOT compatible with BMW & Tesla vehicles.
