LOVMOR NVL-DK-S

LOVMOR 4' x 4' Outdoor Dog Kennel with Roof Instruction Manual

Model: NVL-DK-S

INTRODUCTION

Thank you for choosing the LOVMOR 4' x 4' Outdoor Dog Kennel with Roof. This manual provides essential information for the safe and effective assembly, operation, and maintenance of your new dog enclosure. Please read all instructions carefully before use and retain this manual for future reference.

This kennel is designed to provide a secure and comfortable outdoor space for small dogs and puppies, offering protection from various weather conditions.

SAFETY INFORMATION

- Always supervise pets when they are in the kennel.
- Ensure all panels and latches are properly secured before placing a pet inside.
- Regularly inspect the kennel for any damage or loose parts. Do not use if damaged.
- Anchor the kennel securely to the ground using the provided ground pins to prevent tipping or movement.
- This kennel is intended for small dogs and puppies. Ensure the size is appropriate for your pet to prevent escape or injury.

PACKAGE CONTENTS

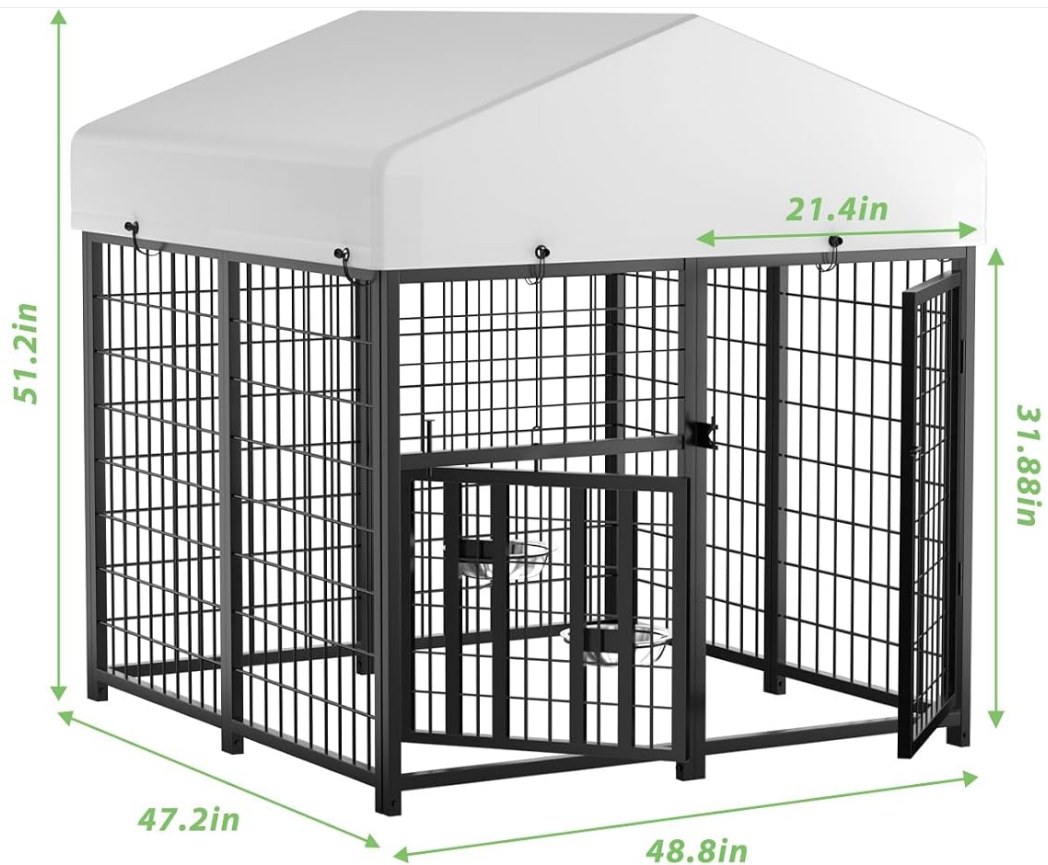

Before assembly, verify that all components are present and undamaged. Refer to the packing list included with your product for a complete inventory.

