AYJOIR w1875

AYJOIR Massage Chair Model w1875 User Manual

Full Body Zero Gravity SL-Track Shiatsu Massage Recliner Chair

INTRODUCTION

This manual provides essential information for the safe and effective use of your AYJOIR Massage Chair Model w1875. Please read all instructions carefully before assembly and operation to ensure proper function and to prevent injury.

IMPORTANT SAFETY INFORMATION

WARNING: To reduce the risk of electric shock, fire, injury to persons, or damage to the chair, observe the following precautions:

- Always follow the assembly instructions carefully. Ensure the chair is fully assembled and stable before use.
- Do not exceed the maximum weight recommendation of 180 pounds (approximately 81.6 kg).
- Keep children and pets away from the chair during operation.
- Do not use the chair if it has been damaged or submerged in water.
- Unplug the chair from the power outlet when not in use or before cleaning.
- Consult a physician before using this product if you have any medical conditions, are pregnant, or have a pacemaker.

KEY FEATURES

Full-Body Massage System

The AYJOIR Massage Chair Model w1875 is equipped with a comprehensive massage system designed to address various areas of the body.

- **6 Fixed Rollers:** Strategically placed to target the neck, back, and waist for a thorough massage.
- **5 Preset Automatic Modes:** Choose from various pre-programmed massage sequences for convenience.
- **Heating Function:** Integrated heating elements in the waist and leg areas promote blood circulation and muscle relaxation.

- **Multiple Airbags:** Airbags provide compression massage for the shoulders, arms, and calves.
- **Adjustable Intensity:** Three adjustable intensity levels for airbag massage allow for personalized comfort.

Foot Relaxation System

The footrest is designed for optimal comfort and therapeutic benefits.

- **Retractable Footstool:** Adjusts to accommodate different user heights, ensuring a comfortable fit.
- **Roller Massage System:** Kneads the soles of the feet, stimulating acupuncture points.
- **Integrated Leg Heating:** Promotes improved blood circulation and helps relieve tension in leg and foot muscles.

Zero Gravity Mode

The Zero Gravity mode positions your body to minimize pressure on the spine and heart.

- **Full Recline:** The chair reclines to elevate your feet above your heart.
- **Reduced Strain:** This position helps reduce strain on the heart and promotes blood circulation.
- **Synchronized Armrests:** Armrests tilt with the body, maintaining comfort during recline.
- **Post-Massage Comfort:** The chair remains in Zero Gravity mode after the massage, allowing for continued relaxation.

FOOT ROLLER MASSAGE

Foot heating promotes blood circulation.

The footstool is retractable by 8cm.

Humanized Design Elements

Thoughtful design features enhance the user experience.

- **Integrated Rollers:** Small rollers at the base allow for easy movement of the chair.
- **Bluetooth Audio Connectivity:** Connect your device to enjoy music during your massage.
- **Soothing Ambient Lights:** Blue ambient lights on both sides create a calming atmosphere.
- **User Accommodation:** Designed for users up to 6.1 feet tall and 180 pounds.
- **Portable Stand:** A flexible stand is included for holding a tablet or smartphone, allowing hands-free entertainment.

SETUP AND ASSEMBLY

The AYJOIR Massage Chair Model w1875 requires assembly. Detailed instructions are provided in the separate assembly guide included with your product. Please ensure all components are present and undamaged before beginning assembly.

1. Unpack all components from the packaging. Retain packaging materials for future transport or return if necessary.
2. Follow the step-by-step instructions in the assembly guide to connect the chair's main body, footrest, and armrests.
3. Ensure all connections are secure and stable before plugging in the chair.
4. Place the chair on a level surface, ensuring adequate space around it for recline and operation.

OPERATING INSTRUCTIONS

Familiarize yourself with the control panel and remote functions for optimal use of your massage chair.

Power On/Off

Plug the power cord into a grounded electrical outlet. Press the power button on the control panel to turn the chair on or off.

Selecting Massage Modes

Use the control panel or remote to select from the 5 preset automatic massage modes. Each mode offers a unique sequence of massage techniques and intensities.

Image: The massage chair with its control panel, indicating various functions including auto modes.

Zero Gravity Function

Press the "Zero Gravity" button on the control panel to activate the recline function. The chair will adjust to a position that elevates your feet above your heart, reducing spinal pressure.

Heating Function

Activate the heating function for the waist and legs via the control panel. Allow a few minutes for the heating elements to reach optimal temperature.

Foot Massage

The foot massage rollers and airbags can be activated independently or as part of a preset program. Adjust the footrest length as needed for comfort.

Bluetooth Connectivity

To connect your device via Bluetooth, ensure Bluetooth is enabled on your smartphone or tablet. Search for "AYJOIR Massage Chair" (or similar name indicated in the specific product guide) in your device's Bluetooth settings and pair. You can then play audio through the chair's integrated speakers.

MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your massage chair.

- **Cleaning:** Wipe the chair's surface with a soft, damp cloth. Do not use abrasive cleaners or solvents. Ensure the chair is unplugged before cleaning.
- **Storage:** When not in use for extended periods, store the chair in a cool, dry place away from direct sunlight.
- **Inspection:** Periodically check the power cord and all connections for any signs of wear or damage. If damage is found, discontinue use and contact customer support.

TROUBLESHOOTING

If you encounter any issues with your massage chair, refer to the following common troubleshooting steps:

Problem	Possible Cause	Solution
Chair does not power on.	Power cord not properly connected; power outlet malfunction.	Ensure the power cord is securely plugged into a working outlet. Check the circuit breaker.
Massage function not working.	Mode not selected; safety feature activated.	Select a massage mode from the control panel. Ensure no objects are obstructing the rollers or airbags.
Bluetooth not connecting.	Bluetooth not enabled on device; chair not in pairing mode.	Ensure Bluetooth is active on your device and the chair is discoverable. Refer to your device's manual for pairing instructions.

If the problem persists after attempting these solutions, please contact AYJOIR customer support for further assistance.