- Kennel Panels (various sizes)
- Roof Frame Components
- Waterproof and UV-resistant Roof Canopy
- Double Latch Door System
- Stainless Steel Feeding Bowls (2)
- Adjustable Bowl Holder
- Ground Pins
- Assembly Hardware (bolts, nuts, washers, etc.)
- Instruction Manual

SETUP AND ASSEMBLY

Assemble the kennel according to the included instructions. Ensure all panels and latches are properly secured before use. Always supervise pets during use.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, flat surface. Verify all parts are present against the packing list.
2. **Assemble Kennel Panels:** Connect the heavy-duty steel frame panels using the provided hardware. Ensure all connections are tight and secure. The modular design allows for straightforward assembly.
3. **Install Door:** Attach the door panel, ensuring the double latch system operates smoothly and securely.
4. **Attach Roof Frame:** Assemble the roof frame components and secure them to the top of the kennel panels.
5. **Install Roof Canopy:** Drape the waterproof and UV-resistant roof canopy over the roof frame. Secure it firmly to protect against sun and rain.
6. **Install Feeding System:** Attach the adjustable bowl holder to the kennel panel at a suitable height for your pet. Insert the stainless steel feeding bowls. The 360-degree rotating holder allows for easy feeding without entering the kennel.
7. **Anchor Kennel:** Use the included ground pins to securely anchor the kennel to the soil, enhancing stability and preventing movement.

OPERATING INSTRUCTIONS

The LOVMOR Outdoor Dog Kennel is designed for straightforward operation to ensure your pet's safety and comfort.

1. Opening and Closing the Door:

- To open, disengage both latches on the door.

- To close, swing the door shut and ensure both latches are securely engaged to prevent accidental opening.

2. Using the Feeding System:

- The feeding bowls are designed to be accessed from outside the kennel.
- Rotate the bowl holder 360 degrees to bring the bowls outside for filling or cleaning.
- Adjust the height of the bowls by repositioning the holder on the kennel panel to suit your dog's size.
- After filling, rotate the bowls back inside the kennel for your pet.

3. Positioning the Kennel:

- Place the kennel on a level surface in your yard, patio, or garden.
- Ensure the ground pins are firmly inserted into the ground for maximum stability.
- The roof canopy provides shade and rain protection; consider sun exposure and drainage when choosing a location.

MAINTENANCE

Proper maintenance will extend the life of your LOVMOR dog kennel and ensure a safe environment for your pet.

- **Regular Cleaning:** Clean the kennel regularly with pet-safe cleaning solutions and water. The detachable roof allows for easier cleaning.
- **Frame Inspection:** Periodically check the galvanized steel frame for any signs of rust, corrosion, or damage. The powder-coated finish helps resist rust, but inspect for chips or scratches.
- **Hardware Check:** Ensure all bolts, nuts, and latches remain tight and secure. Tighten any loose hardware as needed.
- **Canopy Care:** Inspect the waterproof and UV-resistant roof canopy for tears or damage. Clean it with mild soap and water.
- **Ground Anchors:** Verify that the ground pins are still securely holding the kennel in place, especially after strong winds or heavy rain.
- **Feeding Bowls:** Clean the stainless steel feeding bowls daily to maintain hygiene.

TROUBLESHOOTING

This section addresses common issues you might encounter with your kennel.

- **Kennel feels unstable:**
 - Ensure all panel connections are fully tightened.
 - Verify that the ground pins are deeply and securely inserted into the ground.
 - Check if the kennel is placed on a level surface.
- **Door not latching securely:**
 - Inspect the double latch mechanism for any obstructions or damage.
 - Ensure the door is properly aligned within its frame.
- **Water pooling on roof canopy:**
 - Ensure the roof canopy is taut and properly secured to the frame, allowing water to run off.
 - Check for any sagging areas and adjust the canopy tension if possible.
